Ecology of Kalimantan Kathy MacKinnon, Gusti Hatta, 2013-02-05. The Ecology of Kalimantan is a comprehensive ecological survey of one of Indonesia's largest and most diverse islands. This book presents a complete summary of our current scientific knowledge about Borneo including the rainforest and riverine habitats that are endangered by logging and industrial development along with a discussion of land use patterns and current problems. Kalimantan is the Indonesian portion of the huge island of Borneo. Kalimantan has played a key role in Indonesia's economic development and is a major earner of foreign revenue due to the island's rich natural resources: forests, oil, gas, coal and other minerals. In this book the authors argue that Kalimantan can be developed but within tight ecological constraints and with great care. This book remains a standard reference for scientists, anthropologists, writers and anyone interested in the region.

Soul Catcher Merle Ricklefs, 2018-07-31. Mangkunagara I 1726-95 was one of the most flamboyant figures of 18th century Java. A charismatic rebel from 1740 to 1757 and one of the foremost military commanders of his age, he won the loyalty of many followers. He was also a devout Muslim of the Mystic Synthesis style, a devotee of Javanese culture and a lover of beautiful women and Dutch gin. His enemies, the Surakarta court, his uncle the rebel and later Sultan Mangkubumi of Yogyakarta and the Dutch East India Company were unable to subdue him even when they united against him. In 1757 he settled as a semi-independent prince in Surakarta pursuing his objective of as much independence as possible by means other than war, a frustrating time for a man who was a fighter to his fingertips. Professor Ricklefs here employs an extraordinary range of sources in Dutch and Javanese among them Mangkunagara I's voluminous autobiographical account of his years at war, the earliest autobiography in Javanese so far known to bring this important

figure to life As he does so our understanding of Java s devastating civil war of the mid 18th century is transformed and much light is shed on Islam and culture in Java **Ecology of Java & Bali** Anthony J. Whitten, Roehayat Emon
