nightmarish fiction or an aspiring writer with a penchant for action and dark themes this chapbook provides a glimpse into the mind and processes of one of Australia's most prominent writers of horror fiction *The Fourth Dimension of a Poem: and Other Essays* M. H. Abrams, 2012-09-03 A new collection of essays by the legendary literary scholar and critic In the year of his one hundredth birthday preeminent literary critic scholar and teacher M H Abrams brings us a collection of nine new and recent essays that challenge the reader to think about poetry in new ways In these essays three of them never before published Abrams engages afresh with pivotal figures in intellectual and literary history among them Kant Keats and Hazlitt The centerpiece of the volume is Abrams's eloquent and incisive essay *The Fourth Dimension of a Poem* on the pleasure of reading poems aloud accompanied by online recordings of Abrams's revelatory readings of poems such as William Wordsworth's *Surprised by Joy* Alfred Tennyson's *Here Sleeps the Crimson Petal* and Ernest Dowson's *Cynara* The collection begins with a foreword by Abrams's former student Harold Bloom *Unto This Last and Other Writings* John Ruskin, 2005-12-01 First and foremost an outcry against injustice and inhumanity *Unto this Last* is also a closely argued assault on the science of political economy which dominated the Victorian period Ruskin was a profoundly conservative man who looked back to the Middle Ages as a Utopia yet his ideas had a considerable influence on the British socialist movement And in making his powerful moral and aesthetic case against the dangers of unhindered industrialization he was strangely prophetic This volume shows the astounding range and depth of Ruskin's work and in an illuminating introduction the editor reveals the consistency of Ruskin's philosophy and his adamant belief that questions of economics art and science could not be separated from questions of morality In Ruskin's words *There is no Wealth but Life* **The Friends' Library: Comprising Journals, Doctrinal Treatises, and Other Writings of Members of the Religious Society of Friends** William Evans, 1846 *Anton Tchekhov, and Other Essays* Lev Shestov, 2022-09-04 In *Anton Tchekhov and Other Essays* Lev Shestov presents a profound exploration of Tchekhov's literary genius through a philosophical lens Shestov's essays blend critical analysis with existential thought illustrating how Tchekhov's works capture the essence of human fragility and the absurdities of life With a stylistic clarity and depth Shestov interweaves biographical context with textual interpretations revealing Tchekhov's influence amidst the broader currents of Russian literary modernism This collection invites readers to engage with Tchekhov's themes of suffering morality and the search for meaning within the human experience Lev Shestov a pivotal figure in 20th century Russian philosophy is known for his existentialist and sometimes mystic views which deeply inform his writings Torn between his Russian roots and European influences Shestov's insights into Tchekhov reflect his own struggles with faith doubt and the complexities of existence Shestov's literary career was shaped by his belief in the power of literature to confront life's existential dilemmas making this collection a natural extension of his philosophical inquiries Readers who seek a deeper understanding of Tchekhov's work will find Shestov's essays indispensable By melding literary criticism with philosophical reflection this collection not only enriches one's appreciation of Tchekhov's texts but also

prompts introspection about our own existence Shestov's unique perspective offers a compelling invitation to explore the intricate dance between tragedy and comedy that defines the human condition

Fighting Prosaic Messages Henry C Amoroso Jr, 2018-04-11

Part historical fiction part memoir part philosophy of education this book begins with a story about a woman's immigration into the U S and how three of her generations struggled in the U S school system The book ends with an analysis of why many students fail in school and what we can do about it Through story and analysis this book offers a critique of the U S education system in 3 parts Part one imagines what the immigration experience was like in the past and reads like historical fiction Part two looks at the ensuing three generations in the present and reads like a memoir Part three gleans lessons from the story as a whole for what we can do better in the future In the historical fiction part a Sicilian woman named Rose emigrates to the U S at the turn of the twentieth century Knowing no English and illiterate but armed with a moral intelligence she struggles in this strange world of the free rubs shoulders with some of the great thinkers of her day and discusses the nature of education with them She's one of the many prosaic heroes history books and schools sometimes forget In the memoir part Rose's son Henry the author's father drops out of school in the eighth grade to help his single mom by selling newspapers he never thought he was smart enough for school anyway His son Henry Jr goes all the way in school to obtain a PhD but struggles to find a voice along the way Henry Jr's son Justin was seemingly born with an expressive voice but in his shuffle to conform to

the school system almost lost it In these 3 cases we see 3 types of students who often fail in school in general In the final analysis part the book reflects on these prosaic cases to understand why so many U S students fail The theme that emerges parallels the traditions of Rousseau Dewey and Montessori students at heart are good and educators are most effective when they treat them as such students learn best by doing and this includes moral doing and students become intrinsically motivated to learn if allowed to think critically creatively and to find their voices If democracy depends on an informed citizenry the questions this book raises about school failure are critical to the future of our nation J A
