Learning To Love Exploring Solitude And Freedom 1966 1967:

Thomas Merton Patrick F. O'Connell,2013 Thomas Merton the Trappist monk who died in 1968 was one of the great spiritual writers of the twentieth century His published works include a hundred volumes in many genres But it was perhaps in the essay that he found his natural element Especially in the last decade of his life Merton showed in his essays an increasing willingness to dispense with pre fabricated conclusions bringing his deeply spiritual profoundly Catholic sensibility to bear on matters beyond the usual religious and monastic milieu This volume is the first to provide a broad cross section of Merton's work as an essayist collecting pieces that reflect characteristic examples of his astonishing output and the fantastic breadth of his interests The 33 essays collected here range from interreligious dialogue to racial justice from the wisdom of the desert fathers to the novels of Faulkner and Camus from the nuclear threat to the philosophy of solitude and throughout the centrality of the Christian mystery to authentic human identity Thomas Merton Michael W. Higgins, 2014 People of God is a brand new series of inspiring biographies for the general reader Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty first century Catholic Some living and some now deceased each of these women and men have known challenges and weaknesses familiar to most of us but responded to them in ways that call us to our own forms of heroism Each of them offers a credible and concrete witness of faith hope and love to people of our own day Thomas Merton was the consummate post modern holy one flawed anti institutional a voice for the voiceless But he was also a classical traditionalist centered obedient in search of stability He was a religious thinker of remarkable insight a social commentator of courage and conviction and a writer of startling virtuosity Michael W Higgins recounts the life of this insatiable wanderer He explores the various layers of influence and evolution in Merton's thought and spirituality This book tells the remarkable story of a life that remains to be understood from its beginnings and long after its premature ending The Living Church ,1999 Thomas Merton Samuel Willard Crompton, 2013 A biography of the famous monk writer and religious thinker Thomas Merton **Thomas Merton** Thomas Merton, M. Basil Pennington, 2005 An informative and fascinating look at Merton's life and writings by a fellow Trappist Father Basil takes us on a whirlwind review through the seasons of Merton's life and work An engaging approach for new readers and a refreshing review for long time Merton fans this carefully planned anthology by a fellow monk and a friend abounds with helpful insights into the life and writings of the most influential spiritual mentor of our time William H Shannon Author of Silent Lamp The Thomas Merton Story A splendid introduction to Thomas Merton in his own words Selections paint a balanced and rich portrait of the monk mystic poet prophet and spiritual master Once again Father Pennington reveals his intimate knowledge of his subject E Glenn Hinson Professor Emeritus Baptist Theological Seminary at Richmond **Mystics** William Harmless, 2008 In Mystics William Harmless S I introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major

Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harless s case study approach brings things down to earth restoring mystics to their historical context **Creating Albert Camus** Brent C. Sleasman, 2015-12-16 The contributors to this collection come from disparate fields such as theology literature studies political science and communication studies and are guided by a commitment to consider what we can learn from Camus as opposed to where he was wrong or misguided in his life and writing If there is a place to consider the shortcomings of a human being especially one as unique as Albert Camus it will not be found within this volume The essays in this text are built around the theme that Albert Camus functions as an implicit philosopher of communication with deep ethical commitments The title Creating Albert Camus is intended to have a double meaning First are those voices who inspired Camus and helped create his ideas second are those scholars working with Camus s thoughts during and after his life who help create his enduring legacy Bringing together scholars who embrace an appreciation of the philosophy of communication provide an opportunity to further situate the work of Camus within the communication discipline This new project explores the communicative implications of Camus s work The Insurmountable Darkness of Love Douglas E. Christie, 2022 This book is a reflection on the meaning of spiritual darkness especially those difficult places in human experience where meaning seems to elude us where we are emptied out and are compelled to dig deeper into who we truly are Douglas E Christie takes up this facet of experience in ordinary human experience but also in relation to the Christian contemplative and mystical traditions where such experience is often understood to be both painful and transformative allowing the mind and heart to open in love

On Thomas Merton Mary Gordon,2020-01-07 From the best selling novelist and memoirist a deeply personal view of her discovery of the celebrated modern monk and thinker through his writings If Thomas Merton had been a writer and not a monk we would never have heard of him If Thomas Merton had been a monk and not a writer we would never have heard of him So begins acclaimed author Mary Gordon in this probing candid exploration of the man who became the face and voice of mid twentieth century American Catholicism Approaching Merton writer to writer Gordon illuminates his life and work through his letters journals autobiography and fiction Pope Francis has celebrated Merton as a man of dialogue and here Gordon shows that the dialogue was as much internal as external an unending conversation and at times a heated conflict between Merton the monk and Merton the writer Rich with excerpts from Merton s own writing On Thomas Merton produces an intimate portrait of a man who lived life in all its imperfectability reaching toward it in exaltation pulling back in anguish but insisting on the primacy of his praise as a man of God

Patrick F O Connell presents one of these a wide ranging introduction to biblical studies Drawing on church tradition teaching of recent papal documents and scholarly resources of the time Merton reveals the central importance of the Scriptures for the spiritual growth of his listeners For Merton at the heart of any meaningful reading of the Scriptures not only for monks but for all Christians is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them O Connell's extensive introduction situates this reflection in the context of Merton's evolving engagement with the Bible from his own days as a student monk through the mature reflections from his final years on the biblical renewal in the wake of the Second Vatican Council Opening New Horizons Joseph Quinn Raab, 2021-01-19 On the surface Christianity and Zen Buddhism can appear to be worlds apart even antithetical Christianity affirms the reality of the Tri personal God and the eternal salvation of mortal human beings Zen denies both the existence of God and the soul Yet Thomas Merton the Catholic spiritual master and D T Suzuki the famous teacher of Zen engaged in an extensive dialogue and found ways of mutually affirming shared meanings of God and person that each regarded to be true This book explores that dialogue within the larger context of Merton's attraction to Buddhism and considers the implications of their achievement for contemporary theologies of religious pluralism
