Narratives of Mistranslation Denise Kripper,2023-01-17 This book offers unique insights into the role of the translator in today s globalized world exploring Latin American literature featuring translators and interpreters as protagonists in which prevailing understandings of the act of translation are challenged and upended The volume looks to the fictional turn as a fruitful source of critical inquiry in translation studies showcasing the potential for recent Latin American novels and short stories in Spanish to shed light on the complex dynamics and conditions under which translators perform their task Kripper unpacks how the study of these works reveals translation not as an activity with communication as its end goal but rather as a mediating and mediated process shaped by the unique manipulations and motivations of translators and the historical and cultural contexts in which they work In exploring the fictional representations of translators the book also outlines pedagogical approaches and offers discussion questions for the implementation of translators narratives in translation language and literature courses Narratives of Mistranslation will be of interest to scholars and educators in translation studies especially those working in literary translation and translation pedagogy Latin American literature world literature and Latin American studies

Twentieth-Century Spanish American Fiction Naomi Lindstrom,2013-12-06 Spanish American fiction became a world phenomenon in the twentieth century through multilanguage translations of such novels as Gabriel Garcia Marquez s *One Hundred Years of Solitude* Manuel Puig s *Kiss of the Spider Woman* Octavio Paz s *Labyrinth of Solitude* and Isabel Allende s *House of the Spirits* Yet these blockbusters are only a tiny fraction of the total rich outpouring of Spanish language literature from Latin America In this book Naomi Lindstrom offers English language readers a comprehensive survey of the century s literary production in Latin America excluding Brazil Discussing movements and trends she places the famous masterworks in historical perspective and highlights authors and works that deserve a wider readership Her study begins with Rod s famous essay *Ariel* and ends with Rigoberta Mench s 1992 achievement of the Nobel Prize Her selection of works is designed to draw attention whenever possible to works that are available in good English translations A special feature of the book is its treatment of the postboom period In this important concluding section Lindstrom discusses documentary narratives the new interrelations between popular culture and literary writing and underrepresented groups such as youth cultures slum dwellers gays and lesbians and ethnic enclaves Written in accessible nonspecialized language *Twentieth Century Spanish American Fiction* will be equally useful for general readers as a broad overview of this vibrant literature and for scholars as a reliable reference work

Carlos Fuentes, Mexico, and Modernity Maarten Van Delden,1998 In *Carlos Fuentes Mexico and Modernity* Maarten van Delden argues that there is a fundamental paradox at the

heart of Fuentes's vision of Mexico and in his role as novelist and critic in putting forth that vision. This paradox hinges on the tension between national identity and modernity. A significant internal conflict emerges in Fuentes's work from his attempt to stake out two different positions for himself as experimental novelist and as politically engaged and responsible intellectual. Drawing from the fiction, literary essays and political journalism, van Delden places these tensions in Fuentes's work in relation to the larger debates about modernity and postmodernity in Latin America. He concludes that Fuentes is fundamentally a modernist writer in spite of the fact that he occasionally gravitates toward the postmodernist position in literature and politics. Van Delden's thorough command of the subject matter, his innovative and sometimes iconoclastic conclusions and his clear and engaging writing style make this study more than just an interpretation of Fuentes's work.

Carlos Fuentes: Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes's work. Carlos Fuentes: Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes's intellectual development in the context of modern Mexican political and cultural life.

Marcel Proust and Spanish America Herbert E. Craig, 2002. Craig begins by attributing the early introduction of the *Recherche* to the intimate friendship between Proust and the pianist/composer Reynaldo Hahn, who was born in Caracas. He then shows in chapter 1 how literary critics of the principal newspapers and literary magazines of such countries as Venezuela, Argentina and Chile examined this French text, which we know today as one of the fundamental works of modernism. Shortly thereafter, interest in the *Recherche* spread to Cuba, Mexico, Uruguay and Colombia. Eventually, it would be read in all parts of the New World. Over the years, Spanish Americans have continued to write about the *Recherche* and have published several noteworthy books on it, which are included in the comprehensive bibliography, which serves as an appendix.

Imagining Ecuador Luis A. Medina Cordova, 2022. How are contemporary authors reimagining the idea of Ecuador following the worst financial crisis in the nation's history and how do countries on the periphery of the global literary market challenge and enrich World Literature? Winner of the 2020-21 AHGBI Spanish Embassy Publication Prize. In March 1999, in an effort to stave off financial collapse, the Ecuadorian government suspended all banking operations and froze all bank accounts in the country for a period of five days. This episode, the *Feriado Bancario*, represents the peak of the worst financial crisis in the nation's history and one which had far-reaching and long-lasting effects on society, politics, the economy and cultural production. The very idea of Ecuador was transformed as Ecuador became a country marked by constant interaction with the world beyond its borders. This book explores how contemporary Ecuadorian authors are reimagining the nation following the *Feriado Bancario*. Starting from a rereading of Ecuador's national novel, Jorge Icaza's *Huasipungo* (1930), which saw the nation as rooted in the land, the book examines post-crisis fiction, which offers an image of Ecuador as a transnational space. It posits that these novels, Eli Cacerdenas' *El oscuro final del Porvenir* (2000), Leonardo Valencia's *Kazbek* (2008), Carlos Arcos' *Memorias de Andrés Chiliquinga* (2013) and Gabriela Alemán's *Humo* (2017), both reflect and explain the new reality of Ecuador as a nation that can

no longer be defined by its territory At the same time the book uses the Ecuadorian case to challenge the conceptualisation of Latin American literature as post national and to show how countries on the periphery of the global literary market can from the very fact of their minoritarian position enrich and better define World Literature
