learning invaluable lessons from them **"2024"** Joe Martin,2023-11-08 It seems we have not internalized the lessons of George Orwell's dystopian vision in 1984. Now forty years later that terrifying notion is becoming a reality. Winston Smith experiences firsthand the horrors of the totalitarian system, a system that takes control of every aspect of daily life with sophisticated and cruel efficiency. A system that clutches each of us with a cold claw. Right now we all live in an illusion of freedom, but one that is increasingly curtailed. If we are not vigilant, we too could be enslaved for good, becoming functioning machines in a repressive and inhumane system of control. The year 2024 is not dystopian fiction, but an urgent warning we must resist the plans of governments and powerful corporations that threaten our freedom. While digitization offers incredible opportunities for humanity, it also poses dangers. It is our duty to ensure that no one intentionally or unintentionally abuses digitization as a modern ankle bracelet. An ankle bracelet that forces us onto the benches of a punishment gallery where we have no choice but to row until we drop dead while being monitored seamlessly at every moment. Under omnipresent surveillance and control, it is possible to instantly identify and punish any misconduct or political opinion, so the very thought of resisting the system becomes unthinkable. It is time to fight together for a just, free, and democratic future in which digitization does not subjugate us but serves us and supports us in our pursuit of happiness and self-realization.

Winning Marriage Marc Solomon,2015-09-08 In this updated paperback edition of *Winning Marriage*, Marc Solomon, a veteran leader in the movement for marriage equality, gives the reader a seat at the strategy setting and decision-making table in the campaign to win and protect the freedom to marry. With depth and grace, he reveals the inner workings of the advocacy movement that has championed and protected advances won in legislative, court, and electoral battles over the years, since the landmark Massachusetts ruling guaranteeing marriage for same-sex couples for the first time. The paperback edition includes a new afterword on the historic 2015 Supreme Court ruling on marriage that includes practical lessons from the marriage campaign that are applicable to other social movements. From the gritty clashes in the state legislatures of Massachusetts and New York to the devastating loss at the ballot box in California in 2008 and subsequent ballot wins in 2012 to the joys of securing President Obama's support and achieving ultimate victory in the Supreme Court, Marc Solomon has been at the center of one of the great civil and human rights movements of our time. *Winning Marriage* recounts the struggle with some of the world's most powerful forces: the Catholic hierarchy, the religious right, and cynical ultraconservative political operatives, and the movement's eventual triumph.

The next red wave is coming. November 3, 2020. We face battles on many fronts. The Deep State bureaucracy will stop at nothing to undermine the conservative agenda, even when that's the agenda.

chosen by the American voter The liberal bureaucracy will continue to work alongside former liberal government officials from yes the Obama Administration and Team Clinton In this election the Left s prized goal exclusively will be defeating President Donald Trump by whatever means necessary A red wave that surpasses the turnout and figures of the historic 2016 election will be the only way to win Our opponents won t be caught off guard by President Trump again I promise you the DNC and liberal activists organizations began working on plans to defeat President Trump in 2020 before he was even inaugurated in 2017 In fact we have evidence of FBI officials attempting to undermine President Trump as he was preparing to take the Oath of Office So called progressives and the radical Left relentlessly force their liberal agenda on the American people Even when Republican majorities control both houses of Congress the deck can feel stacked against us The confirmation hearings for Justice Kavanaugh are a good reminder about the chaos liberals can cause even when they are in the minority Now Democrats control the House of Representatives while Republicans maintain control of the U S Senate We deserve better All Americans deserve better We deserve politicians who keep their promises The only way to force action and hold our elected officials accountable is to know the issues and engage the political process But it s more than just fulfilling our civic duty at the ballot box It s being actively engaged in public discourse in between elections Battles important battles are won far more often in the court of public opinion than in any federal courtroom These battles affect our lives every single day It s time to fight back and come together to generate the next red wave We can t wait another moment Now is the time to do it It really is up to us The clock is ticking
