German Romantic Lyrics Walter Silz, 1934 *German Romantic Lyrics. Selected and Edited by W. Silz* Walter SILZ, 1934 *German Romantic Literature* Ralph Tymms, 2020-01-30 Originally published in 1955 this book discusses Romantic principles and their interpretation in literary practice supported by the documentation with translations of numerous quotations from the writings of the romantic authors themselves The emphasis lies on the evolution of Romantic ideas and practices in Germany in the establishment and formulation of romantic theory by its first exponents **The Azure Flower**, 1930 *German Lyric Poetry* Siegbert Praver, 2020-01-31 Originally published in 1952 this book provides a detailed critical analysis of 40 German lyrics All the poems analysed are reprinted in full so that criticism may be checked by reference to the original text The book therefore provides a unique introduction to German poetry from the Age of Enlightenment to that of Rilke without burdening the reader with too much details about minor figures **German romantic lyrics** Walter Silz, 1934 *German Literature of the High Middle Ages* Will Hasty, 2006 New essays on the first flowering of German literature in the High Middle Ages and especially during the period 1180 1230 The High Middle Ages and particularly the period from 1180 to 1230 saw the beginnings of a vibrant literary culture in the German vernacular While significant literary achievements in German had already been made in earlier centuries they were a somewhat precarious vernacular extension of Christian Latin culture But the vernacular literary culture of the High Middle Ages was an integral part of broader cultural developments in which the unquestioned validity of traditional authoritative models began to lose its hold A secular culture began to emerge in which positive value began to be attached to the however transitory allegiances pleasures and loves of life In new essays dealing with the most significant literary genres the heroic epics the romances the love lyrics and political poetry and with broader political social and cultural issues control of aggression territorialization this third volume of the Camden House History of German Literature demonstrates how the emergence of a vernacular literary culture in Germany was an important part of a broader cultural transformation in which medieval people began to redefine themselves their relationships to one another and the position of humanity in the scheme of things Contributors Albrecht Classen Nicola McLelland Rodney Fisher Neil Thomas Marion Gibbs and Sidney Johnson R diger Krohn Will Hasty Nigel Harris Susann Samples Sara Poor Michael Resler R diger Brandt Elizabeth A Andersen Ulrich M ller and Franz Viktor Spechtler Ruth Weichselbaumer W H Jackson Charles Bowlus Will Hasty is Professor of German Studies and co founder and co director of the Center for Medieval and Early Modern Studies at the University of Florida **Nature in Middle High German Lyrics** Bayard Quincy Morgan, 1912 *An Annotated Anthology of German Romantic Lyrics, 1770-1850* Merrilie McAfee, 1935 **Medieval German Lyric Verse in English Translation** J. Hartmann s works in their social and cultural historical context Jackson s carefully constructed and lucidly written book will
be required and compelling re-reading at every level of interest from undergraduate student to specialist scholar It expounds
knighthood as the major theme of Hartmann s varied oeuvre reflected and refracted through the prism of different genres
fictional material and narrative positions Jackson s unrivalled grasp of the historical evidence for the material social and
ideological dimensions of chivalry in the twelfth century is brought to bear on the texts in a way which never reduces these to
mere functions of an extra literary reality but brings out the subtle and dynamic interplay of their aesthetic patterns and
documentary correlatives The book also builds up a persuasive framework for understanding Hartmann s literary production

as a whole and for grasping it as an evolving reflection of and on knighthood as the key mode and model of social self realisation for his chivalric audience FORUM FOR MODERN LANGUAGE STUDIES Hartmann von Aue is a major figure in medieval German literature and his works document key features of the history of chivalry in an important phase of transition and consolidation This book is the first full scale enquiry undertaken of the presentation of the role of knighthood across the full range of Hartmann s works considering the social ideological and literary dimensions of chivalry and fruitfully combining literary linguistic and historical approaches The opening chapters place Hartmann s works in the broader perspective of Arthurian literature and of kingship and chivalry in western Europe and in the context of the changing historical reality of knighthood as a military and a social order in twelfth century Germany Further chapters are devoted to each of his works Erec Gregorius the Klage and his lyrics Der arme Heinrich and Dwein which are interpreted both with a historical

Intimacy, Performance, and the Lied in the Early Nineteenth Century Jennifer Ronyak,2018-09-10 The German lied or art song is considered one of the most intimate of all musical genres often focused on the poetic speaker s inner world and best suited for private and semi private performance in the home or salon Yet problematically any sense of inwardness in lieder depends on outward expression through performance With this paradox at its heart Intimacy Performance and the Lied in the Early Nineteenth Century explores the relationships between early nineteenth century theories of the inward self the performance practices surrounding inward lyric poetry and song and the larger conventions determining the place of intimate poetry and song in the public concert hall Jennifer Ronyak studies the cultural practices surrounding lieder performances in northern and central Germany in the first quarter of the nineteenth century demonstrating how presentations of lieder during the formative years of the genre put pressure on their sense of interiority She examines how musicians responded to public concern that outward expression would leave the interiority of the poet the song or the performer unguarded and susceptible to danger Through this rich performative paradox Ronyak reveals how a song maintains its powerful intimacy even during its inherently public performance *An Introduction to Middle High German*
