Ideals Nostalgia Ideals Publications Inc, 1987-08 Poems thoughts and stories about the past **I Know Best** Roger L. Simon, 2016-06-14 In 1979 Christopher Lasch published the epochal *The Culture of Narcissism* warning of the normalizing of narcissism in our society Lasch may have understated it 35 years later in the Obama era with its parade of endless often inexplicable scandals we have a full blown epidemic of what has recently been called Moral Narcissism Forget Narcissus and his reflection Moral Narcissism the almost schizophrenic divide between intentions and results now pervading our culture is the new method for feeling good about yourself It no longer matters how anything turns out as long as your intentions were good that you were moral And just as importantly the only determinant of those intentions the only one who defines that morality is you *I Know Best* goes beyond Lasch to lay bare how this moral narcissism is behind all those scandals from Obamacare to the Veteran s Administration to the IRS Benghazi Bergdahl Syria and beyond Everything the Obama administration did and does was about making them feel good about themselves the results be damned And they have as their allies those supreme moral narcissists in the academy media and Hollywood ever willing to ratify those good intentions and ignore those same results But *I Know Best* is not just about the Left Moral Narcissism affects the right as well even when they don t realize it It is a true epidemic that must be cured in order to save our democratic republic and our futures *The Countryside Ideal* Michael Bunce, 2005-10-26 God made the country man made the town William Cowper s words written two centuries ago underline an idealisation of rural life and landscape which persists to this day What are the main historical processes and ideas underlying the continuing attachment to the countryside How have these shaped popular values and lifestyles influenced artistic expression defined attitudes to nature country life and landscape and affected the development of both rural and urban landscapes What are the consequences for society and the environment These are the central questions addressed in this book *The Countryside Ideal* draws together diverse images of landscape to explore this preoccupation with place culture and representation in the West **The Audience Studies Reader** Will Brooker, Deborah Jermyn, 2003 Key writings exploring questions of reception interpretation and interactivity The fan audience the active audience gender and audience nation and ethnicity internet audiences Star Gazing Jackie Stacey, 2013-11-05 In a historical investigation of the pleasures of cinema *Star Gazing* puts female spectators back into theories of spectatorship Combining film theory with a rich body of ethnographic research Jackie Stacey investigates how female spectators understood Hollywood stars in the 1940 s and 1950 s Her study challenges the universalism of psychoanalytic theories of female spectatorship which have dominated the feminist agenda within film studies for over two decades Drawing on letters and questionnaires from over three hundred keen cinema goers Stacey investigates the significance of certain Hollywood stars in women s memories of wartime and postwar Britain Three key processes of spectatorship escapism identification and consumption are explored in detail in terms of their multiple and changing meanings for female spectators at this time *Star*

Gazing demonstrates the importance of cultural and national location for the meanings of female spectatorship giving a new direction to questions of popular culture and female desire Popular Memories of the Mao Era Sebastian Veg, 2019-01-10

Kokai, Tom Robson, 2024-08-26 Writing in a time of heightened political anxiety and when accusations of nationalism authoritarianism and proto fascism have increasingly divided Americans into factions the authors use their influential performance studies based tourist as actor framework to unpack the ways that Disney parks and their guests co create performance of implicit Americanness in the 21st century This book argues that the roles that guests choose to perform accepting declining negotiating or overwriting scripts offered to them by the Disney theme park experience ultimately

reveals much about the nature of the contemporary United States Focusing primarily on Walt Disney World in Florida and using case studies on music geography and ecology sports families and politics these chapters illuminate the always complicated and often contradictory presentations and performances of America within Disney parks in the deeply contested twenty first century

The Ego and Its Place in the World Charles Gray Shaw, 1913 **Postsocialist Memory in Contemporary German Culture** Michel Mallet, Maria Mayr, Kristin Rebien, 2024-08-05 Scholarship on Eastern Europe after 1989 often focuses narrowly on the socialist past as authoritarian dictatorial or totalitarian This collection by contrast illuminates an additional dimension of post socialist memory it traces the survival of hopes and dreams born under socialism and the legacy of the unrealized alternative futures embedded within the socialist past Looking at contemporary German language literature film theater and art the volume analyzes reflections on everyday socialist realities as well as narratives of opposition and dissent The texts discussed here not only revisit the past but also challenge the present and help us imagine alternative futures Rather than framing the unrealized futures envisioned in the pre 1989 era as failures this collection probes post socialist memory for its future

oriented potential to rethink issues of community equity and equality and late stage capitalism Foregrounding the complexities of Eastern European legacies also helps us reimagine the relationship between East and West both in Germany and in Europe as a whole **Georg Lukács' Marxism Alienation, Dialectics, Revolution** Victor Zitta,2013-11-27

Lyric Poetry and Space Exploration from Einstein to the Present Margaret Greaves,2023-05-23 Poetry and astronomy often travel together in the political sphere from Milton's meeting with Galileo under house arrest to NASA's practice of launching poems into space Anchored in the post war period but drawing on a long history of poetry and science Lyric Poetry and Space Exploration from Einstein to the Present charts the surprising connection between poetry and extra terrestrial space In an era defined by the vast scales of globalization environmental disaster and space travel poets bring the small scales of lyric intimacy to bear on cosmic immensity While outer space might seem the domain of more popular genres lyric poetry has ancient and enduring associations with cosmic inquiry that have made it central to post war space culture As the Cold War played out in space American institutions and media from NASA to Star Trek enlisted poetry to present space exploration as a peaceful mission on behalf of humankind Meanwhile poets from across the globe have turned to the cosmos to contest American imperialism challenging conventional ideas about lyric poetry in the process Poets including Elizabeth Bishop Adrienne Rich Seamus Heaney Derek Walcott Agha Shahid Ali and Tracy K Smith invoke the extra terrestrial to interrogate national histories alongside their craft Dazzled by the aesthetics of astronomy but wary of its imperial uses poets employ astronomical figures and methods to imagine how we might care for both ourselves and others on a shared planet

Ideal homes Deborah Sugg Ryan,2020-04-01 *Ideal homes* investigates the tastes and aspirations of the suburban communities that emerged in Britain after the First World War It explores how new class and gender identities were forged through the architecture and decoration of the home This edition includes a chapter on researching the history of your own house **Grief Taboo in American Literature** Pamela A. Boker,1995-10-01 In this feminist rereading Pamela A Boker examines the prolonged adolescence of the American male in the works of three quintessential American male authors Herman Melville Mark Twain and Ernest Hemingway through a highly original psychoanalytic inquiry Challenging conventional interpretations Boker argues that failing to mourn loss and repressing one's true emotions do not demonstrate a heroic capacity but rather a damaging inability to work through psychological wounds that have not healed Boker locates in the lives and fiction of Melville Twain and Hemingway the suicidal orphan the adolescent simultaneously seeking masculine maturity and escaping from it She reveals a world of perpetual adolescence repressed grief and repudiation of feminine identification All three writers lacked intimate relationships with their fathers and remained conflicted emotionally a condition which profoundly influenced their creative work In Melville's life and work readers encounter aggressive and guilt ridden characters trapped in infantile and early adolescent development Similarly Mark Twain enlisted humor and nostalgic fantasies of an ideal past in his avoidance of difficult emotions Silent references and vague allusions to painful feelings

proliferate the fiction of Hemingway In seeking out the repressed vulnerability of the tough guy in American literature Boker finds it where it is most vigorously denied **Yankee** ,1974
