Currie,2019-01-14 From 1949 to 1989 Germany was divided into West and East Germany While West Germany became an ally of Western democracies East Germany was allied with the Soviet Union and was governed by Marxist Communism What was it like to be the church in East Germany Hanfried M ller was a professor of theology and a committed Marxist Johannes Hamel was a pastor who tried to minister in this environment How did the two differ This book examines the contrast between the two men and the struggle many pastors and Christians endured as they lived and worked in a hostile environment Furthermore it raises the question of how Christians everywhere deal with the issue of the relationship between church and state and what the Christian s responsibility is in that relationship

Modern Religious Architecture in Germany, Ireland and Beyond Lisa Godson,Kathleen James-Chakraborty,2019-03-07 Modernity and religion are not mutually exclusive Setting German and Irish church synagogue and mosque architecture side by side over the last century highlights the place for the celebration of the new within faiths whose appeal lies in part in the stability of belief they offer across time Inspired by radically modern German

churches of the 1920s and 1930s this volume offers new insights into designers of all three types of sacred buildings working at home and abroad It offers new scholarship on the unknown phenomenon of mid century ecclesiastical architecture in sub Saharan Africa by Irish designers a critical appraisal of the overlooked Frank Lloyd Wright trained Andrew Devane and an analysis of accommodating difficult pasts and challenging futures with contemporary synagogue and mosque architecture in Germany With a focus on influence and processes alongside conservationists and historians it features critical insights by the designers of some of the most celebrated contemporary sacred buildings including Niall McLaughlin who writes on his multiple award winning Bishop Edward King Chapel and Amandus Sattler architect of the innovative Herz Jesu Kirche Munich *Journal of the American Historical Society of Germans from Russia* ,1996 **NEHGS Nexus** ,1992 **Church and Cosmos in Early Ottonian Germany** Henry Mayr-Harting,2007-10-04 When the writing in the margins is compared with the outlook of Ruotger these margins begin to seem drawn into the centre of Cologne thinking Henry Mayr Harting shows up the strand of Platonism in tenth century intellectual history a history still too little known He asks how distinctive Cologne was compared with other intellectual centres The book also contains a critical edition of probably the earliest surviving set of glosses hitherto unpublished to Boethius s Arithmetic with an extensive study of their contents BOOK JACKET The Catholic Church And Nazi Germany Guenter Lewy,2009-09-09 The subject matter of this book is controversial Guenter Lewy states plainly in his preface To show the German Catholic Church s congeniality with some of the goals of National Socialism and its gradual entrapment in Nazi policies and programs Lewy describes the episcopate s support of Hitler s expansionist policies and its failures to speak out on the persecution of the Jews To this tragic history Lewy brings new focus and research illuminating one of the darkest corners of our century with scholarship and intellectual honesty in a riveting and often painful narrative The German Research Companion Shirley J. Riemer,2000 Keine Gewalt! No Violence! Roger J. Newell,2017-10-04 A study tour to Leipzig in the former East Germany GDR raised new questions for Roger Newell about the long struggle of the Protestant church with the German state in the twentieth century How was it possible that a church unable to stop the Nazis helped bring a totalitarian government to its knees fifty years later How did an institution marginalized in every way possible by the state education system stripped of its traditional privileges ridiculed by the government and the media as a dinosaur become the catalyst for a transformation that enabled a great but troubled nation to be peacefully reunited something unprecedented in German history What were the connecting relationships and theological struggles that joined the church s failed resistance to Hitler with the peaceful revolution of 1989 The chapters that follow tell the backstory of the theological debates and personal acts of faith and courage leading to the moment when the church became the cradle for Germany s only nonviolent revolution The themes that emerge remain relevant for our own era of seemingly endless conflict
