

GERALDINE CUMMINS: AN APPRECIATION

CHARLES
FRYER

PELEGRIN TRUST

Geraldine Cummins An Appreci

Stanley Krippner

Geraldine Cummins An Appreciation:

Geraldine Cummins Charles Fryer,1990-01-01 Geraldine Cummins was a highly gifted sensitive whose particular mediumship manifested as directed writing where controlled by discarnate beings the sensitive is enabled to write with authority on matters outside his or her own knowledge Altogether the book presents a searching account of perhaps the foremost exponent of the psychic faculty of directed writing **The Story of Jesus** William H. Kautz,2012-04 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by his tor ical or literary means Some of them had demonstrated their unusual skill by probing deep ly into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical infor mation which was then verified scien tifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Test ament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illumi nating insights and a deep spiritual under standing of Jesus original and hidden teach ings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history *Spiritualism and British Society Between the Wars* Jenny Hazelgrove,2000-09-02 Historians of modern British culture have long assumed that under pressure from secular forces interest in spiritualism had faded by the end of the Great War Jenny Hazelgrove challenges this assumption and shows how spiritualism grew between the wars and became part of the fabric of popular culture This book provides a fascinating and lively insight into an alternative culture that flourished and continues to flourish alongside more conventional outlets for spiritual beliefs and needs *The Ashgate Research Companion to Paranormal Cultures* Olu Jenzen,Sally R. Munt,2016-03-23 Despite the much vaunted end of religion and the growth of secularism people are engaging like never before in their own spiritualities of life Across the West paranormal belief is on the rise The Ashgate Research Companion to Paranormal Cultures brings together the work of international scholars across the social sciences and humanities to question how and why people are seeking meaning in the realm of the paranormal a heretofore subjugated knowledge With contributions from the UK and other European countries the USA Australia and Canada this ground breaking book attends to the paranormal as a position from which to critique dominant forms of knowledge production and spirituality A rich exploration of everyday life practices textual engagements and discourses relating to the paranormal as well as the mediation technology and art of paranormal activity this book explores themes such as subcultures and mainstreaming as well as epistemological methodological and

phenomenological questions and the role of the paranormal in social change The Ashgate Research Companion to Paranormal Cultures constitutes an essential resource for those interested in the academic study of cultural engagements with paranormality it will appeal to scholars of cultural and media studies popular culture sociology cultural geography literature film and music **Literary Secretaries/Secretarial Culture** Leah Price,2017-05-15 Secretaries are the hidden technicians of much literary and non literary writing they also figure startlingly often as characters in modern literature film and even literary criticism Literary Secretaries Secretarial Culture brings together secretaries role in the production and more surprisingly consumption of modern culture with interpretations of their function in literature and film from Chaucer to Heidegger by way of Dickens Dracula and Erle Stanley Gardner These essays probe the relation of office practice to literary theory asking what changes when literary texts represent address or acknowledge the human copyist or the mechanical writing machine Topics range from copyright law to voice recognition software from New Women to haunted typewriters and from the history of technology to the future of information management Together the essays will provide literary critics with a new angle on current debates about gender labour and the material text as well as a window into the prehistory of our information age *Journal of the Society for Psychical Research* Society for Psychical Research (Great Britain),2009

Advances in Parapsychological Research ,1977 *The Cambridge Guide to Women's Writing in English* Lorna Sage,1999-09-30 This Guide aims to consolidate and epitomise the re reading of women s writing that has gone on in the last twenty five years This is an opportunity for stock taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women s writing **Advances in Parapsychological Research: without special title** Stanley Krippner,1977 *The Psi Researcher* ,1996 The National Spiritualist Summit ,1998 Is There An Afterlife? David Fontana,2005-01-17 A comprehensive overview of the evidence **The Best**

American Short Plays, 2007-2008 Barbara Parisi,2009 A collection of one act plays from American playwrights which cover such themes as love fantasy politics grief marriage crime and deceit **The Geopolitics of Anglo-Irish Relations in the Twentieth Century** Geoffrey R. Sloan,1997-09-25 Anglo Irish relations in the twentieth century can be described as being close but tortuous This paradox is fused with Ireland s geographical location both isolated from Europe and in close proximity to the main island of the British archipelago Using a geopolitical analysis based on the theories of Sir Halford Mackinder this book provides a new understanding of the strategic imperatives that have driven British policy throughout the

turbulent events of the twentieth century Containing material which has only recently been released by the Public Record Office this book brings an entirely new perspective to the reality of Irish neutrality and the pivotal importance of Northern Ireland in the Battle of the Atlantic during the Second World War Furthermore using US archival material it gives a new insight into Ireland's geopolitical importance in the First World War and her contribution to victory against the German U boats

Writing Double Bette London, 2002-01-01 Although Roland Barthes and Michel Foucault announced the death of the author several decades ago critics have been slow to abandon the idea of the solitary writer Bette London maintains that this notion has blinded us to the reality that writing is seldom an individual activity and that it has led us to overlook both the frequency with which women authors have worked together and the significance of their collaborative undertakings as a form of professional activity In *Writing Double* the first full length treatment of women's literary partnerships she goes to the heart of issues surrounding authorial identity What is an author Which forms of authorship are sanctioned and which forms marginalized Which of these forms have particularly attracted women Such questions are central to London's analysis of the challenge that women's literary collaboration presents to accepted notions of authorship Focusing on British texts from the nineteenth and twentieth centuries she considers a fascinating variety of works by largely noncanonical and in some instances highly unconventional authors from the enormously popular novels composed by writing teams at the turn of the century to the Brontë juvenilia and the occult scripts of Georgie Yeats and W B Yeats to automatic writings produced by mediums purporting to be in communication with the spirit world *The Author, Playwright and Composer*, 1929

Oxford Dictionary of National Biography: Cranfield-Dalwood Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002

Light, 1929 **Swan** Peter Young, 2008-03-15 The graceful winged form of the swan has inspired works of art from fairy tales to ballets and its profile is recognized immediately by even the most cursory of bird admirers Now the newest addition to Reaktion's acclaimed Animal series examines the fascinating story behind this elegant bird The natural history of the swan is surprisingly complex as Peter Young reveals delving into the bird's habitat and feeding habits the physiological details of the eight surviving species and several extinct ones the bird's power and endurance and the formation flying that allows them to conserve energy and fly great distances with speed *Swan* gives equal treatment to the long and rich role of the swan in human culture from the Greek myth of Leda and the Swan to the bird's portrayal in sculpture furniture and brand name logos Young also details the challenges facing conservation efforts to protect swans from human consumption and material goods An engrossing account *Swan* will be a welcome addition to the bookshelf of all who admire this beautiful bird

Unplanned Suburbs Richard Harris, 1999-10-07 It is widely believed that only the growth of mass suburbs after World War II brought suburban living within reach of blue collar workers immigrants and racial minorities But in this original and intensive study of Toronto Richard Harris shows that even prewar suburbs were socially and ethnically diverse with a

significant number of lower income North American families making their homes on the urban fringe In the United States and Canada lack of planning set the stage for a uniquely North American tragedy Unplanned Suburbs serves as a reminder of the dangers of unchecked suburban growth

Unveiling the Magic of Words: A Overview of "**Geraldine Cummins An Appreci**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Geraldine Cummins An Appreci**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
