*The Fiery Hunt and Other Plays* Charles Olson, 1977      *The Fiery Hunt and Other Plays* Charles Olson, 1977      *The Fiery Hunt & Other Plays* Charles Olson, 1977      **A Guide to The Maximus Poems of Charles Olson** George F. Butterick, 2023-11-15 A Guide to the Maximus Poems of Charles Olson offers an essential companion to Olson's monumental and intricate Maximus Poems. This scholarly guide navigates the complexities of Olson's allusive and expansive verse, which spans themes from local Gloucester history to universal mythologies. With nearly 4,000 annotations, the guide meticulously decodes references to historical figures, literary works, geographical landmarks, and philosophical concepts. It moves line by line, offering insight into Olson's sources and intellectual framework, including his borrowings from Algonquin legends, Arabic angelology, and Whitehead's cosmology. Rich with unpublished material from Olson's papers, as well as letters, interviews, and classroom notes, the guide aims to equip readers with the tools to actively engage with Olson's text, uncovering its layered meanings through his principle of *istoria* to find out for oneself. Structured chronologically rather than alphabetically, the guide mirrors the progression of Olson's three-volume epic, weaving historical scholarship with interpretive clarity. Each annotation situates Olson's references in context, revealing the intricate interplay between history, myth, and the poet's life in Gloucester. The guide further illuminates Olson's creative process, tracing the evolution of his ideas through drafts, personal correspondences, and published works. Designed as both a reference and an entry point into Olson's ambitious poetic project, it not only deepens appreciation for *The Maximus Poems* but also serves as a model for literary scholarship, inviting readers to engage with Olson's world on their own intellectual journey. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1980.

**Contemporary Olson** David Herd, 2016-05-16 As poet, critic, theorist, and teacher, Charles Olson extended the possibilities of modern writing. From *Call Me Ishmael*, his pioneering study of Herman Melville, to his epic poetic project *The Maximus Poems*, Olson probed the relation between language, space, and community. Writing in the aftermath of the Second World War, he provided radical resources for the reimagining of place and politics; resources for collective thought and creative practice we are still learning how to use. Re-situating Olson's work in relation both to his own moment and to current concerns, the essays assembled in *Contemporary Olson* provide a major re-assessment of his place in postwar poetry and culture. Through a series of contextualising chapters, discussions of individual poems, and reflections on Olson's legacy by leading international writers and critics, the book presents a poet who still informs contemporary poetry, whose thought and compositional innovations continue to provoke. Remote as some of his fascinations must now seem, Olson is shown nonetheless to offer a poetry and poetics that speaks clearly to our own fraught historical moment. *Contemporary Olson* opens this major writer to new
