Leave It Out Arthur:

Leave it Out Arthur! Anthony Masters, 1988 **The Channings** Mrs. Henry Wood, 1862 **The Whispers We Carry** Ashen Vale, 2024-12-08 In the realms where light fades and shadows deepen ordinary lives collide with extraordinary forces The Whispers We Carry is a spellbinding collection of flash fiction that weaves together tales of courage loss and transformation From haunted forests to forgotten ruins from the wreckage of humanity's ambitions to the edge of otherworldly dimensions these stories explore the echoes of choice and the weight of destiny Meet a reluctant hero bound to a talking sword with a voice as sharp as its blade Wander through a forest that devours secrets and whispers them back in song Join a lone astronaut drifting between survival and the unknown Each story offers a glimpse into the fragile balance between hope and despair the mundane and the miraculous the human and the monstrous Prepare to lose yourself in a world where every whisper carries a weight and every shadow holds a story The Whispers We Carry will haunt you long after the final page **The Imperial Conspiracy** Donald Moore, 2005-09 An ancient artifact from a previously unknown archeological site threatens to contradict a basic tenet of Japanese history When the artifact falls into the hands of American journalist Matt Davis Takeo Kimura a successful industrialist sets in motion a series of deadly events in an attempt to keep the artifact's secret from ever being revealed *Gushvin* Rustin Starkey, 2022-08-30 Arthur Davis and his old hunting buddy Henry embark on a hunt that trumps all other hunts prior The cold and snowy Altai Mountains of Mongolia prove troubling as they chase the infamous and deadly cat Arthur has named Gushvin With a dangerous and truly lethal cat on the loose Arthur and Henry must overcome countless obstacles From other hunters encroaching on their territory cold snowy weather to their own personal demons Arthur and Henry will not quit until they've bagged their game A Small Dark Quiet Miranda Gold, 2018-12-04 A bold attempt to portray the greyness of growing up without roots or identity cast adrift in an uncomprehending and uncertain world Caroline Moorehead Times Literary Supplement March 1945 The ravaged face of London will soon be painted with victory but for Sylvie the private battle for peace is just beginning When one of her twins is stillborn she is faced with a consuming grief for the child she never had a chance to hold A Small Dark Quiet follows a mother as she struggles to find the courage to rebuild her life and care for an orphan whom she and her husband Gerald adopt two years later Born in a concentration camp the orphan's early years appear punctuated with frail speculations opening up a haunting space that draws Sylvie to bring him into parallel with the child she lost When she gives the orphan the stillborn child's name this unwittingly entangles him in a grief he will never be able to console His own name has been erased his origins blurred Arthur's preverbal trauma begins to merge with the loss he carries for Sylvie released in nightmares and fragments of emerging memories to make his life that of a boy he never knew He learns all about that other little Arthur yearning both to become him and to free himself from his ghost He can neither fit the shape of the life that has been lost nor grow into the one his adopted father has carved out for him As the novel unfolds over the next twenty years Arthur becomes

curious about his Jewish heritage but fears what this might entail drawn towards it it seems he might find a sense of communion and acceptance but the chorus of persecutory voices he has internalised becomes too overwhelming to bear He is threatened as a child with being sent back where he belongs but no one can tell him where this is He wanders as an adult looking for purpose but is unable to find his place Feeling an imposter both at home and in the city Arthur s yearning for that sense of belonging echoes in our own time Meeting Lydia seems to offer Arthur the opportunity to recast himself yet all too soon he is trapped in a repetition of what he was trying to escape A past he can neither recall nor forget lives on within him even as he strives to forge a life for himself Survival though insists Arthur keeps searching and as he opens himself to the world around him there are flashes of just how resilient the human heart can be Through Sylvie s unprocessed grief and Arthur s acute sense of displacement A Small Dark Quiet explores how the compulsion to fill the empty space death leaves behind ultimately makes the devastating void more acute Yet however frail the instinct for empathy and hope persists in this powerful story of loss migration and the search for belonging

boss the whole country inside of three weeks and embarks on an ambitious plan to modernize Camelot with 19th c industrial inventions like electricity and gunfire It isn't long before all hell breaks loose Written in 1889 Mark A Connecticut Yankee in King Arthur's Court is one of literature's first genre mash ups and one of the first works to feature time travel It is one of the best known Twain stories and also one of his most unique Twain uses the work to launch a social commentary on contemporary society a thinly veiled critique of the contemporary times despite the Old World setting While the dark pessimism that would fully blossom in Twain's later works can be discerned in A Connecticut Yankee in King Arthur's Court the novel will nevertheless be remembered primarily for its wild leaps of imagination brilliant wit and entertaining storytelling

A Connecticut Yankee in King Arthur's Court (Fully Illustrated) Mark Twain, 2005 Includes the 221 original Illustrations by Phiz Table of contents to every chapters in the book Complete and formatted to improve your reading experience PLOT The novel is a satirical comedy that looks at 6th Century England and its medieval culture through the eyes of Hank Morgan a 19th century resident of Hartford Connecticut who after a blow to the head awakens to find himself inexplicably transported back in time to early medieval England at the time of the legendary King Arthur The fictional Mr Morgan who had an image of that time that had been colored over the years by romantic myths takes on the task of analyzing the problems and sharing his knowledge from 1300 years in the future to modernize Americanize and improve the lives of the people The story begins as a first person narrative in Warwick Castle where a man details his recollection of a tale told to by an interested stranger who is personified as a knight through his simple language and familiarity with ancient armor 2 After a brief tale of Sir Launcelot of Camelot and his role in slaying two giants from the third person narrative the man named Hank Morgan enters and after being given whiskey by the narrator he is persuaded to reveal more of his story Described through first person narrative as a man familiar with the firearms and machinery trade Hank is a man who had reached the level of superintendent due to his proficiency in firearms manufacturing with two thousand subordinates He describes the beginning of his tale by illustrating details of a disagreement with his subordinates during which he sustained a head injury from a crusher to the head caused by a man named Hercules using a crowbar 3 After passing out from the blow Hank describes waking up underneath an oak tree in a rural area of Camelot where a knight questions him for trespassing upon his land and after establishing rapport leads him towards Camelot castle 4 Upon recognizing that he has time traveled to the sixth century Hank realizes that he is the de facto smartest person on Earth and with his knowledge he should soon be running things Hank is ridiculed at King Arthur's court for his strange appearance and dress and is sentenced by King Arthur's court particularly the magician Merlin to burn at the stake on 21 June By a stroke of luck the date of the burning coincides with a historical solar eclipse in the year 528 of which Hank had learned in his earlier life In reality the solar eclipses nearest in time to 21 June both partial both in the Southern Hemisphere at maximum in 528 occurred on 6 March and 1 August 5 While in prison he sends the boy Clarence to inform the King that he will blot out the sun if he is executed Hank believes the

current date to be 20 June however it is actually the 21st when he makes his threat the day that the eclipse will occur at 12 03 p m When the King decides to burn him the eclipse catches Hank by surprise But he quickly uses it to his advantage and convinces the people that he caused the eclipse He makes a bargain with the King is released and becomes the second most powerful person in the kingdom Hank is given the position of principal minister to the King and is treated by all with the utmost fear and awe His celebrity brings him to be known by a new title elected by the people The Boss However he proclaims that his only income will be taken as a percentage of any increase in the kingdom s gross national product that he succeeds in creating for the state as Arthur s chief minister which King Arthur sees as fair Although the people fear him and he has his new title Hank is still seen as somewhat of an equal The people might grovel to him if he were a knight or some form of nobility but without that Hank faces problems from time to time as he refuses to seek to join such ranks
