Mariëda picks the animals from the basket and lines them up on the table. "1,2,3,4,5,6" Mariëda says and she points and counts to them one by one. Julia walks over "Can I get it" she asks. "No, I'm doing it" Mariëda replies and Julia walks off.

Mariëda sits next to Lachlan and takes the lump of play dough in front of her. Lachlan puts the basket of tools next to him. Mariëda gets off her seat, walks around Lachlan and picks up a playdough tool to use, sits back down and continues with her playdough.

Sarah, Jenna and Janellie are in care today. Mariëda smiles as she sees them walk in with their parents in the morning. Mariëda spends the day with all three of her peers, laughing, playing and interacting with them.

Interpretation

It is evident that Mariëda enjoys moments of solitude during her play and works well within a team and co-operatively with others with her chosen peers.

It's important that we provide Mariëda with experiences such as group games to gather involved and interacting with all peers within the room. This will enable her to demonstrate trust and confidence with all those involved during play.

Private Pictures Janina Struk, 2020-09-14 Snapshots taken by American soldiers of Iraqi prisoners stripped naked humiliated and tortured shocked the world in 2004 and more have followed from the conflict in Afghanistan but whether the public have been horrified by the soldiers conduct or the fact they have taken pictures has not been clear In fact as this remarkable book reveals and relates soldiers have taken photographs of war and its atrocities for more than 100 years But their pictures are private intended mainly for the soldiers themselves as mementoes or as attempts to make sense of the chaos brutality and boredom of war They can be gruesome or sociable shocking or mundane and they are seldom regarded as serious contributions to a visual culture of war which since 1939 has been dominated by professional war photography But with the 21st century shift to simple digital photography transmission by the internet available to all and a new citizen journalism soldiers pictures are acquiring a new resonance Private Pictures traces this unacknowledged genre of photography from the origins of popular photography in the Boer War through to the present day it discusses how the images have been used and it asks what effect might the wider appreciation of soldiers pictures have on the popular perception of war
