TAYLOR,2016-09-20 Excerpt from Lectures on the Moral Government of God Vol 1 The Moral Government of God was the great thought of Dr Taylor s intellect and the favorite theme of his instructions in theology It occupied his mind more than any and every other subject He was ever ready to enter upon the investigation of any truth that was nearly or remotely connected with this He was never weary of grappling with such inquiries whether they were suggested for the first time by his own ingenuity or had been discussed with greater or less success for centuries by speculative and earnest men To vindicate the ways of God to man was the object to which all his energies were consecrated and upon which were expended the ardor of his glowing soul and the force of his strong and steadfast will Those secondary objects which the majority of men even students and theologians esteem important were freely sacrificed to the accomplishment of this commanding purpose To this the whole living man was consecrated with an activity and intensity which have not often been equaled About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Lectures on the Moral Government of God** Nathaniel W Taylor,2015-08-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have
