## Field Man:

**Field Man** Julian D. Hayden, 2016-10-01 *Field Man* is the captivating memoir of renowned southwestern archaeologist Julian Dodge Hayden a man who held no professional degree or faculty position but who camped and argued with a who's who of the discipline including Emil Haury, Malcolm Rogers, Paul Ezell, and Norman Tindale. This is the personal story of a blue collar scholar who bucked the conventional thinking on the antiquity of man in the New World who brought a formidable pragmatism and hand sense to the identification of stone tools and who is remembered as the leading authority on the prehistory of the Sierra Pinacate in northwestern Mexico. But *Field Man* is also an evocative recollection of a bygone time and place a time when archaeological trips to the Southwest were expeditions when a man might run a Civilian Conservation Corps crew by day and study the artifacts of ancient peoples by night when one could honeymoon by a still full Gila River and when a Model T pickup needed extra transmissions to tackle the back roads of Arizona. To say that Julian Hayden led an eventful life would be an understatement. He accompanied his father a Harvard trained archaeologist on influential excavations, became a crew chief in his own right, taught himself silversmithing, married a city girl, helped build the Yuma Air Field, worked as a civilian safety officer and was a friend and mentor to countless students. He also crossed paths with leading figures in other fields, Barry Goldwater and even Frank Lloyd Wright turn up in this wide ranging narrative of a desert rat who was at once a throwback and as he only half jokingly suggests ahead of his time. *Field Man* is the product of years of interviews with Hayden conducted by his colleagues and friends Bill Broyles and Diane Boyer. It is introduced by noted southwestern anthropologist J. Jefferson Reid and contains an epilogue by Steve Hayden one of Julian's sons. **Annual Report** Michigan. The Griffith Project, The Volume 7 Paolo Cherchi Usai, 2019-07-25 No other silent film director has been as extensively studied as D. W. Griffith. However, only a small group of his more than five hundred films has been the subject of a systematic analysis and the vast majority of his other works still await proper examination. For the first time in film studies the complete creative output of Griffith from *Professional Jealousy* 1907 to *The Struggle* 1931 will be explored in this multivolume collection of contributions from an international team of leading scholars in the field.
