Handbook William Dorsey Kennedy, Margaret Gordon, 1926 *Writers' Handbook 2022* J. Paul Dyson, 2021-11-17 The 2022 edition of firstwriter.com's bestselling directory for writers is the perfect book for anyone searching for literary agents, book publishers or magazines. It contains over 2,500 listings including revised and updated listings from the 2021 edition and over 400 brand new entries. Finding the information you need is now quicker and easier than ever before with multiple tables and a detailed index and unique paragraph numbers to help you get to the listings you're looking for. The variety of tables helps you navigate the listings in different ways and includes a Table of Authors which lists over 3,000 authors and tells you who represents them or who publishes them or both. The number of genres in the index has expanded to over 600. So for example while there was only one option for Romance in the previous edition you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance or even Amish Romance. International markets become more accessible than ever with listings that cover both the main publishing centres of New York and London as well as markets in other English speaking countries. With more and more agents, publishers and magazines accepting submissions online this international outlook is now more important than ever. There are no adverts, no advertorials and no obscure listings padding out hundreds of pages. By including only what's important to writers, contact details for literary agents, publishers and magazines, this directory is able to provide more listings than its competitors at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2023. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions, listings, searchable personal notes and more. I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now. Robin Wade, literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber.

The Fiction Writer's Handbook Dennis Hays, 2017-11-11 The Fiction Writer's Handbook is not another grammar book as if we need any more of them. This is the only book addressing overlooked writing problems which are killers when you seek publication and sales. Taking the time to fix these issues will make you a stronger writer. There is no sure formula to becoming successful. There are however many editing problems you can address to increase your success. If you're a self publisher, The Fiction Writer's Handbook 10 Minute Edits is a must have item in your toolbox. Use it before you publish to polish your book and make shine. Some of the issues addressed in this book are dialog overused words, adding texture, information overload, using contractions, parallel construction and more.
