E. Baumgaertner, 2009-09-11 A Timeline of Fifteenth Century England covers the broad stretch between the Edwards of the fourteenth century and the Tudors of the sixteenth It begins with the Lancastrian usurpation and ends with the death of the first Tudor King Packed in between the throne of England was usurpted six times England was invaded seven times by Englishmen several times by the French and some dozen times by the Scots The fifteenth century saw the last phase of the Hundred Years War a heroic and frustrating thirty five year struggle and the entire Wars of the Roses another thirty five years of internecine bloodshed including the bloodiest battle ever fought on English soil Three different dynasties ruled England by seven different kings including the shortest reign of an English king since the Norman invasion Meanwhile English kings began to use English as the preferred written language and the first book was printed in England Parliament grew particularly strong the King became a Constitutional Monarch and England transformed from late medievalism into a reformation that led to the Renaissance All this occurred during periods of corruption and chaos murder and mayhem treachery and betrayal and war and rebellion interspersed with occassional periods of peace and properity It has been said that no King can rule the English for long without fighting a war and the fifteenth century proves the point Within these pages lies a timeline documenting all the key events and contrasting personalities of this turbulent period from beginning to end Crown, Household and Parliament in Fifteenth Century England A.
