industries from fashion to sports and from gastronomy to design the researchers present a meticulously curated anthology of research discussing the dual role of tradition as both a stabilizing anchor and a springboard for strategic change *Serials in the British Library*, 1994

A History of Organizational Change Hans Erik Næss, 2020-07-13 This book is the first independent exploration of the Fédération Internationale de l'Automobile's FIA institutional history Virtually unexamined compared with similar institutions like the FIFA and the IOC the FIA has nevertheless changed from being a small association in 1904 to becoming one of the world's most influential sport governing bodies Through chronologically organised chapters this book explains how the FIA manages to link together motorsport circuses like Formula 1 with the automotive industry and societal issues like road safety and environmental sustainability In an exciting narrative spanning seven decades it reviews the FIA's organisational turning points governing controversies political dramas and sporting tragedies Considering the FIA to be a unique type of hybrid organisation characterised by what the author calls organisational emulsion this case study contains theoretical innovations relevant to other studies of sport governing bodies It makes an empirically grounded contribution to the research fields of institutional logics historical sociology and sport governance

A Sociology of the World Rally Championship H. Naess, 2014-09-23 Drawing upon interviews with key people in the World Rally Championship as well as trans local ethnographic research this book explores questions of commerciality and sporting identity tackling the sport's controversial handling of the shift into the commercial age It is essential reading on combining sporting heritage and commercial progress

Tournament Design László Csató, 2021-01-04 This Palgrave Pivot presents tournament design mainly within the axioms of incentive compatibility and fairness It illustrates the advantages of an axiomatic approach through various examples including several FIFA and UEFA tournaments and uses theoretical tools and simulation methodology in its analysis Chapter 1 discusses scoring systems of championships with multiple competitions ranking in Swiss system tournaments and tie breaking rules in round robin leagues It is followed by a thorough critical analysis of the current and previous FIFA World Rankings The broad focus is substantially narrowed in Chapter 2 which turns to the topic of incentive in compatibility in multiple qualifiers It is revealed that UEFA has faced at least three times recently this problem in the qualification to the UEFA Europa League qualification to the UEFA Champions League and the draw of the UEFA Champions League groups Analogously Chapter 3 discusses incentive in compatibility when there is only one group based tournament but the complex progression rules to the subsequent stage can be designed poorly Our examples include the qualifying tournaments of recent FIFA World Cups and UEFA European Championships Chapter 4 moves to the problem of penalty shootout rules in soccer where the fairness and complexity of some alternative mechanisms from the literature are evaluated Fairness remains the central issue in Chapter 5 which presents the challenges of designing a tournament with 24 teams if the number of teams per group cannot exceed four As expected there is no perfect solution and both FIFA and UEFA have introduced a reform in this format recently Chapter 6 deals with the

qualification for the 2020 UEFA European Football Championship Its tournament design is perhaps the most complicated one that has ever been implemented in the real world and suffers from serious shortcomings *The Roster of International Arbitrators*, 2010 **The Global Sport Economy** Michel Desbordes, Pascal Aymar, Christopher Hautbois, 2019-05-29 This book examines the global sports ecosystem through three of its central pillars Sport marketing sports equipment

manufacture and sales and sport governance and organization By focusing on these three themes the book presents a nuanced and multi faceted view of how the global sports economy works and what its main strategic challenges and opportunities are Offering a balance between theory and practice and adopting an international perspective with case studies and examples from the Americas Europe and Asia the book addresses key issues such as corporate social responsibility the impact of culture on international sport business innovation and entrepreneurship and consumer behaviour The Global Sport Economy is fascinating reading for students researchers and practitioners with an interest in sport business and
