

Fieldings Britain 1993

John O'Brien

Fieldings Britain 1993:

The Labour Governments 1964-70, Volume 1 Steven Fielding, 2003 This book looks at how the British Labour Party came to terms with the 1960 s cultural revolution specifically changes to the class structure place of women black immigration the generation gap and calls for direct political participati **The Labour governments 1964-1970 volume**

1 Steven Fielding, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This book looks at how the British Labour Party came to terms with the 1960 s cultural revolution specifically changes to the class structure place of women black immigration the generation gap and calls for direct political participation *Serials in the British Library*, 1994 *A Short Introduction to Social Research* Matt Henn, Mark

Weinstein, Nick Foard, 2005-12-15 This book introduces students and researchers to the key ideas and issues that inform research practice Authors Matt Henn Mark Weinstein and Nick Foard provide a clear and easy to understand roadmap to help the reader plan their research project from beginning to end This book is perfect for use on introductory methods courses and is also an invaluable guide for the first time researcher embarking on their own small scale research project It is the intention of this book to prepare students and new researchers for their research project Brilliantly written throughout this is your essential guide to the theory of research the practice of research and the best ways to plan and manage your research **Psychological socialism** Jeremy Nuttall, 2013-07-19 To Labour s first Prime Minister Ramsay MacDonald

socialism meant not only satisfactory figures of death rates and improved houses but also the mental cleanliness the moral robustness of our people This book explores the neglected theme of individual character and mental qualities in British social democratic thought and Labour Party history How important was it for the centre left that citizens be good people What was the relationship between socialism and psychology in the 1930s Did Labour s technocratic statist socialism of the 1950s and 1960s downgrade moral and mental progress Why was the party often more concerned to produce a rationally planned economy that rational independent minded citizens Does New Labour represent a sidelining of ethical socialism or a re birth of the pre war left s belief in improvement through education and self control **Migration in Britain** Tony Fielding, 2012

This landmark book sets new standards in the analysis of internal migration in the UK With a focus on the drivers of migration knowledge of economic social demographic political and environmental factors is advanced Identifying the impacts of environmental change and future trends of migration the book delivers impressive original up to date findings of UK internal migration The book is an essential resource for students scholars and practitioners grappling with the complexities of emergent and entrenched patterns and processes of migration Darren P Smith Loughborough University UK Fielding s book on contemporary internal migration in Britain comprises a magisterial review of a complex topic It moves very logically from the description of the migration patterns through discussion of the key drivers onto policy oriented speculation about future developments in the light of alternative scenarios of economic social and environmental change The author has a

refreshingly direct and authoritative style that puts his own personal stamp on the book making for a compelling but also thought provoking read Tony Champion Newcastle University UK Fielding provides us with a fascinating authoritative and up to date picture of internal migration in the UK together with a masterful synthesis of the explanations that underpin the spatial patterns of migration at regional and sub regional scales He exposes some of the paradoxes apparent in historical migration behaviour and he also speculates creatively on what might be the impacts of environmental vis vis socio economic drivers on internal migration in the future under different scenarios John Stillwell University of Leeds UK Those who need to migrate the most perhaps due to low paid or insecure jobs tend to actually migrate the least while those who need to migrate the least for example those who have secure well paid jobs tend to actually migrate the most This is one of the many paradoxes about internal migration in Britain that are explored in this topical and timely book by Tony Fielding Migration in Britain takes a fresh look at the patterns of migration at both the regional and local levels and develops new theoretical frameworks and novel methods to explain these patterns It anticipates British society and its internal migration flows fifty years hence in the absence of climate change and comes to judgments about how and in what ways these migration flows might be affected by climate change Developing new approaches to explain migration patterns this book will appeal to academics researchers postgraduate and undergraduate students of population migration as well as businesses concerned with housing and utilities Anyone with a general interest in migration issues including the impacts of and adaptation to climate change will find much to interest them in this insightful book

Harlequin Britain John O'Brien, 2004-07-28 In the fall of 1723 two London theaters staged almost simultaneously pantomime performances of the Faust story Unlike traditional five act plays pantomime a bawdy hybrid of dance music spectacle and commedia dell arte featuring the familiar figure of the harlequin at its center was a theatrical experience of unprecedented accessibility The immediate popularity of this new genre drew theater apprentices to the cities to learn the new style and pantomime became the subject of lively debate within British society Alexander Pope and Henry Fielding bitterly opposed the intrusion into legitimate literary culture of what they regarded as fairground amusements that appealed to sensation and passion over reason and judgment In Harlequin Britain literary scholar John O'Brien examines this new form of entertainment and the effect it had on British culture Why did pantomime become so popular so quickly Why was it perceived as culturally threatening and socially destabilizing O'Brien finds that pantomime's socially subversive commentary cut through the dampened spirit of debate created by Robert Walpole's one party rule At the same time pantomime appealed to the abstracted taste of the mass audience Its extraordinary popularity underscores the continuing centrality of live performance in a culture that is most typically seen as having shifted its attention to the written text in particular to the novel Written in a lively style rich with anecdotes Harlequin Britain establishes the emergence of eighteenth century English pantomime with its promiscuous blending of genres and subjects as a key moment in the development of modern entertainment culture

A Political Biography of Henry Fielding J A

Downie,2015-10-06 Existing accounts of Fielding s political ideas are insufficiently aware of the structure of politics in the first half of the eighteenth century and of the ways in which Whig political ideology developed following the Revolution of 1688 This political biography explains and illustrates what being a Whig meant to Fielding **Social work and Irish people in Britain**

Garrett, Paul Michael,2004-06-23 Dominant social work and social care discourses on race and ethnicity often fail to incorporate an Irish dimension This book challenges this omission and provides new insights into how social work has engaged with Irish children and their families historically and to the present day The book provides the first detailed exploration social work with Irish children and families in Britain examines archival materials to illuminate historical patterns of engagement provides an account of how social services departments in England and Wales are currently responding to the needs of Irish children and families incorporates the views of Irish social workers and acts as a timely intervention in the debate on social work s modernisation agenda The book will be valuable to social workers social work educators and students Its key themes will also fascinate those interested in race and ethnicity in Britain in the early 21st century **A History of Police and Masculinities, 1700-2010**

David Barrie,Susan Broomhall,2012-07-26 This unique collection brings together leading international scholars to explore how ideologies about masculinities have shaped police culture policy and institutional organization from the eighteenth century to the present day It addresses an under researched area of historical inquiry providing the first in depth study of how gender ideologies have shaped law enforcement and civic governance under old and new police models tracing links continuities and changes between them The book opens up scholarly understanding of the ways in which policing reflected sustained embodied and enforced ideas of masculinities in historic and modern contexts as well as how conceptions of masculinities were and continue to be interpreted through representations of the police in various forms of print and popular culture The research covers the UK Europe Australia and America and explores police typologies in different international and institutional contexts using varied approaches sources and interpretive frameworks drawn from historical and criminological traditions This book will be essential reading for academics students and those interested in gender culture police and criminal justice history as well as police practitioners

Assessment and Evaluation of Health and Medical Care Crispin Jenkinson,1997-09-16 A comprehensive methods text describing the variety of approaches available in the assessment and evaluation of health and medical care The text not only describes the principles of randomized controlled trials case control studies cohort studies and social surveys but also the value of qualitative methods in gaining an understanding of healthcare Chapters are also included on the principles and problems of measuring outcomes in terms of patient satisfaction and quality of life and assessing the economic value of treatments The specific methodological problems of screening are discussed and a final chapter outlines the issues surrounding meta analysis and systematic reviews Gender and Policing Louise Westmarland,2002 Derived from extensive ethnographic research involving police responses to gangland shootings high speed car chases as well as more routine

policing activities this book examines the way police attitudes and beliefs combine to perpetuate a working culture which is dependent upon traditional conceptions of male and female In doing so it challenges previously held assumptions about the way women are harassed manipulated and constrained focusing rather on the more subtle impact of structures and norms within police culture **Urban Redevelopment and Modernity in Liverpool and Manchester, 1918-1939** Charlotte

Wildman,2016-09-22 This book is open access and available on www.bloomsburycollections.com It is funded by Manchester University Faced with economic decline unprecedented levels of unemployment and new forms of political extremism during Britain's last great economic crash politicians and planners in Liverpool and Manchester responded by investing in dramatic and ambitious programmes of urban regeneration *Urban Redevelopment and Modernity in Liverpool and Manchester 1918-1939* is the first book to provide the hitherto unknown story of the innovative transformation of these cities Charlotte Wildman challenges academic scholarship in British history which associates the post 1918 period with the emasculation of local government and the decline of civic culture She shows that local politicians planners architects businessmen and even religious leaders embraced innovative trends in creating distinct forms of urban modernities which particularly changed the way women experienced the transformed city *Urban Redevelopment and Modernity in Liverpool and Manchester 1918-1939* offers a complex interactive and multipolar interpretation of the ways cities develop pointing to new methods and ways of understanding both interwar Britain and urban history more generally At a time of debate and discussion about devolution and decentralisation of government this book makes an opportune contribution to debates about urban governance and regionalism in contemporary Britain *A Political Biography of Eliza Haywood* Kathryn R King,2015-10-06

While under arrest in 1750 on suspicion of producing a seditious pamphlet Eliza Haywood insisted she never wrote anything in a political way This study of the life and works the first full length biography of Haywood in nearly a century takes the measure of her duplicity Practical Social Investigation Richard Lampard,Christopher Pole,2015-10-15

Practical Social Investigation provides within a single text an introduction to a wide range of both long standing and newer social research methods Its balanced and integrated coverage of qualitative and quantitative approaches demonstrates that they can be complementary While research practice is emphasised readers are encouraged to reflect on methodological issues as well as being provided with tools for their own research This coherent accessibly written book draws upon the authors extensive experience of conducting research and teaching research methods Numerous examples based on real research studies illustrate key issues in a way that acknowledges both the messiness and the creativity of social research **Social Research** Matthew

David,Carole D Sutton,2004-04-10 This is a general and integrated introduction to qualitative and quantitative research design data collection and analysis in the social sciences field and includes comprehensive and practical instruction including screenshots on the use of analysis software The Eighteenth-Century Novel and the Secularization of Ethics Dr Carol

Stewart,2013-04-28 Linking the decline in Church authority in the late seventeenth and early eighteenth centuries with the

increasing respectability of fiction Carol Stewart provides a new perspective on the rise of the novel The resulting readings of novels by authors such as Samuel Richardson Sarah Fielding Frances Sheridan Charlotte Lennox Tobias Smollett Laurence Sterne William Godwin and Jane Austen trace the translation of ethical debate into secular and gendered terms Stewart argues that the seventeenth century debate about ethics that divided Latitudinarians and Calvinists found its way into novels of the eighteenth century Her book explores the growing belief that novels could do the work of moral reform more effectively than the Anglican Church with attention to related developments including the promulgation of Anglican ethics in novels as a response to challenges to Anglican practice and authority An increasingly legitimate genre she argues offered a forum both for investigating the situation of women and challenging patriarchal authority and for challenging the dominant political ideology

The Age of Reasons Wendy Motooka, 2013-05-13 Wendy Motooka contends that the Age of Reason was actually an Age of Reasons Joining imaginative literature moral philosophy and the emerging discourse of the new science she seeks to historicise the meaning of eighteenth century reason and its supposed opposites quixotism and sentimentalism Reading novels by the Fieldings Lennox and Sterne alongside the works of Adam Smith Motooka argues that the legacy of sentimentalism is the social sciences This book raises our understanding of eighteenth century British culture and its relation to the rational culture of economics that is growing ever more pervasive today

The State of Social Welfare John C. Dixon, Robert P. Scheurell, 2002-02-28 With the end of the 20th century Dixon and Scheurell decided it was an opportune time to critically assess what governments have achieved with their plethora of public social welfare policies While Marxist socialists democratic socialists social democrats and reluctant collectivists were all eager at various times to construct their vision of the ideal society the idea of state welfare was slow to take root As Dixon and Scheurell point out at the turn of the century only a handful of industrializing countries were willing to grapple with the problems of poverty inequality and social exclusion Two world wars and the Great Depression of the 1930s however sensitized many societies to the human social and even political costs of unmet social welfare needs Thus the milieu needed for the birth of state welfare came into existence first in Western Europe then in Australasia followed by North and South America and finally in parts of the Middle East Asia and Africa The state welfare dream was that citizenship would guarantee every individual a secure lifestyle with a minimum degree of insecurity and the wherewithal to develop to the greatest possible extent as individuals and as members of society It is Dixon and Scheurell argue the most significant set of social institutions developed in the 20th century Admittedly it is one that had within it the seeds of its own potential destruction the vicious circle of growing welfare dependency increasing state control deepening poverty and the emergence of an intractable underclass that has legitimized calls for the individualization of the social Undoubtedly this collection of essays on key states charting the rise and fall of state welfare examines a monumental 20th century event and will be of interest to scholars researchers and students involved with social welfare issues as well as policy makers and concerned citizens

Women, Gender, and Print Culture in

Eighteenth-Century Britain Temma Berg, Sonia Kane, 2013-10-03 This edited collection a tribute to the late noted eighteenth century scholar Betty Rizzo testifies to her influence as a researcher writer teacher and mentor The essays written by a range of established and younger eighteenth century specialists expand on the themes important to Rizzo the importance of the archive the contributions of women writers to the canon of eighteenth century literature and to an emerging print culture the sometimes fraught relations within the eighteenth century family the relationship between life and literature and finally the role of female companionship in women s lives Divided into three sections Living in the Eighteenth Century Novel Living in the Eighteenth Century World and Afterlives the fourteen essays that form the body of the collection treat such topics as epistolarity fraternal relations in novels and in families women and travel in Jane Austen s novels the pleasures and challenges of searching through archives to understand the complex entanglements of eighteenth century families the changing reception of Alexander Pope s poetry and intersections among race class gender and sexuality in a famous early nineteenth century Scottish libel case The final essay of the fourteen connects the archetypal eighteenth century figure of the seduced and abandoned woman to Sophie Calle s 2007 Venice Biennale exhibition entitled Take Care of Yourself which the author reads as a direct descendant of the eighteenth century letter novel The book is framed by an introduction that situates the book as part of the ongoing redefinition of the archive of eighteenth century literature and an afterword that gives a personal account of Rizzo s career and her indelible legacy as friend mentor and professional model The contributors use a variety of methods in their scholarship but a common strand is archival research and close reading inflected by feminist analysis The book will appeal to students and scholars of eighteenth century British literature and culture and to those interested in women s writing and women s relationships in the eighteenth century and today and in feminist literary history The contributors to the volume practice the kind of scholarship Rizzo was known for painstaking archival research and attention to the nuances of relationships among eighteenth century women and men and in so doing shed new light on a number of familiar and not so familiar eighteenth century texts

This Enthralling Realm of E-book Books: A Detailed Guide Unveiling the Benefits of E-book Books: A World of Ease and Flexibility Kindle books, with their inherent mobility and ease of availability, have liberated readers from the limitations of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for particular titles in shops. E-book devices, sleek and lightweight, seamlessly store an wide library of books, allowing readers to indulge in their favorite reads whenever, everywhere. Whether traveling on a busy train, relaxing on a sun-kissed beach, or just cozying up in bed, E-book books provide an exceptional level of ease.
