The Important Books Joseph Stanton, 2005-08-18 The Important Books takes a look at some of the most significant and talked about authors illustrators and titles in the genre including Maurice Sendak Margaret Wise Brown William Joyce and Chris Van Allsburg While focusing on those books that are distinguished by some degree of originality in both word and image the author points out that the importance of picture books is not primarily pedagogical they are not intended to serve as dumbed down versions of young adult or adult novels and the audience for these great books is not solely children Because the children's picture book is designed to provide the context for an intimate transaction involving the imaginations of both parent and child there is a social value to the form that lends a special poignancy to the pleasure it provides

Cataloging Policy and Support Office,2009 *The Memoirs of Prince Max of Baden* Prince Max of Baden Baden,2018-02-27 This is Volume II of II comprising the authorized translation of Prince Max of Baden s German memoirs published in 1927 original German title Erinnerung und Dokumente This translation was first published in 1928 NOT long after the Revolution when it became clear that an essential share of the blame for the German collapse would be ascribed to me I decided to give a public account of my stewardship I soon realized that I could only explain the actual connection of events both to the German people and to myself if I submitted the charges made against me to a careful examination and also made up my mind to understand the point of view of my opponents As early as 1919 I found myself compelled to define my attitude to the disputed happenings of 9th November I did this in a publication which was printed in all the newspapers but was virtually hushed up in the controversial literature In the study and self questioning of eight years I think I have got as near the truth as I can In the course of my work my apologia has grown into something different an account based on original sources of that fateful epoch of the history of Germany in which I was involved I put my trust in the weight of the facts Prince Max of Baden *Mentor*
