The Feud at Single Shot Luke Short,190?      *The Feud at Single Shot* Luke SHORT (pseud. [i.e. Frederick Dilley Glidden.]),1936      **The Feud That Wasn't** James M. Smallwood,2008 Marauding outlaws or violent rebels still bent on fighting the Civil War For decades the so called Taylor Sutton feud has been seen as a bloody vendetta between two opposing gangs of Texas gunfighters However historian James M Smallwood here shows that what seemed to be random lawlessness can be interpreted as a pattern of rebellion by a loose confederation of desperadoes who found common cause in their hatred of the Reconstruction government in Texas Between the 1850s and 1880 almost 200 men rode at one time or another with Creed Taylor and his family through a forty five county area of Texas stealing and killing almost at will despite heated and often violent opposition from pro Union law enforcement officials often led by William Sutton From 1871 until his eventual arrest notorious outlaw John Wesley Hardin served as enforcer for the Taylors In 1874 in the streets of Comanche Texas on his twenty first birthday Hardin and two other members of the Taylor ring gunned down Brown County Deputy Charlie Webb This cold blooded killing one among many marked the beginning of the end for the Taylor ring and Hardin eventually went to the penitentiary as a result The Feud That Wasn't reinforces the interpretation that Reconstruction was actually just a continuation of the Civil War in another guise a thesis Smallwood has advanced in other books and articles He chronicles in vivid detail the cattle rustling horse thieving killing sprees and attacks on law officials perpetrated by the loosely knit Taylor ring drawing a composite picture of a group of anti Reconstruction hoodlums who at various times banded together for criminal purposes Western historians and those interested in gunfighters and lawmen will heartily enjoy this colorful and meticulously researched narrative      The Feud Buster Robert E. Howard,2015-02-12 This early work by Robert E Howard was originally published in 1935 and we are now republishing it with a brand new introductory biography The Feud Buster is a story in the Breckinridge Elkins series about a cowboy in the wild west Robert Ervin Howard was born in Peaster Texas in 1906 During his youth his family moved between a variety of Texan boomtowns and Howard a bookish and somewhat introverted child was steeped in the violent myths and legends of the Old South At fifteen Howard began to read the pulp magazines of the day and to write more seriously The December 1922 issue of his high school newspaper featured two of his stories Golden Hope Christmas and West is West In 1924 he sold his first piece a short caveman tale titled Spear and Fang for 16 to the not yet famous Weird Tales magazine Howard's most famous character Conan the Cimmerian was a barbarian turned King during the Hyborian Age a mythical period of some 12 000 years ago Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the sword and sorcery genre The Conan stories have since been adapted many times most famously in the series of films starring Arnold Schwarzenegger

**The Feud in Early Modern Germany** Hillay Zmora,2011-07-28 This groundbreaking book explains the widely accepted practice of feuding amongst noblemen and princes in its social context      Blood on the Moon Alan K. Rode,2023-03-15 Of

the movies that writers and historians call Noir Westerns none is more celebrated than 1948's *Blood on the Moon*. The comingling of the Western genre and the noir style crystalized in this extraordinary film in turn influencing Westerns in the 1950s to become darker and more psychological. Produced during the height of the post World War II film noir movement, *Blood on the Moon* is a classic Western immersed in the film noir netherworld of double crosses, government corruption, shabby barrooms, gun-toting goons, and romantic betrayals. With this volume, biographer and noir expert Alan K. Rode brings the film to life for a new generation of readers and film lovers.

*Walford's Antiquarian*, *Texas Gunslingers* Bill O'Neal, 2014. Images of America. Texas Gunslingers presents the concept of Texas as the Gunfighter Capital of the West. Indeed, after the cowboy, a Texas creation, the most colorful and romanticized frontier figure is the gunfighter. Nothing is more dramatic than life and death conflict, and the image of men in big hats and boots brandishing six shooters and Winchesters has been portrayed in countless Western novels, movies, and television shows. Texas made an enormous contribution to gunfighter lore. Texas Rangers were responsible for the evolution of Sam Colt's revolving pistol, key weapon of gunfighters. More shoot-outs occurred in Texas than in any other state or territory. More gunfighters were from Texas, including kill-crazy Wes Hardin and Killin Jim Miller, the West's premier assassin. There were more blood feuds in Texas than in any other state. Frequently, gunplay erupted in towns such as Tascosa, El Paso, Fort Worth, and Lampasas, where four lawmen were killed in an 1873 saloon battle.

**Walford's Antiquarian** Edward Walford, George W. Redway, 1885. **Texas Ranger N. O. Reynolds, the Intrepid** Chuck Parsons, Donaly E. Brice, 2014-08-15. Historians Chuck Parsons and Donaly E. Brice present a complete picture of N. O. Reynolds, 1846-1922, a Texas Ranger who brought a greater respect for the law in Central Texas. Reynolds began as a sergeant in famed Company D, Frontier Battalion, in 1874. He served honorably during the Mason County Hoo Doo War and was chosen to be part of Major John B. Jones's escort riding the frontier line. In 1877, he arrested the Horrells, who were feuding with their neighbors, the Higgins party, thus ending their Lampasas County feud. Shortly thereafter, he was given command of the newly formed Company E of Texas Rangers. Also in 1877, the notorious John Wesley Hardin was captured. N. O. Reynolds was given the responsibility to deliver Hardin to trial in Comanche, return him to a safe jail during his appeal, and then escort him safely to the Huntsville penitentiary. Reynolds served as a Texas Ranger until he retired in 1879 at the rank of lieutenant, later serving as City Marshal of Lampasas and then County Sheriff of Lampasas County.

**The Blood Feud**

*Stephen W. Snuffer,2012-09-05* The Hatfield McCoy feud of the 1880s and some time thereafter is one of the noted stories of folklore in America Today the causes of that family and friends war between the Hatfields and the McCoy's will be considered the events which led up to the tragedy There were many causes an accumulation of things which finally touched off the feud or private war which it actually was between two determined families First cause I think can be attributed to the very natures of those concerned Both families were people of nerve because blood of British origin pulsed in their veins That blood bespoke stubborn resistance and unflinching determination an unwavering set Came the Civil War of 1861-65 and

neighbor lined up against neighbor In the Union corner was Randolph McCoy leader of the McCoy clan In the Confederate corner six feet of devil and 180 pounds of hell according to Randolph McCoy was Anderson Devil Anse Hatfield head of the Hatfield horde When the war ended in 1865 the internecine feelings of these two neighboring families only the narrow Tug River separated them did not make for friendly relations Indeed it had been rumored that Devil Anse Hatfield in the course of his warfare sometime before the Civil War ended had slain Harmon McCoy a brother of Randolph McCoy This rumor was never proven In fact some stated that Jim Vance later to die in the feud as a friend of the Hatfields was the one who murdered Harmon McCoy Whoever killed Harmon McCoy is unknown for sure even to this day but one thing is sure his death created ill feeling between the McCoys and the Hatfields from the McCoy corner of course A third cause of the feud was a family quarrel which wound up in the court of a justice of the peace That was eight years after the Civil War had ended In those days in the rugged regions of the Tug the people let their hogs run loose and fatten on the mast of nut bearing trees chestnut acorn hazel and other trees     Fifty Western Writers Fred Erisman, Richard W.
