Fiction With A Purpose Major Minor Nin:

Irish Novels 1890-1940 John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to studies of Irish poetry and drama Attempting to fill a large critical vacancy Irish Novels 1890 1940 is a comprehensive survey of popular and minor fiction mainly novels published between 1890 and 1922 a crucial period in Irish cultural and political history Since the bulk of these sixty odd writers have never been written about certainly beyond brief mentions the book opens up for further exploration a literary landscape hitherto neglected perhaps even unsuspected This new landscape should alter the familiar perspectives on Irish literature of the period first of all by adding genre fiction science fiction detective novels ghost stories New Woman fiction and Great War novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland

An Institute of the Law of Schotland, in Four Books John Erskine, 1773 **Musical Observer**, 1924 Annual Register University of Chicago, 1894 **American Small-Town Fiction, 1940-1960** Nathanael T. Booth, 2019-01-10 In literature and popular culture small town America is often idealized as distilling the national spirit Does the myth of the small

town conceal deep seated reactionary tendencies or does it contain the basis of a national re imagining During the period between 1940 and 1960 America underwent a great shift in self mythologizing that can be charted through representations of small towns Authors like Henry Bellamann and Grace Metalious continued the tradition of Sherwood Anderson in showing the small town by extension America itself profoundly warping the souls of its citizens Meanwhile Ray Bradbury Toshio Mori and Ross Lockridge Jr sought to identify the small town s potential for growth away from the shadows cast by World War II toward a more inclusive democratic future Examined together these works are key to understanding how mid 20th century America refashioned itself in light of a new postwar order and how the literary small town both obscures and reveals contradictions at the heart of the American experience
