Jones Portrait Of A Mugger:

Jones James Willwerth, 1974 **Forms of the Essay** Deanne K. Milan, Naomi Cooks Rattner, 1979 *Library Book Catalog* United States. Department of Justice, 1976 *Document Retrieval Index*, 1976 *Library Book Catalog* United States. Law Enforcement Assistance Administration, 1976 **Library Book Catalog** National Institute of Law Enforcement and Criminal Justice. Office of Technology Transfer, 1976 **Great Pretenders** Neal Shover, 2018-02-20 In this book the author focuses on the sociological origins activities and criminal careers of persistent thieves He uses a crime as choice framework and a life course perspective to make sense of important decisions and changes in the lives of persistent thieves

Primacy Barry D. Wade, 2010-08-25 A commiserating and provocative tale Primacy is an all important lesson of love tragedy and inspiration as told from an urban perspective Propagated in the latter portion of the turbulent 60 s on the outskirts of the gritty streets of Philadelphia it is the story of a young male born in a dysfunctional household and living in a less than opulent neighborhood With an adolescent s cognizant awareness of the times and personal events the prognosticator s life starts out on an anger laced emotionally charged tumultuous journey that eventually transcends both the time and the streets of the City of Brotherly Love Later in the story as the prognosticator becomes of age you are escorted further into his moral decadence as he takes the reader descriptively fitting into the twenty first century meeting with consequences and humility Eloquently written with appropriate vernacular and speech of the situational characters this story brings into stark visualization a vivid visitation for the reader Primacy is an empathetic journey for the many whom have felt that they have been through trying situations and that no other soul could possibly empathize Library Book Catalog United States. Law Enforcement Assistance Administration. Library, World Watching Ulf Hannerz, 2019-05-08 This book reflects on the author s distinguished scholarly career over half a century linking personal biography to changes in the discipline of anthropology Ulf Hannerz presents a number of important essays and a brand new chapter that allow readers to track developments in his own thinking and interests as well as broader changes in the field In doing so he provides students with valuable insight into the research process and the building of an anthropological career Featuring work conducted in the United States Africa Sweden Hong Kong and the Cayman Islands the book spans a period in which anthropology adapted to new global circumstances and challenges Hannerz covers the emergence of the fields of urban anthropology transnational anthropology and media anthropology in which he has played a significant role The chapters demonstrate interdisciplinary openings toward other fields and bear witness to anthropology s connections to world history and to public debates

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 Why Delinquency? Maurice Cusson, 1983-12-15 In this lucid original and provocative study Professor Cusson advances a theory of delinquent behaviour that is both disarming and convincing Delinquent behaviour he reminds us is fairly widespread among young people of all classes and backgrounds it is not it is not as some would like to believe exclusively a lower class phenomenon

Most adolescents at one time or another commit acts that are violations of the law Why do they do so Delinquent activity affords more advantages than is generally supposed It permits adolescents to satisfy numerous desires to resolve very real problems to live intensely and to enjoy themselves thoroughly It is one means of obtaining what most of us are looking for excitement possessions power and the defence of essential self interests However only a minority of adolescents mainly restless youngsters concerned with the present become deeply involved in crime They do so because this seems to be the solution most readily available to them Having problems at school and in the labour market they find that doors normally open to those who enter adult life are closed to them They associate with friends who initiate them in criminal techniques and become their allies in delinquent ventures This association opens the way to illegal activities that will enable them to achieve their goals Translated and adapted from his book *Delinquents pourquoi* Cusson's study is enlivened by interesting and appropriate examples drawn from a large European and North American literature Moreover it ranges from philosophy to the behavioural and then to the biological sciences with ease and fluidity It will stimulate the thinking of student and general reader alike

Contemporary Criminal Justice in America Harry M. Humphreys, 1980 **Library Book Catalog** United States. Law Enforcement Assistance Administration, 1976 **Criminal Justice** Howard C. Daudistel, William B. Sanders, David Luckenbill, 1979 The Publishers Weekly, 2009 *Publishers Weekly*, 1974 Human Behavior, 1975

Deviant Behavior Erich Goode, 1994 This text provides a comprehensive and balanced exploration of the many different forms of deviant behaviour and the major sociological perspectives and theories of deviance It includes many examples boxed inserts and first hand accounts of deviant behaviour New to this edition is a chapter on social control crime and social problems a consideration of feminist theories of deviance and a discussion on the new sociology of social control **Library Journal**, 1977
