

Georg Heym

Bernt Ture von zur Mühlen

Georg Heym:

Georg Heym Bernt Ture von zur Mühlen, 2022-10-11 **Transplantings** Peter Viereck, 2017-09-08 On being told that translation is an impossible thing Anatole France replied precisely my friend the recognition of that truth is a necessary preliminary to success in art The task of Transplantings is to add flesh and bones to that familiar quip Indeed Daniel Weissbort notes that Viereck's study represented a sixty five year long project Now it is finally being brought to print in its full form with the completion of the final manuscript shortly before Viereck's death If translation is a special genre in its own right the translation of poetry especially from major foreign languages is a special subset of that genre What emerges in the imperfect act of translation is an aesthetic dimension that Viereck considers unique in its own right Transplantings provides new insight into Viereck as a poet of substance but more than that as a public intellectual He is critical in probing the work of the major figures such as Stefan George and Georg Heym To round out this monumental new look at German poetical history Viereck reviews Goethe Novalis and Rilke among others For Viereck the difference between the poetical and the political is critical The quality of poetry is not measured by politics nor can the worth of political action be defined by commitment to the poetical The experience of German thought as well as French and Italian efforts reveals a divide that can be narrowed but hardly bridged by rhetoric Transplantings does not simplify the task of the reader Rather it shows without doubt that the passion of great poetry is part of a national tradition Efforts at translation indicate how such poetry becomes part of an international culture This is a major work by one of the great thinkers of the twentieth century It merits reading and then re reading *Black Peninsulas* Georg Heym, 1985 *German Literature of the Twentieth Century* Ingo Roland Stoehr, 2001 Traces literary developments in the German speaking countries from 1900 to the present This study of German literature in the past hundred years sets its subject clearly in the artistic and political context of developments in Western Europe during the century It begins with the turn of the century aestheticism and visions of decay led by Schnitzler Hofmannsthal and other Austrian writers and the quite different explosion of new artistic energy in the Expressionist and Dada movements These movements are succeeded by the rise of Modernism culminating in the inter war years the poetry of Rilke Brecht's epic theatre and novels by Thomas Mann Kafka Hesse Musil Döblin and Broch the influence of Nazism on literary production is considered The study of developments after 1945 reflects the struggle to establish a post Holocaust literature and to deal with the questions posed by the political division of Germany Finally the convergence of East and West German literature after unification is addressed Ingo R Stoehr teaches literature at Kilgore College Texas and is editor of the bilingual journal of German literature in English translation *Dimension 2* *Georg Heym; a Reluctant Rebel* Egbert Krispyn, 1968 **Poet of Expressionist Berlin** Patrick Bridgwater, 1991 Holderlin Buchner Shelley Keats Baudelaire Van Gogh and Munch Bridgwater ends his study with a discussion of Heym's place in the general topography of neo romanticism and German Expressionism and cautions against too strict a confinement within Expressionist categories of the work of one

of the major voices of early twentieth century German literature *First World War Poetry* Jon Silkin, 1997-02-01 A selection of poetry written during World War I In the introduction Jon Silkin traces the changing mood of the poets from patriotism through anger and compassion to an active desire for social change The book includes work by Sassoon Owen Blunden Rosenberg Hardy and Lawrence *The Wide White Page* Bill Manhire, 2004 The wide white page spans eight centuries of writing from Dante's epic account of Ulysses's last southbound ocean journey to Michael Chabon's writing of a WWII US army base on the ice in Kavalier and Clay There is fiction and poetry from nearly a dozen different countries and genres range from Coleridge's Rime of the ancient mariner via H P Lovecraft's Gothic fantasy and Kim Stanley Robinson future fiction to the surreal comedy of Monty Python's Scott of the Sahara book jacket **A Companion to the Literature of German Expressionism** Neil H. Donahue, 2005 New essays examining the complex period of rich artistic ferment that was German literary Expressionism German 20th Century Poetry Reinhold Grimm, Irmgard Elsner Hunt, 2001-01-01 This collection features a cogent introduction and includes representative poems by some 60 modern poets including Ingeborg Bachmann Gottfried Benn Berthold Brecht Paul Celan Gnnter Eich Gnnter Grass Georg Heym Hugo von Hofmannsthal Franz Kafka Gnnter Kunert Gertrud Kolmar Friederike Mayr cker Rainer Maria Rilke Nelly Sachs and many others *Text* W. S. Hill, Edward M. Burns, 2000-12 Another volume in the distinguished annual **Poems** Georg Heym, 2004 Georg Heym was one of the towering figures of the great age of modern German poetry despite having drowned at the age of 24 A poet of the big city he takes the tradition to its limits his dark imagery and horrific visions conveyed in tight metric forms of inexorable force foreshadowing the experience of both world wars Hasler's is the fullest selection to appear in English Metapolitics Peter Viereck, 2017-07-12 More than half a century after the fall of the Third Reich Nazism its roots and its essential nature remain a central and unresolved enigma of the twentieth century During the period of Hitler's ascendancy most attempts at explaining this unprecedented phenomenon were framed in economic often Marxist sociological terms and concepts Peter Viereck's Metapolitics initially published in 1941 broke with this convention by indicting Hitler in terms of the Judaic Christian ethical tradition and locating certain elements of the Nazi worldview in German romantic poetry music and social thought Newly expanded Metapolitics remains a key work in the cultural interpretation of Nazism and totalitarianism and in the psychological interpretation of Hitler as a Wagnerite and failed artist The term metapolitics a coinage from Richard Wagner's nationalist circle signifies an ideology resulting from five distinct strands romanticism embodied chiefly in the Wagnerian ethos the pseudo science of race Fuehrer worship vague economic socialism and the alleged supernatural and unconscious force of the Volk collectivity Together those elements engendered an emphasis on irrationalism and hysteria and belief in a special German mission to direct the course of the world's history Viereck analyzes nineteenth century German thought's conflicting attitudes toward political procedures and social arrangements rooted in classical rational legalistic and Christian traditions This edition includes an appreciation by Thomas Mann and an exchange with Jacques Barzun debating

Viereck's criticism of German romanticism Viereck's essays on the case of Albert Speer on Claus von Stauffenberg the German officer who led the army conspiracy to assassinate Hitler and on the poets Stefan George and Georg Heym appear here for the first time in book form

Strict Wildness Peter Viereck, 2017-09-08 A reviewer once called Peter Viereck's thought not common sense but inspired electric common sense This volume of Viereck's selected essays on poetry and on history written between 1938 through 2004 exemplifies this quality Its main theme is suggested in Viereck's coined phrase strict wildness which suggests a balance between restraint which by itself is staid and rigid and passion which by itself is incoherent Frost called free verse tennis without the net Viereck calls dead mechanical form net without the tennis Strict wildness then is spontaneity of feeling within strict organic form The book explores questions of modernism and poetic craft with respect to American poetry It discusses the controversy over Ezra Pound's politics and its relation to his poetics as well as the nearly forgotten poet Vachel Lindsay Viereck offers more general views on poetics including the fruitful tensions between form and content and the impact of modern technology on poetic expression He also discusses history and politics and contains essays on McCarthyism the Cold War political conformity of the Left and Right and discusses issues of historiography and culture that define Viereck's highly individual often critical brand of conservatism In treating representative trends and figures in conservative thought Viereck insists on clear awareness of what exists to conserve what ought to be conserved and why it should be conserved In their range and originality the writings brought together in *Strict Wildness* constitute an ideal introduction to Peter Viereck's literary and political thought and how they come together It will be of interest to literary scholars intellectual historians and social scientists The introduction allows the reader to grasp a clear sense of the context and background of Viereck's works

[A Companion to Twentieth-Century German Literature](#) Raymond Furness, Malcolm Humble, 2003-09-02 Containing entries on over four hundred authors of fiction poetry and drama from Germany Austria and Switzerland this invaluable work of reference presents material of a range and depth that no other book on the subject in English attains For the second edition the entries have been updated to include the most recent works of German literature A number of new entries have been added dealing in particular with the East German literary scene and the changing literary landscape after reunification In addition to basic biographical facts the Companion offers summaries information on involvement in literary groups and political developments schools and movements critical terms and aspects of the other arts including film

Paul Klee Kathryn Porter Aichele, 2006 Sumario The artist poet painter I am a poet after all The poetic and the pictorial A poetic personal idea of landscape Harmonizing architectonic and poetic painting Poems in pictorial script Klee and concrete poetry What counts as poetry

Columbia Dictionary of Modern European Literature Jean Albert Bédé, William Benbow Edgerton, 1980 With more than 1800 critical entries on the writers and literatures of 33 languages this work presents the entire range of modern European writing from the symbolist and modernist works rooted in the last decades of the nineteenth century through the avant garde and existentialist movement to Barthes Blanchot Breton

and continental thought pertinent today **Aesthetic Temporalities Today** Gabriele Genge, Ludger Schwarte, Angela Stercken, 2020-09-03 This volume is dedicated to the interrelation between temporality and representation It presumes that time cannot be conceived of as an abstract chronometric order but that it is referring to materiality being measured represented expressed recognized experienced and evaluated and therefore is always closely related to cultural contexts of perception and evaluation The contributions from various disciplines are dedicated to the present and its plural conditions and meanings They provide insights into the state of research with special emphasis on the global present as well as on art and aesthetics from the 18th century until today The anthology includes contributions by Mieke Bal Stefan Binder Maximilian Bergengruen Iris D rmann Gabriele Genge Boris Roman Gibhardt Boris Groys Maria Muhle Johannes F Lehmann Nkiru Nzegwu Francesca Raimondi Christine Ross Ludger Schwarte Angela Stercken Samuel Strehle Timm Trausch Patrick Stoffel and Christina Wessely **Fin de Si cle and Other Essays on America and Europe** Walter Laqueur, The essays collected in Fin de Si cle and Other Essays on America and Europe cover the political and cultural spectrum of our time specifically the rise fall and reemergence of radical movements of what was once called the extreme left and right If the essays have a common denominator it is that they do not join in the chorus of rejoicing after the end of the cold war When the Soviet Empire collapsed and the cold war came to an end there was a general celebration similar to the joy expressed after World Wars I and II Walter Laqueur in contrast to many of his peers realized that Russia s and Eastern Europe s road to freedom would be at best protracted and arduous with many setbacks And as he shows ten years after the reforms in the communist world power such as it is is again in the hands of the communists or of nationalists closely cooperating with communists While they may not be old Stalinists their style remains authoritarian and no one can say for certain whether the conversion to democracy is lasting Throughout Europe the extreme right has reemerged in force in France Italy Russia and Austria these parties are among the strongest While only a few years have passed since the demise of communism there is already nostalgia among many in Russia with regard to the good old days when vodka was cheap and order prevailed in the streets In the West the positive aspects of Nazism and fascism are being rediscovered One might argue that it should have been obvious that the end of the cold war would in many ways create new and greater uncertainties rather than a new world order in international affairs In certain nations including the United States there has been an unmistakable trend toward isolationism How to explain such attitudes In a brilliant assemblage of published and hitherto unpublished essays Laqueur brings his concerns about these issues in a post cold war environment Essays include The Long Way to Europe Russian Nationalism In Praise of Menshevism The End of the Cold War Feuchtwanger and Gide and The Empire Strikes Out Laqueur includes a profile of Andrei Sakharov who played such a crucial role in the movement of democratic dissent in the Soviet Union Fin de Si cle and Other Essays on America and Europe will be of significant interest to historians of European and American culture sociologists economists and political scientists *Contemporary German Poetry; an Anthology* Babette

Deutsch,Avrahm Yarmolinsky,1923
