first of its kind to be published Women, Press, and Politics During the Irish Revival Karen Steele, 2007-04-23 *Women Press and Politics* explores the literary and historical significance of women writing for the most influential body of nationalist journalism during the Irish revival the advanced nationalist press This work studies women's writings in the Irish national tradition focusing in particular on leading feminine voices in the cultural and political movements that helped launch the Easter Rising of 1916 Augusta Gregory Alice Milligan Maud Gonne Constance Markievicz Delia Larkin Hanna Sheehy Skeffington and Louie Bennett Karen Steele argues that by examining the innovative work of these writers from the perspective of women's artistry and women's political investments we can best appreciate the expansive range of their cultural productions and the influence these had on other nationalists who went on to shape Irish politics and culture in the decades to come *Voice and Discourse in the Irish Context* Diana Villanueva Romero, Carolina P. Amador-Moreno, Manuel Sánchez García, 2018-02-13 This book examines the intersection of culture and language in Ireland and Irish contexts The editors take an interdisciplinary approach exploring the ways in which culture identity and meaning making are constructed and performed through a variety of voices and discourses This edited collection analyses the work of well known Irish authors such as Beckett Joyce and G B Shaw combining new methodologies with more traditional approaches to the study of literary discourse and style Over the course of the volume the contributors also discuss how Irish voices are received in translation and how marginal voices are portrayed in the Irish mediascape This dynamic book brings together a multitude of contrasting perspectives and is sure to appeal to students and scholars of Irish literature migration studies discourse analysis traductology and dialectology Masculinities and Manhood in Contemporary Irish Drama Cormac O'Brien, 2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism *Masculinities and Manhood in Contemporary Irish Drama* charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women's and Queer drama It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis *British Satire, 1785-1840, Volume 5* John Strachan, Steven E Jones, 2020-04-02 This set offers a representative collection of the verse satire of the Romantic period published between the mid 1780s and the mid 1830s As well as two single author volumes from William Gifford and Thomas Moore there is also a wealth of rare unedited
