Augustinian Platform Between Reform and Reformation, 1292-1524 Eric Leland Saak, 2021-12-28 This volume reveals the political religious theological institutional and mythical ideals that formed the self identity of the Augustinian Order from Giles of Rome to the emergence of Martin Luther Based on detailed philological analysis this interdisciplinary study not only transforms the understanding of Augustine's heritage in the later Middle Ages but also that of Luther's relationship to his Order The work offers a new interpretative model of late medieval religious culture that sheds new light on the relationship between late medieval Passion devotion the increasing demonization of the Jews and the rise of catechetical literature It is the first volume of a planned trilogy that seeks to return late medieval Augustinian theology to the historical context of Augustinian religion *Conflict, Conquest, and Conversion* Eleanor Tejirian, Reeva Spector Simon, 2014-10-07 Conflict Conquest and Conversion surveys two thousand years of the Christian missionary enterprise in the Middle East within the context of the region's political evolution Its broad rich narrative follows Christian missions as they interacted with imperial powers and as the momentum of religious change shifted from Christianity to Islam and back adding new dimensions to the history of the region and the nature of the relationship between the Middle East and the West Historians and political scientists increasingly recognize the importance of integrating religion into political analysis and this volume using long neglected sources uniquely advances this effort It surveys Christian missions from the earliest days of Christianity to the present paying particular attention to the role of Christian missions both Protestant and Catholic in shaping the political and economic imperialism of the nineteenth and twentieth centuries Eleanor H Tejirian and Reeva Spector Simon delineate the ongoing tensions between conversion and the focus on witness and good works within the missionary movement which contributed to the development and spread of nongovernmental organizations Through its conscientious systematic study this volume offers an unparalleled encounter with the social political and economic consequences of such trends

Anyanwu, 2022-11-30 Given the consistent challenge of Islamist acute violence particularly in Nigeria this monograph attempts to respond to the question How can Jesus s followers pattern response to violence after Jesus s model demonstrated in his triumph over death evil sin and violence through staurocentric pathways And how can Jesus s followers in Nigeria adopt the same staurocentric model in order to not only overcome acute violence within the country but also to extend hands heads hearts and homes of staurocentric forgiveness hospitality and other practices toward Muslims In this study I posit that peacebuilding contextual theology be grounded on the mystery of the cross stauros a theologico theoretical framework that the church in Nigeria should espouse in order to position herself to extend hands heads hearts and homes of staurocentric practices whose appropriation must be undertaken through constructive and critical integration of the God given African peacebuilding concepts autochthonous to Africa s mosaic cultural contexts The pivotal thesis is that the staurocentric model remains the triune God s instrument for triumphing over violence and thus should be espoused by Jesus s followers in every era and context for peacebuilding in contexts of violence through a triadic constructive and critical integration of indigenous peacebuilding concepts
