On The Wire Linda Williams, 2014-08-08 Many television critics legions of fans even the president of the United States have cited The Wire as the best television series ever In this sophisticated examination of the HBO serial drama that aired from 2002 until 2008 Linda Williams a leading film scholar and authority on the interplay between film melodrama and issues of race suggests what exactly it is that makes The Wire so good She argues that while the series is a powerful exploration of urban dysfunction and institutional failure its narrative power derives from its genre The Wire is popular melodrama not Greek tragedy as critics and the series creator David Simon have claimed Entertaining addictive funny and despairing all at once it is a serial melodrama grounded in observation of Baltimore s people and institutions of cops and criminals schools and blue collar labor local government and local journalism The Wire transforms close observation into an unparalleled melodrama by juxtaposing the good and evil of individuals with the good and evil of institutions

Let's Keep Talking Yael Goldman Baldwin, 2018-05-08 Let s Keep Talking Lacanian Tales of Love Sex and Other Catastrophes is a collection of original Lacanian case studies of young people today as they struggle with their own modern existential dilemmas of sex and love life and death The context background and forms of expression may be contemporary but the clients problems structures and existential dilemmas are quite classic The five narrative tales highlight the role a Lacanian orientation played in the interactions formulations and results from initial meetings to terminations Grounded in concrete clinical material the case studies illuminate specific and universal themes of human suffering and how we can treat that suffering by speaking Yael Baldwin argues that in our cultural milieu of connective technologies and the rise of biotechnology and psychopharmacology in particular we are in need of mental health treatment methods that highlight talking and relationships as essential to our personhood our suffering and our healing and growth Let s Keep Talking argues that now more than ever we need the endeavour of analytic talk therapy
