Goonetilleke, 2009-03-23 Joseph Conrad s novella Heart of Darkness has fascinated critics and readers alike engaging them in highly controversial debate as it deals with fundamental issues of good and evil civilisation race love and heroism This classic tale transcends the boundaries of time and place and has inspired famous film and television adaptations emphasising the cultural significance and continued relevance of the book This guide to Conrad s captivating novel offers an accessible introduction to the text and contexts of Heart of Darkness a critical history surveying the many interpretations of the text from publication to the present a selection of new essays and reprinted critical essays on Heart of Darkness by Ian Watt Linda Dryden Ruth Nadelhaft J Hillis Miller and Peter Brooks providing a range of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross references between sections of the guide in order to suggest links between texts contexts and criticism suggestions for further reading Part of the Routledge Guides to Literature series this volume is essential reading for all those beginning detailed study of Heart of Darkness and seeking not only a guide to the novel but a way through the wealth of contextual and critical material that surrounds Conrad s text **Voyaging in Joseph Conrad's Major Works** Latef S. N. Berzenji, 2022-07-20 Joseph Conrad is one of the most intriguing and important modernist novelists and short story writers whose writing continues to preoccupy readers Conrad combined his unique personal background as a Polish emigre his personal experiences and voyages as a seaman and his literary readings with the tradition of his adopted country to produce literary works and fictions which blended with his distinctive taste gave the English novel a further originality and development This study which primarily concentrates on four of Conrad s major works Heart of Darkness Lord Jim The Secret Sharer and The Shadow Line shows that Conrad conceives voyaging as a symbolic means an insight and vision into the human psyche It becomes a journey into the inner world of man s psychological diving into his inner world of

the self in quest of truth of self identity self knowledge and self control **A Historical Guide to Joseph Conrad** John Peters, 2010 Joseph Conrad achieved worldwide literary renown in his third language Despite not having learned English until his twenties Conrad succeeded in breaking new ground with his portrayal of anti heroes distinctive narrative style becoming a major influence on 20th century English language fiction **Joseph Conrad and the Fictions of Skepticism**

Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad s skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present Conrad s epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author s rethinking of the peculiar relation between philosophy and literary form in Conrad s writing and more broadly for reconsidering what it means to call any novel philosophical Among the issues freshly argued are Conrad s thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy The author also offers a new way of conceptualizing the shape of Conrad s career especially the decline evidenced in the later fiction The uniqueness of Conrad s multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel A philosophical approach to Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages Conrad s interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in *Tales of Unrest* and *Heart of Darkness* spills over into a religious impulse that resists the disintegrating effect of Conrad s skepticism The author then turns to Hume to model the authorial skepticism that in *Lord Jim* contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in *Nostromo* and *The Secret Agent* The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad s last great fiction of skepticism *Under Western Eyes* situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness **Conrad's Secrets** R. Hampson, 2012-08-13 Conrad s *Secrets* explores a range of knowledges which would have been familiar to Conrad and his original readers Drawing on research into trade policing sexual and financial scandals changing theories of trauma and contemporary war crimes the book provides contexts for Conrad s fictions and produces original readings of his work **Conrad's Fiction as Critical Discourse** Richard Ambrosini, 1991-07-26 Joseph Conrad s comments about his works have commonly been dismissed as theoretically unsophisticated while the critical notions of James Woolf and Joyce have come to shape our understanding of the modern

novel Richard Ambrosini's study of Conrad's Fiction as Critical Discourse makes an original claim for the importance of his theoretical ideas as they are formed, tested and eventually redefined in *Heart of Darkness* and *Lord Jim*. Setting the narrator's discourse in these tales in the context of the dynamic interplay of Conrad's fictional with his non-fictional writings and of the transformations in his narrative forms, Ambrosini defines Conrad's view of fiction and the artistic ideal underlying his commitment as a writer in a new and challenging way. Conrad's innovative techniques as a novelist are shown in the continuity of his theoretical enterprise from the early search for an artistic prose and a personal novel form to the later dislocations of perspective achieved by manipulation of conventions drawn from popular fiction. This reassessment of Conrad's critical thought offers a new perspective on the transition from the Victorian novel to contemporary fiction. **Conrad's Existentialism** O. Bohlmann, 1991-06-25 Otto Bohlmann's fascinating study offers detailed and exhaustive evidence that the major philosophical aspects of Conrad's novels exhibit a powerful existential strain foreshadowing many central concerns of twentieth-century modernism. Through both wide and close reading, Dr Bohlmann illuminates more thoroughly than any previous scholar the remarkable extent to which Conrad's fiction is replete with ideas, attitudes and even phrases reminiscent of Kierkegaard, Nietzsche, Jaspers, Marcel Heidegger, Sartre and Camus. **Conrad's Narrative Voice** Werner Senn, 2017-01-09 Werner Senn's *Conrad's Narrative Voice* draws on the methodology of linguistic stylistics and the analysis of narrative discourse to discuss Joseph Conrad's perception of the role and the limitations of language. Tracing recurrent linguistic patterns allows Senn to demonstrate that Conrad's view of the radical indeterminacy of the world is conveyed on the most basic levels of the author's often criticised verbal style but permeates his work at all levels of the narrative. Detailed stylistic analysis also reveals the importance to Conrad of the spoken word of oral communication. Senn argues that the narrators' compulsive efforts to make their readers see and understand reflect Conrad's ethics of human solidarity in a world he depicts as hostile, enigmatic and often senseless. **Conrad's Art: An Interpretation And Evaluation** R.N. Sarkar, 2008

Africa's Transition from Colonisation to Independence and Decolonisation: Joseph Conrad's *Heart of Darkness*, Chinua Achebe's *Things Fall Apart*, and Moses Isegawa's *Abyssinian Chronicles* Ulrich Pallua, 2004-03-08 The concept of Africanity visualises Africa from three different points of view and at three different stages of history. With reference to Africa's political background from the 19th to the 20th century, Joseph Conrad the coloniser, Chinua Achebe the colonised and Moses Isegawa the decolonised tell the story of the black continent and its development from colonisation to independence. This development epitomises the heart of darkness whose laws and characteristics have changed throughout the centuries. **Under English Eyes** Jopi Nyman, 2021-10-18 British fictions of the early twentieth century appear obsessed with Europe. Various texts from E. M. Forster and D. H. Lawrence to Bram Stoker and the period's travel writing explore European spaces, constructing the European as an Other threatening the position of the English. What they constantly repeat is England's difference and the secondary role of European spaces whose representation resembles that of colonial

lands By reading selected texts both canonized and popular published between 1894 and 1916 this study argues that this xenophobic construction is a sign of the pervading presence of concerns related to the maintenance of English national identity Englishness allegedly threatened by the European Other By drawing on current postcolonial theory the case studies in the volume show that the discourse on the Other produced in British writings on Europe contributes more than has been understood to the making and promoting of Englishness The authors studied include D H Lawrence Katherine Mansfield Anthony Hope Arnold Bennett Mrs Alec Tweedie Erskine Childers and Joseph Conrad The study will renew our understanding of the role of Europe in the period s cultural imagination showing that the identities of the English are formed in encounters with different internal and external Others

Good Novels, Better Management Barbara Czarniawska-Joerges, Pierre Guillet de Monthoux, 1994 This collection of essays demonstrates how novels are not only comparable but often superior to the case histories used in business education As many novelists have had personal experience of working in organizations their work combines introspective insight with analytical skill

Conrad's Narratives of Difference Lissa Schneider, 2013-12-16 In Joseph Conrad s tales representations of women and of feminine generic forms like the romance are often present in fugitive ways Conrad s use of allegorical feminine imagery fleet or deferred introductions of female characters and hybrid generic structures that combine features of masculine tales of adventure and intrigue and feminine dramas of love or domesticity are among the subjects of this literary study Many of Conrad s critics have argued that Conrad s fictions are aesthetically flawed by the inclusion of women and love plots thus Thomas Moser has questioned why Conrad did not cut them out altogether Yet a thematics of gender suffuses Conrad s narrative strategies Even in tales that contain no significant female characters or obvious love plots Conrad introduces elusive feminine presences in relationships between men as well as in men s relationships to their ship the sea a shore breeze or even in the gendered embrace of death This book investigates an identifiably feminine point of view which is present in fugitive ways throughout Conrad s canon Conrad s narrative strategies are articulated through a language of sexual difference that provides the vocabulary and grammar for tales examining European class racial and gender paradigms to provide acute and at times equivocal investigations of femininity and difference

A Poetic History of the Oceans Søren Frank, 2022-07-18 What is the ocean s role in human and planetary history How have writers sailors painters scientists historians and philosophers from across time and space poetically envisioned the oceans and depicted human entanglements with the sea In order to answer

these questions. Søren Frank covers an impressive range of material in *A Poetic History of the Oceans*. Greek, Roman and Biblical texts, an Icelandic Saga, Shakespearean drama, Jens Munk's logbook, 19th century writers such as James Fenimore Cooper, Herman Melville, Jules Michelet, Victor Hugo, Jules Verne, Jonas Lie and Joseph Conrad as well as their 20th and 21st century heirs like J.G. Ballard, Jens Bjarneboe and Siri Ranva Hjelm Jacobsen. *A Poetic History of the Oceans* promotes what Frank labels an amphibian comparative literature and mobilises recent theoretical concepts and methodological developments in Blue Humanities, Blue Ecology and New Materialism to shed new light on well known texts and introduce readers to important but lesser known Scandinavian literary engagements with the sea.

The Dark Landscape of Modern Fiction Patrick Reilly, 2018-05-08. This title was first published in 2003. This text explores the dark pessimistic truth that pervades the pages of modern texts, setting a theme of Dante's *Inferno* against the work of modern authors including Dostoyevsky, Hardy, Conrad, Wharton, Kafka, Camus, Waugh and Flannery O'Connor. The author's thesis is that these writers exhibit a hostility towards the reader, an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly enlightened. At its most characteristic, Reilly demonstrates modern fiction seems to achieve a savage satisfaction in inflicting this pain to an extent that could be described as sadistic. Reilly traces what he calls this punitive spirit to a character in the *Inferno*, Vanni Fucci, who suffering himself does his best to make Dante suffer too. Through the study, he uses the *Inferno* as a guide to the prevailing attitudes in modern fiction, revealing a parallel between the prohibition of pity within the medieval poem and in the pages of modern texts.
