Diaries Real and Fictional in Twentieth-century French Writing Sam Ferguson,2018 This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other published works and their very persona as an author More than any other Andre Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works *Les Cahiers d Andre Walter* 1891 and *Paludes* 1895 in his diary of the composition of his great novel *Le Journal des faux monnayeurs* 1926 and in his monumental *Journal* 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau s works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant garde Roland Barthes s experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux s published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question *A Specially Tender Piece of Eternity* Teresa Prudente,2009-01-01 *A Specially Tender Piece of Eternity* considers and redefines Virginia Woolf s treatment of time By focusing on the key ideas of moments of being ecstasy and rapture the book argues the close relation between Woolf s experiments in narrative and her concern to challenge ineffability in portraying the experience of a linear time *Le Journal Des Faux-monnayeurs. Logbook of the Coiners ... Translated and Annotated by Justin O'Brien* André Gide,Justin O'Brien,1952 *The Documentary Imagination in Twentieth-century French Literature* Alison Siân James,2020 Studying works by authors including Gide Breton Aragon Yourcenar Duras and Modiano this volume re thinks twentieth century French literature and engages with the question of distinctions between the factual and the fictional **Andre Gide** David H. Walker,2017-09-29 This book presents a selection of some of the most significant critical work written on Andre Gide during his lifetime and since As a major writer of the twentieth century his life and creative output as well as his role as a leading intellectual attracted comment from prominent contemporaries and continues to have relevance today Containing a substantial introduction and overview this compilation offers a variety of illuminating perspectives that will inform and guide the general and specialist reader *French Introspectives* P. Mansell Jones,2015-05-21 Originally published in 1937 this book studies French autobiography for examples

of introspection **Gide's Bent** Michael Lucey,1995 This study investigates the place of sexuality in the writings of Andre Gide Focusing on his work in the 1920s and 1930s the years in which Gide wrote most openly about his homosexuality the text shows how Gide s sexuality reflected his political interests *The Image in the Modern French Novel* Stephen Ullmann,1963 **André Gide** Alan Sheridan,1999 Sheridan presents a literary biography of one of the most important writers of the 20th century an intimate portrait of the reluctantly public man whose work was deeply and inextricably entangled with his life 35 halftones **How it was Done in Paris** Leonid Livak,2003 Here reintroduced into literary circulation is an ignored yet rich and original page in Russian literary history the unnoticed generation of Russian writers who took up residence in France after the Bolshevik coup of 1917 Leonid Livak analyzes the position of these writers in the context of French modernist literature examining the ways in which French literary life influenced migr artistic identities and oeuvre The book challenges commonly accepted notions of migr isolation from French literature and culture and is instrumental in reaching a fuller understanding of the cultural mechanisms involved in the effort by an expatriate community to carry on a creative existence *Andre Gide's Politics* NA NA,2016-04-30 At the peak of his career after having established himself as an accomplished writer astute moraliste and the foremost spokesperson of his generation for personal freedom and self realization Gide became aware first that his particular brand of bourgeois individualism was becoming increasingly irrelevant in the contemporary world and second that social commitment and even revolution could serve as a powerful source of inspiration and self renewal Over a ten year period that began in the 1920s and ended with his public break with the Soviet Union in 1936 Gide the committed intellectual interacted with society in ways that were for him unprecedented These essays examine the outcomes of Gide s evolving commitment to a host of controversial issues ranging from the sexual to the political from the literary to the social **The Realist Author and Sympathetic Imagination** Sotirios Paraschas,2017-12-02 The nineteenth century realist author was a contradictory figure He was the focus of literary criticism but obscured his creative role by insisting on presenting his works as copies of reality He was a celebrity who found himself subservient to publishers and the public in a newly industrialised literary marketplace He was the owner of his work who was divested of his property by imperfect copyright laws playwrights who adapted his novels for the stage and sequel writers This combination of a conspicuous yet precarious status with a self effacing attitude was expressed by an image of the author as a plural Protean subject possessing the faculty of sympathetic imagination which the realists incorporated in their works in the form of a series of fictional characters who functioned as doubles of the author Paraschas focuses on two realists Honorede Balzac and George Eliot and traces this authorial scenario from its origins in the late eighteenth century to its demise in the early twentieth century examining its presence in the works of E T A Hoffmann Friedrich Schlegel Charles Baudelaire and Andre Gide **André Gide and Curiosity** Victoria Reid,2009-01-01 This comprehensive exploration of curiosity in the fiction and life writing of Andr Gide 1869 1951 is an important modernist contribution to the field of curiosity

in literature and cultural studies more broadly Curiosity was a credo for Gide By observing the world and then manifesting in writing these observations he stimulates the curiosity of readers conceived as virtual conduits of a curiosity once his own Using a thematic structure of sexual scientific and writerly curiosity this volume identifies processes of curiosity in the life writing including the travel writing which illuminate processes in the fiction and vice versa Theories of fetishism gender and sexuality are applied to Gide's corpus to illustrate his championing of a masculine curiosity of enlightenment and adventure over a feminised curiosity of failure of disobedience and harm and to explore objects eliciting his curiosity Gide's creativity is nourished by his curiosity as close readings of his work informed by Melanie Klein's psychoanalytic writing on epistemophilia reveal Curiosity is a rewarding non reductionist perspective from which the exceptional variety of Gide's subject matter style and genre can be more coherently understood Research draws principally on the six Pléiade volumes of Gide's oeuvre published 1996-2009

The Counterfeiters Andre Gide, 1973-06-12 A young artist pursues a search for knowledge through the treatment of homosexuality and the collapse of morality in middle class France

Literature as Document, 2019-03-19 Literature as Document considers the relationship between documents and literary texts in Western Literature of the 1930s More specifically the volume deals with the notion of the document and its multifaceted and complex connections to literary texts and attempts to provide answers to the problematic nature of that relationship In an effort to determine a possible theoretical definition many different disciplines have been taken into account as well as individual case studies In order to observe dynamics and trends the idea for this investigation was to look at literature taking its practices its factual looking and concrete applications as a point of departure that is to say then starting from the literary object itself
