on Leahy's meticulous image making his cultivation of a Top Cop persona both in the media and at the ballot box. It is an approach that culminates in simultaneous roles for the lawmaker as chair of the Senate Judiciary Committee and as the tough talking distinguished gentleman in Christopher Nolan's acclaimed Dark Knight trilogy of Batman films. Leahy's improbable success Philip Baruth argues in the end lies in his ability both to be and to play the top cop not only in post Watergate Vermont but in a post 9/11 America viciously divided between the red states and the blue.
