The Writer and the Cross Darren J.N. Middleton, 2022-06-27 Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life and Christians are no exception Many followers of Jesus value beautifully written deftly characterized and pulse quickening literary art that seems more satisfying than dry tedious doctrinal textbooks This book surveys 12 pieces of historical fiction that feature notable Christian thinkers They include an illustrated children's book about St Irenaeus of Lyons a novel about Martin Luther's Reformation a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style Rather than arcane literary analyses this book provides thoughtful and sometimes painful interviews with the authors of the covered works Most interviewees are little known or emerging writers Some have published their work with a church or denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction

William of Malmesbury and the Ethics of History Sigbjørn Olsen Sønnesyn, 2012 William of Malmesbury arguably the greatest English historian of the twelfth century repeatedly emphasises that the primary purpose of all literary and intellectual activities is to provide moral instruction for the reader the most famous of his statements to this effect being found in his monumental work *Gesta Regum Anglorum* where he categorises history as a sub discipline of ethics However modern studies have chosen to focus on other aspects of William's oeuvre and tended to dismiss such claims as perfunctory nods to a pious commonplace This book differs from recent orthodoxy by being based on the proposition that medieval professions of the moral aims of historiography are in fact genuine It seeks to read William's celebrated historical works in the light of his devotional and didactic texts and in the context of the religious intellectual and literary traditions to which he expressed his allegiance He also demonstrates how William's conception of ethics forms a constitutive element of his historical output The resulting image of William shows a committed monk and man of his time placing his extraordinary learning at the service of his culture his society and his faith Publisher's website
