Lebanon's Predicament Samir Khalaf, 1987      The Government and Politics of the Middle East and North Africa Mark Gasiorowski, 2016-08-02 A comprehensive country by country examination of the history domestic politics and foreign policies of the Middle East and North Africa      **Good Fences, Bad Neighbors** Boaz Atzili, 2011-12-02 Border fixity the proscription of foreign conquest and the annexation of homeland territory has since World War II become a powerful norm in world politics This development has been said to increase stability and peace in international relations Yet in a world in which it is unacceptable to challenge international borders by force sociopolitically weak states remain a significant source of widespread conflict war and instability In this book Boaz Atzili argues that the process of state building has long been influenced by external territorial pressures and competition with the absence of border fixity contributing to the evolution of strong states and its presence to the survival of weak ones What results from this norm he argues are conditions that make internal conflict and the spillover of interstate war more likely Using a comparison of historical and contemporary case studies Atzili sheds light on the relationship between state weakness and conflict His argument that under some circumstances an international norm that was established to preserve the peace may actually create conditions that are ripe for war is sure to generate debate and shed light on the dynamics of continuing conflict in the twenty first century      **The Lebanese Army** Oren Barak, 2009-03-17 2009 CHOICE Outstanding Academic Title Oren Barak sheds new light on the major political and social developments in Lebanon since its independence by focusing on the emergence of the Lebanese Army its paralysis during the civil war from 1975 to 1990 and its reconstruction after the war He discusses the remarkable transformation of a military dominated by one sector of society the Christian communities and particularly the Maronites into one that is characterized by power sharing among Lebanon s various communities large families and regions The book develops a new approach to the study of the role of the military in divided societies by examining military institutions from three intertwined angles first as major arenas for social coexistence and conflict second as actors that are involved in politics but are also affected by political processes and third as actors that promote the process of state formation This comprehensive look at Lebanon will inform the discussion of other divided societies such as Afghanistan and Iraq that face the dual challenge of restoring the political system and the security sector after state failure and intrastate conflict

Lebanon Charles Winslow, 2012-11-12 Winslow provides a comprehensive history and political analysis of Lebanon from ancient times to the present day He focuses on the civil and sectarian strife that has characterized the country s past and contemporary history      **The Druze Community and the Lebanese State** Yusri Hazran, 2014-07-11 One of the fundamental questions of Middle Eastern and Lebanese studies in particular is the history of the relationship between the Druze community and the state in modern Lebanon Arguing that the Druze community has been politically alienated from the Lebanese state this book explores the historical and political origins of this alienation The Druze Community and the

Lebanese State contends that the origins of this alienation lie in the state's national ideology its political confessional system and the Druze's historical background during the medieval period Moreover this book examines the extent to which the Druze's attitude vis vis the Lebanese state has been influenced by their historical rivalry with the Maronites Particular emphasis is placed on the political and ideological practices adopted by the Druze leadership and intelligentsia as they dealt with the changes taking place in their community's political status following the political settlements of 1920 and 1943 the establishment of Greater Lebanon and the National Pact respectively A welcome addition to existing literature on Lebanon this book will be an essential reference tool for students and researchers with an interest in nationalism identity and Middle East Politics more broadly

**A Lebanon Defied** Majed Halawi, 2019-04-05 A Lebanon Defied focuses on the constitutive role of the Shi'a masses in the movement led by Sayyid Musa al Sadr in Lebanon It explores the origins of this Shi'a movement and its determination to become a major participant in a sharply reformed Lebanese polity

**Memorials and Martyrs in Modern Lebanon** Lucia Volk, 2010-10-21 Lebanese history is often associated with sectarianism and hostility between religious communities but by examining public memorials and historical accounts Lucia Volk finds evidence for a sustained politics of Muslim and Christian co-existence Lebanese Muslim and Christian civilians were jointly commemorated as martyrs for the nation after various episodes of violence in Lebanese history Sites of memory sponsored by Maronite Sunni Shiite and Druze elites have shared the goal of creating cross community solidarity by honoring the joint sacrifice of civilians of different religious communities This compelling and lucid study enhances our understanding of culture and politics in the Middle East and the politics of memory in situations of ongoing conflict

*Inventing Lebanon* Kais M. Firro, 2002-10-24 This study examines the history behind an idea a new polity of Greater Lebanon It shows how under the powerful influence of the French Mandate various groups of the local elite attempted to create what amounted to a new Lebanese nationalism carving the state into Maronite Christian Sunni and Shiite power bases The results only accentuated the divisions already inherent in this multi ethnic and multi faith society and were to pave the way for the instability and wars that have plagued the country ever since

**Lebanon** Eyal Zisser, 2000-02-28 The first decade of independence 1943-1952 was crucial to the political history of Lebanon following the creation of the state in 1920 and the subsequent years of French tutelage This period is defined by the presidency of Bishara al Khuri the first elected president a founding father who played a vital part in forming the distinctive character of the Lebanese state and in Lebanon's later history both rich and successful and troubled and tragic During this period the old order in Lebanon shaped over centuries clashed with a new order transforming Lebanese politics and society Khuri's task was to protect Lebanon's fragile independence and to try to ensure political stability among warring factions strife which in 1975 erupted in civil war causing immense disruption and suffering in Lebanon and with deep and widespread national and international effect This study draws on a wide range of primary and secondary sources including official state papers and private collections from Britain France the USA Lebanon and Israel

Introduction The Birth of the Lebanese State First Steps Along a New Road The 1943 Elections The National Pact The November 1943 Crisis Between East and West Lebanon on the International and Regional Scene Domestic Challenges 1943 1947 At the Peak of Power The 1948 War in Palestine The Syrian Lebanese Crisis The Confrontation with the PPS 1947 1949 Khuri and Sulh a Parting of the Ways Rift with the West The Overthrow      **Ending Syria's Occupation of Lebanon** Daniel Pipes, 2000      *Democratisation and Power-Sharing in Stormy Weather* Tamirace Fakhoury Mühlbacher, 2009-11-14 Is democracy possible only in homogeneous societies Does heterogeneity clude a stable democracy Throughout history ethnic linguistic or religious homogeneity whether by circumstance coercion or choice has seemingly been conducive to democracy In France democracy was established after the imposition of religious uniformity and the revocation of the Edict of Nantes The United States pulled in immigrants who renounced their original affiliations to forge a new identity in a newly born state Still defying assumptions democracies have emerged in heterogeneous states such as the Swiss Confederation the Successor States of the Holy Roman Empire and later those carved out of the previous colonial empires One common feature is the failure of often violent attempts to enforce homogeneity or the lack of any such attempt in the first place In the course of time these divided societies have learned to live in diversity to pacify their differences and to find a path towards peace or at least accommodation In sum they went beyond forms of separating powers to sharing power Whether defined by ethnicity language religion or even ideology communities agreed to a pact on participating in a joint government based on proportional or even equal representation It is noteworthy that political systems based on power sharing were long marginal in mainstream political science which laid an emphasis on democratic transitions in homogeneous societies and on socio economic or cultural prerequisites that facilitate the rise of democracy      Lebanon after the Syrian Withdrawal Ohannes Geukjian, 2016-11-10 Lebanon experienced serious instability and ethno national conflict following the Syrian withdrawal in 2005 compounded by the Arab Spring which led to regional instability and civil war in Iraq and Syria Why did consociational democracy fail Was failure inevitable What impact could external powers play in creating an environment where consociationalism might be successfully implemented This book addresses these key questions and provides a comprehensive analysis of how internal and external elite relations influence the chances of a successful regulation of ethno national conflict through power sharing Exploring the roles played by Syria Qatar Iran Saudi Arabia the United States and France it argues that external actors in the Lebanese conflict largely determined whether power sharing was successfully established and shows that the consociational democratic model cannot provide long term conflict regulation in their absence The author argues that relationships between internal and external actors determine the prospects for successful conflict regulation and pinpoints the crucial role of the external forces in the creation of power sharing agreements in Lebanon concluding that future success is dependent on the maintenance of positive exogenous pressures This book will be of key interest to students and scholars studying politics international relations and Middle East studies      **Pax Syriana** Rola El-Husseini, 2012-12-05 Pax Syriana provides readers

with a broad picture of what has changed and what has failed to change in the Lebanese political system after the end of the civil war

**Lebanese Shi'ite Leadership, 1920-1970s** Omri Nir, 2016-10-26 This book examines the coalitions and relationships within the power centers of Shi'ite politics during the era of political feudalism in Lebanon. The author maps the Shi'ite leadership and its interconnections including the alliances and rivalry between prominent Zuhama clans and Ulama from the formation of Lebanon in 1920 to the decline of old Shi'ite politics and the emergence of popular movements in the 1970s. The work also explains the role of prominent intellectuals within these power centers.

*The Literature of the Lebanese Diaspora* Jumana Bayeh, 2014-10-23 The Lebanese civil war which spanned the years of 1975 to 1990 caused the migration of hundreds of thousands of Lebanese citizens many of whom are still writing of their experiences. Jumana Bayeh presents an important and major study of the literature of the Lebanese diaspora. Focusing on novels and writings produced in the aftermath of Lebanon's protracted civil war, Bayeh explores the complex relationships between place displacement and belonging and illuminates the ways in which these writings have shaped a global Lebanese identity. Combining history with sociology, Bayeh examines how the literature borne out of this expatriate community reflects a Lebanese diasporic imaginary that is sensitive to the entangled associations of place and identity. Paving the way for new approaches to understanding diasporic literature and identity, this book will be vital for researchers of migration studies and Middle Eastern literature as well as those interested in the cultures history and politics of the Middle East.

*A History of Stability and Change in Lebanon* Joseph Bayeh, 2017-06-30 Lebanon is a country whose domestic politics have even more than others in the region been at the mercy of changes on the international stage. Having been under Ottoman and French rule in the nineteenth and early twentieth centuries, the post World War II era has seen Lebanon subjected to Israeli, Syrian and American interventions which have all threatened the country's stability as a state. Joseph Bayeh argues that it is this international dimension which holds the key to an in-depth understanding of the country. In support of this argument, Bayeh examines Lebanese history from its early days under the Ottomans to the present day in order to show how international shifts and conflicts have had their impact on Lebanon. With changes such as the fall of the Ottoman empire, the rise of US power after World War II, the end of the Cold War and the new focus on the region in the aftermath of 9/11, Lebanon has at various junctures been bolstered or undermined. Bayeh tracks all of this, offering insights into the workings of Lebanon's domestic politics which will appeal to researchers of the international relations of the Middle East and Lebanon's political history.

*The Lebanese Forces* Nader Moumneh, 2018-12-19 In this book, author Nader Moumneh, a Canadian senior policy adviser of Lebanese descent, examines the research of the formation and evolution of the Christian resistance in Lebanon he performed as a graduate student at the American University of Beirut in the early 1990s. He has conducted hundreds of lengthy interviews with senior Lebanese Forces leaders who were thoroughly impressed by his communicative yet assertive personality, his scrupulous presentation of facts, his obsessive attention to detail and most importantly, his unwavering determination to unveil behind the scenes events.

Mr Moumneh drew upon his self acquired persuasion tactics and negotiation strategies to earn the Lebanese Forces trust and gain access to top secret never before published information Since then he has continually revised and expanded the manuscript to address the rapidly changing situation in Lebanon and the Middle East The Lebanese Forces Emergence and Transformation of the Christian Resistance has taken twenty five years to produce and is unique in its own right Mr Moumneh s work is not a typical re telling of the Lebanese crisis rather it is a magnificent blend of skillful craftsmanship an unprecedented wealth of painstakingly referenced chronological research and now declassified intelligence information

**Lebanon** Adel Beshara,2013-01-11 Lebanon examines the ideological political and social underpinnings of the attempted coup against General Chihab s government in Lebanon in 1961 The author analyzes the role of the Syrian Socialist Nationalist Party the history of the army in Lebanon and it role in Lebanese politics and the impact of the coup on Lebanese political life This book provides an extraordinary insight into the mechanisms of military coups in the Arab world and will be of interest to students and researchers of the history and politics of the Middle East *Middle Eastern Minorities and Diasporas* Moshe Ma'oz,Gabriel Sheffer,2002-01-01 The Arab countries have been projected as homogeneous and united social and political entities Yet beneath the surface ethnic tensions and conflicts simmer This book looks at the factors forces and circumstances that affect relations in the region and point towards strategies that promote or hinder coexistence and integration or antagonism
