## **Jos Mart Cuban Patriot:**

The Power of Urban Ethnic Places Jan Lin, 2010-10-18 The Power of Ethnic Places discusses the growing visibility of ethnic heritage places in U S society The book examines a spectrum of case studies of Chinese Latino and African American communities in the U S disagreeing with any perceptions that the rise of ethnic enclaves and heritage places are harbingers of separatism or balkanization Instead the text argues that by better understanding the power and dynamics of ethnic enclaves and heritage places in our society we as a society will be better prepared to harness the economic and cultural changes related to globalization rather than be hurt or divided by these same forces of economic and cultural restructuring

López,2006 L pez examines the role of Jos Mart's writing on concepts of Cuban nationalism that fueled the 1895 colonial revolution against Spain and have since continued to inform conflicting and violently opposed

visions of the Cuban nation He examines how the same body of work has come to be equally championed by opposing sides in the ongoing battle between the Cuban nation state which under Castro has consistently claimed Mart as a crucial inspiration for its Marxist revolutionary government and the diasporic communities in Miami and elsewhere who still honor Mart as a figure of hope for the Cuban nation in exile He also shows how more recently Mart has become an international as well as national icon as postcolonial and New Americanist scholars have appropriated parts of his writings and message for use in their own self described hemispheric and even planetary critiques of Western imperialist projects in Latin America and beyond As the first study to examine the impact of Mart s writings on both Cubans and Cuban Americans and to consider the ongoing polemic over Mart as part of the larger postcolonial problem of nation building L pez s study also considers the more general issue of literature within nationalist projects He illuminates the common concepts and ideas that underlie the ongoing ideological chasm between the Cuban nation state and the Cuban nation in exile and offers the possibility of a new way of reading and understanding notions of national identity that have historically both enabled and delimited the ways in which Latin Americans and U S Hispanics have understood and defined themselves     The Jewelers' Circular and Horological Review ,1898
