German Question And Other German Questions

David Schoenbaum, Elizabeth Pond

German Question And Other German Questions:

The German Question and Other German Questions David Schoenbaum, Elizabeth Pond, 1996 *The German Question and Other German Questions* is an unconventional overview of a new and normal Germany fifty years after the Second World War and five years after unification by an American historian and an American journalist with over fifty years of professional German watching between them Among other German Questions they address the interactions of ageing immigration and unification on a tangled national identity and their impact on a cautious yet resilient society and an inertial yet dynamic economy They then consider the frequently surprising and even exemplary ways Germans have learned to cope with one another redefine and pursue their interests and deal with a changing world after two dictatorships two world wars and one cold war

The German Question and Other German Questions D. Schoenbaum, E. Pond, 1996-06-25 a most significant addition to the literature on its subject Roger Morgan Professor of Political Science European University Institute Florence An unconventional overview of a new and normal Germany fifty years after World War 2 and five years after unification The authors address the challenges of ageing and migration to a tangled national identity their impact on a cautious yet resilient society and an inertial yet dynamic economy and the frequently surprising ways Germans have learned to cope with one another redefine and pursue their interests and deal with a changing world after two dictatorships two world wars and one cold war

The German Problem Transformed Thomas Banchoff, 2010-05-06 Does the new more powerful Germany pose a threat to its neighbors Does the new German Problem resemble the old The German Problem Transformed addresses these questions fifty years after the founding of the Federal Republic and ten years after the fall of the Berlin Wall Many observers have underscored the reemergence of Germany as Europe's central power After four decades of division they contend Germany is once again fully sovereign without the strictures of bipolarity its leaders are free to define and pursue national interests in East and West From this perspective the reunified Germany faces challenges not unlike those of its unified predecessor a century earlier The German Problem Transformed rejects this formulation Thomas Banchoff acknowledges post reunification challenges but argues that postwar changes not prewar analogies best illuminate them The book explains the transformation of German foreign policy through a structured analysis of four critical postwar junctures the cold war of the 1950s the détente of the 1960s and 1970s the new cold war of the early 1980s and the post cold war 1990s Each chapter examines the interaction of four factors international structure and institutions foreign policy ideas and domestic politics in driving the direction of German foreign policy at a key turning point This book will be of interest to scholars and students of German history German politics and European international relations as well as policymakers and the interested public Thomas Banchoff is Assistant Professor of Government Georgetown University

The German Question and Other German Questions D. Schoenbaum, E. Pond, 1996-06-25 a most significant addition to the literature on its subject Roger Morgan Professor of Political Science European University Institute Florence An unconventional overview of a new and

normal Germany fifty years after World War 2 and five years after unification The authors address the challenges of ageing and migration to a tangled national identity their impact on a cautious yet resilient society and an inertial yet dynamic economy and the frequently surprising ways Germans have learned to cope with one another redefine and pursue their interests and deal with a changing world after two dictatorships two world wars and one cold war Germany and the

Common Foreign and Security Policy of the European Union A. Miskimmon,2007-09-20 This study assesses the influence of German policy makers on EU policy and the impact of EU membership on foreign policy making at the national level The book concludes that limitations remain on the Europeanization of German foreign and security policy and Germany's ability to play a leading role in military crisis management **Cold War Politics in Post War Germany** D. Patton,1999-02-14

During the Cold War the Federal Republic of Germany FRG a divided nation on the front line of the East West confrontation came down with pneumonia every time the superpowers sneezed Due to the East West confrontation splitting Germany in two the Cold War remained irrevocably linked to the question of German unity In *The Politics of Foreign Policy in Post War Germany* David Patton develops the links between Cold War international pressures and German domestic coalitions The book examines a politics in uncertain times with three major shifts in Cold War relations disrupting politics as usual in the Federal Republic In the early 1950s external pressures led to a wrenching internal debate over rearmament Twenty years later the thaw in Cold War tensions set the stage for a fierce domestic showdown over détente with Eastern Europe In the early 1990s Chancellor Helmut Kohl took full advantage of the end of the Cold War to implement his controversial unification policy At each juncture the Federal Republic experienced intense debates over national unity the increased stature of the chancellor in the policy making process the emergence of new domestic alliances and a sudden foreign policy reversal Patton's examination of these three periods reveals how the Federal Republic has changed yet stayed the same in the post war era

Germany, Europe and the Persistence of Nations Stephen Wood,2018-12-20 Published in 1998 this book is an articulate and densely documented account of political cultural and historical forces and tensions involved in contemporary European integration most especially concerning Germany In doing so it provides an effective fusion of a vast array of material from what are normally separate disciplines The book investigates contemporary resonances of identifications and conceptions of political boundaries that appeared in Europe in the late eighteenth and nineteenth century It argues that within a supranationalising Europe national identity and nationalism have not disappeared as cultural and political phenomena Rather they persist and manifest themselves in variable forms at popular and elite levels This is the basis for Europe's condition of far from completed unity at the centre of which is now a reunited Germany more sure of itself but less sure of the world around it **20 Years Since the Fall of the Berlin Wall** Elisabeth Bakke,Ingo Peters,2011-01-01 *From War to Peace*

Paul Vincent Spade,2000-01-01 In this collection a dozen scholars of international affairs consider the 20th century's recurring failure to construct a peaceful and stable international order in the wake of war They reflect on the difficulties

faced by governments as they sought to secure a world order The Age of Questions Holly Case,2018-07-10 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century a new age began the age of questions In the Eastern and Belgian questions as much as in the slavery worker social woman and Jewish questions contemporaries saw not interrogatives to be answered but problems to be solved Alexis de Tocqueville Victor Hugo Karl Marx Frederick Douglass Fyodor Dostoevsky Rosa Luxemburg and Adolf Hitler were among the many who put their pens to the task The Age of Questions asks how the question form arose what trajectory it followed and why it provoked such feverish excitement for over a century Was there a family resemblance between questions Have they disappeared or are they on the rise again in our time In this pioneering book Holly Case undertakes a stunningly original analysis presenting chapter by chapter seven distinct arguments and frameworks for understanding the age She considers whether it was marked by a progressive quest for emancipation of women slaves Jews laborers and others a steady inexorable march toward genocide and the Final Solution or a movement toward federation and the dissolution of boundaries Or was it simply a farce a false frenzy dreamed up by publicists eager to sell subscriptions As the arguments clash patterns emerge and sharpen until the age reveals its full and peculiar nature Turning convention on its head with meticulous and astonishingly broad scholarship The Age of Questions illuminates how patterns of thinking move history Power and Influence After the Cold War Ann L. Phillips,2000 Phillips political science Friedrich Schiller U Germany explores the emerging role of Germany after reunification and asks whether it is likely to be a regional hegemon in East Central Europe She analyses both the politics of reconciliation and the activities German party affiliated foundations and argues that these demonstrate a two sided German approach to regional relations Annotation copyrighted by Book News Inc Portland OR

The Drafting of the Covenant David Hunter Miller,1928 Documents David Hunter Miller,1928 SCOTT Copy 1 V 1 2 From the John Holmes Library Collection **Jews and the German State** Peter G. J. Pulzer,2003 Now available in paperback this book delivers a comprehensive one volume account of the political history of Jews as a significant minority within Imperial Germany *Germany: Phoenix in Trouble?* Matthias Zimmer,1997-05 As Germany only recently united approaches the twenty first century it is faced with a variety of political economic and social problems that will put the country to the test Future of NATO Teleglobe Raoul-Dandurand Chair of Strategic and Diplomatic Studies,Université du Québec à Montréal. Centre d'études des politiques étrangères et de sécurité,1999 Fourteen contributions address the theoretical and pragmatic issues behind the issue of enlarging NATO s membership examining the policies of some of NATO s leading member states and addressing the issue from the point of view of Russia and the Central and Eastern European candidates Marred by a lack of index Canadian LC C99 900354 2 Annotation copyrighted by Book News Inc Portland OR

A History of Modern Germany Since 1815 Frank B. Tipton,2003-01-01 An accessible textbook for courses on modern German history Charting a New Diplomatic Course Cecil V. Crabb, Jr.,Leila S. Sariaeddine,Glenn J. Antizzo,2001-08-01

America's victory in the Cold War is a milestone in the nation's diplomatic experience. The disintegration of the Soviet Union and the defeat of communism have made containment policy the foundation of U.S. foreign relations for almost a half century obsolete, and policymakers and political scientists alike struggle to decide what new strategy should guide the country's involvement on the international stage. In this pathbreaking work, Cecil V. Crabb Jr., Leila E. Sareddine, and Glenn J. Antizzo identify and analyze six distinct approaches to America's diplomatic course after the Cold War, addressing perhaps the most important question of our time: what should U.S. foreign policy be in the twenty-first century? First, the authors examine the familiar doctrine of American isolationism and consider an alternative approach: conservative neo-isolationism, which encourages policymakers to use careful discrimination but decisive action in assuming commitments abroad. Liberal neo-isolationism, a third possible course, resists active interventionist strategies because of the dangers they pose to congressional power and America's democratic system. At the opposite end of the spectrum are conservative interventionism, the belief that America must maintain a strong military arsenal and engage in preventative diplomacy; liberal interventionism, the conviction that America has a responsibility to actively promote the cause of democracy and defend human rights beyond its own borders; and pragmatic interventionism, an approach taken by the Clinton Administration that relies on a cost-benefit analysis of policy as problems arise. Elegantly written and authoritatively researched, *Charting a New Diplomatic Course* provides a much-needed frame of reference for anyone interested in America's future in international affairs.

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency, 1970. *Accessing Multilingual Information Repositories* Fredric Gey, Julio Gonzalo, Henning Mueller, Gareth Jones, Michael Kluck, Bernardo Magnini, Maarten de Rijke, 2006-10-15. This book constitutes the thoroughly refereed postproceedings of the 6th Workshop of the Cross Language Evaluation Forum CLEF 2005. The book presents 111 revised papers together with an introduction. Topical sections include multilingual textual document retrieval, cross language and more monolingual experiments, domain specific information retrieval, interactive cross language information retrieval, multiple language question answering, cross language retrieval in image collections, cross language speech retrieval, multilingual Web track, cross language geographical retrieval, and evaluation issues.
