Psychotherapy Tradecraft: The Technique And Style Of Doing Theodore H. Blau, 2014-01-09 First published in 1988 The literature of psychotherapy is heavily weighted on the side of theory There is an almost complete absence of tradecraft what to do when to do it and how to do it Tradecraft refers to the specific techniques used by experienced and skillful psychotherapists to create the therapeutic setting to invite and maintain a therapeutic alliance to enhance the patient's progress and finally to allow the patient to integrate and complete the process of psychotherapy A search of psychoanalytic literature reveals an enormous amount of theory and speculation countertheory and counter speculation but little tradecraft This book aims to fulfil that gap **Minutes of Proceedings of the Institution of Civil Engineers** ,1868
