Smith, 2014-07-14 Clarifying the growing role of the Latin American Catholic Church as an agent of social change Brian H. Smith discusses the prophetic function of the Chilean Church during the country's metamorphosis from Conservative to Christian Democratic to Marxist to repressive military regime Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Guide to the Hispanic American Historical Review, 1956-1975* Wilber A. Chaffee, Beecher C. Ellison, 1980 Guerrilla Prince: The Untold Story Of Fidel Georgie Geyer, 2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography **Soviet Relations with Latin America, 1959-1987** Nicola Miller, 1989-09-14 This book was first published in 1989 The Soviet presence and purposes in Latin America are a matter of great controversy yet no serious study was hitherto combined with a regional perspective concentrating on the nature and regional impact of Soviet activity on the ground and diplomatic analysis examining the strategic and ideological factors that influence Soviet foreign policy Nicola Miller's lucid and accessible survey of Soviet Latin American relations over the past quarter century demonstrates clearly that existing heavily geo political accounts distort the real nature of Soviet activity in the area closely constrained by local political social and geographical factors In a broadly chronological series of case studies Dr Miller argues that American counter influence apart enormous physical and communicational barriers obstruct Soviet Latin American relations and that the lack of economic complementarity imposes a natural obstacle to trading growth even Cuba often cited as proof of Soviet designs upon the area is only an apparent exception **Fidel Castro** Volker Skierka, 2014-09-04 Fidel Castro is one of the most interesting and controversial personalities of our time he has become a myth and an icon He was the first Cuban Caudillo the man who freed his country from dependence on the USA and who led his people to rediscover their national identity and pride Castro has outlived generations of American presidents and Soviet leaders He has survived countless assassination attempts by the CIA the Mafia and Cubans living in exile He has become one of the greatest politicians of the 20th Century His biography and the history of his country exemplify the tensions between East and West North and South rich and poor As Castro's life draws to a close the question as to what will become of Cuba is more important than ever Will Castro open Cuba to economic reform and democratization or stick to his old slogan socialism

or death In this remarkable up to date reconstruction of Castro s life Volker Skierka addresses these questions and provides an account of the economic social and political history of Cuba since Castro s childhood He draws on a number of little known sources including material from the East German communist archives on Cuba which were until recently inaccessible This is an exciting painstakingly researched and authoritative account of the life of one of the most extraordinary political figures of our time *Fidel* Fidel Castro,2005 An exclusive collection of Fidel Castro s remarkably frank writings about his formative years Features an introduction by Gabriel Garcia Marquez and includes previously unpublished personal reflections by the Cuban President *Fidel in Chile* Fidel Castro,1972 Historical Dictionary of Chile Salvatore Bizzarro,2017-02-13 This two volume Historical Dictionary of Chile covers the economy and the environment political parties and history and reprehensible period of dictatorship during a crucial time in Chile s history The end of the iron fist rule of Augusto Pinochet who ruled from 1973 until 1990 however allowed a return to democratic rule and the country kept searching for coherence and unity in national life among diverse and often discordant elements This fourth edition of Historical Dictionary of Chile contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Chile **The Catholic Church and Political Change in Chile, 1920-1978** Brian H.
