

How to keep children and staff protected at schools

DOs ✓

Educate children and staff about COVID-19 symptoms & prevention, particularly the importance of hand washing and respiratory hygiene.

Promote regular hand washing with soap and running water for 40 seconds, or with an alcohol-based hand rub. Ensure the school is equipped with hygiene products.

If a student suddenly develops symptoms, separate them from classmates and inform the child's parents and a healthcare provider as soon as possible.

Ensure school grounds and facilities are clean and hygienic.

Ensure students and staff with symptoms stay away from school.

Encourage students to avoid touching their eyes, nose and mouth.

✗ DON'Ts

Don't take your child to school if they are showing signs of COVID-19 symptoms.

Don't promote unnecessary touching among children when greeting, such as hugging, especially if they are showing symptoms.

Don't allow unnecessary crowding: minimize crowding by planning students' exits and entry into classrooms as much as possible.

Don't allow students to share items if possible, and encourage them to practice good hygiene.
