Fielding's Library Frederick G. Ribble, Anne G. Ribble, 1996 *Henry Fielding - Plays, Volume II, 1731 - 1734* Henry Fielding, 2004 This is the second of three volumes representing the only modern edition of Fielding's dramatic works. Most of these plays have not appeared in print for a century and never previously in fully edited form. Fielding is best known as a classic novelist and the author of *Tom Jones*, but like his great model Cervantes he came to novel writing from an important first career in professional theatre. He wrote twenty-eight plays including comedies, satiric extravaganzas, and ballad operas. He was the leading playwright of his generation, an experimentalist and entrepreneur of dramatic form who sometimes also brought contemporary politics and public figures onto his stage with results even more dramatic off stage. This volume presents nine plays from one of the most productive and successful periods of Fielding's theatre career. One of them, *The Grub Street Opera*, is a ballad opera cheerfully mocking various public characters including the Prime Minister, Prince of Wales, and even King and Queen. Another, *The Modern Husband*, is a dark comedy attacking the cynical merchandising of sex, marriage, and influence among what passes for polite society in 1730s London. Most of the plays in this volume were major hits with long stage lives in repertory, including *The Lottery*, *The Intriguing Chambermaid*, and two of the great Molière adaptations of the century, *The Mock Doctor* and *The Miser*. Fielding wrote all four of those plays as star vehicles for the great Drury Lane musical actress Catherine Clive. The plays are given in critical, unmodernized texts based on careful collation of the original editions, with explanatory notes and commentary on sources, stage history, and critical reception. All music is included, with appendices giving complete accounts of textual variation and bibliographic history for each play. *Henry Fielding - Plays, Volume II, 1731 - 1734* Thomas Lockwood, 2007-10-11 This is the second of three volumes representing the only modern edition of Fielding's dramatic works. BOOK JACKET A Henry Fielding Companion Martin C. Battestin, 2000-06-30 Best remembered as the author of Joseph Andrews 1742 Tom Jones 1749 and Amelia 1751 Henry Fielding was one of the most important pioneering English novelists of the eighteenth century and his works continue to occupy a central place in the literary canon During the 1730s he was the most dominant playwright in London since John Dryden and in his official capacity as a magistrate he addressed serious social problems and invented the modern metropolitan police This reference book makes essential information available to readers interested in Fielding his life and his works The volume is organized in sections devoted to such topics as Fielding's residences his family members and household historical persons including authors who influenced him his works themes and topics important to his writings and characters in his plays and prose fiction Each section contains numerous entries on particular items and many entries provide brief bibliographical information While the sectional organization of the volume invites the reader to explore broad areas of interest a thorough index provides convenient alphabetical access to the entries A brief introductory essay and

chronology begin the volume and the book concludes with an extensive bibliography Fictional Matter Helen Thompson, 2017-01-13 *Fictional Matter* argues that chemical definitions of particulate matter shaped eighteenth century British science and literature In this lucid revisionary analysis of corpuscular science Helen Thompson advances a new account of how the experimental production of empirical knowledge defined the emergent realist novel *Comparative Criticism: Volume 22, East and West: Comparative Perspectives* E. S. Shaffer, Elinor S. Shaffer, 2000-11-30 *Comparative Criticism* first published in 2000 addresses itself to the questions of literary theory and criticism to comparative studies in terms of theme genre movement and influence and to interdisciplinary perspectives Articles include Afloat on the Sea of Stories World tales English Literature and geopolitical aesthetics Classics and the comparison of adjacent literatures some Pakistani perspectives Performance Literature the traditional Japanese theatre as model Am I in that name Women's writing as cultural translation in early modern China stabat mater reflections on a theme in German Jewish and Palestinian Arab poetry The winning entries in the 1999 BCLA BCLT translation competition are also published *The Problem of Profit* Michael Genovese, 2019-11-06 Attacks against the pursuit of profit in eighteenth century Britain have been largely read as reactions against market activity in general or as critiques of financial innovation In *The Problem of Profit* however Michael Genovese contends that such rejections of profit derive not from a distaste for moneymaking itself but from a distaste for individualism In the aftermath of the late seventeenth century Financial Revolution literature linked the concept of sympathy to the public minded economic ideals of the past to resist the rising individualism of capitalism This study places literary works at the center of eighteenth century debates about how to harmonize exchanges of feeling and exchanges of finance highlighting representations of communitarian affective profit making in georgic poetry as well as in the work of Joseph Addison Daniel Defoe Richard Steele Sarah Fielding Henry Fielding David Hume Samuel Johnson and Laurence Sterne among others Investigating commercial treatises novels poetry periodicals and philosophy Genovese argues that authors conjured alternatives to private accumulation that might counter the isolating tendencies of impersonal exchange However even as emotional language and economic language arose together in the 1700s the attendant aspiration to form a communitarian economy in Britain was not fulfilled By recovering an approach to moneymaking that failed to thrive *The Problem of Profit* argues for the relevance of an unfamiliar narrative of capitalistic thought to today's anxiety over the discord between personal ambition and public good **The Ways of Fiction** Nicholas J. Crowe, 2019-01-15 The essays gathered here capture fresh perspectives on the literary environments of the eighteenth century The core concern of this volume is culture the ways in which it shapes literature and is in turn influenced by it the ways of fiction Especially commissioned from experts in the field essays cover the whole of the century embracing such themes as class gender nationhood politics and identity Through scrutiny of familiar and less well known authors alike the collection forms a stimulating and provocative anthology It will naturally appeal to scholars and students of the novel as well as to historians of

culture and all those concerned with eighteenth century studies A broader readership will also find much here to enhance their appreciation of fiction as a cultural artefact Responding to a growing fascination with this period in British history these essays open vital new perspectives on the novel at a key moment in its development

Joseph Andrews and Shamela Henry Fielding,2008-06-12 I beg as soon as you get Fielding s Joseph Andrews I fear in Ridicule of your Pamela and of Virtue in the Notion of Don Quixote s Manner you would send it to me by the very first Coach George Cheyne in a letter to Samuel Richardson February 1742 Both Joseph Andrews 1742 and Shamela 1741 were prompted by the success of Richardson s Pamela 1740 of which Shamela is a splendidly bawdy parody But in Shamela Fielding also demonstrates his concern for the corruption of contemporary society politics religion morality and taste The same themes together with a presentation of love as charity as friendship and in its sexual taste are present in Joseph Andrews Fielding s first novel It is a work of considerable literary sophistication and satirical verve but its appeal lies also in its spirit of comic affirmation epitomized in the celebrated character of Parson Adams This revised and expanded edition follows the text of Joseph Andrews established by Martin C Battestin for the

definitive Wesleyan Edition of Fielding's works The text of *Shamela* is based on the first edition and two substantial appendices reprint the preliminary matter from Conyers Middleton's *Life of Cicero* and the second edition of Richardson's *Pamela* both closely parodied in *Shamela* A new introduction by Thomas Keymer situates Fielding's works in their critical and historical contexts ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Latitudinarianism and Didacticism in Eighteenth-century Literature Patrick Müller, 2009 The relationship between Latitudinarian moral theology and eighteenth century literature has been much debated among scholars However this issue can only be tackled if the exact objectives of the Latitudinarians moral theology are clearly delineated In doing so Patrick Müller unveils the intricate connection between the didactic bias of Latitudinarianism and the resurgent interest in didactic literary genres in the first half of the eighteenth century His study sheds new light on the complex and contradictory reception of the Latitudinarians controversial theses in the work of three of the major eighteenth century novelists Henry Fielding Laurence Sterne and Oliver Goldsmith

The Oxford Handbook of Eighteenth-Century Satire Paddy Bullard, 2019-07-30 Eighteenth century Britain thought of itself as a polite sentimental enlightened place but often its literature belied this self image This was an age of satire and the century's novels poems plays and prints resound with mockery and laughter with cruelty and wit The street level invective of Grub Street pamphleteers is full of satire and the same accents of raillery echo through the high scepticism of the period's philosophers and poets many of whom were part time pamphleteers themselves The novel a genre that emerged during the eighteenth century was from the beginning shot through with satirical colours borrowed from popular romances and scandal sheets This Handbook is a guide to the different kinds of satire written in English during the long eighteenth century It focuses on texts that appeared between the restoration of the Stuart monarchy in 1660 and the outbreak of the French Revolution in 1789 Outlier chapters extend the story back to the first decade of the seventeenth century and forward to the second decade of the nineteenth The scope of the volume is not confined by genre however So prevalent was the satirical mode in writing of the age that this book serves as a broad and characteristic survey of its literature The Oxford Handbook of Eighteenth Century Satire reflects

developments in historical criticism of eighteenth century writing over the last two decades and provides a forum in which the widening diversity of literary intellectual and socio historical approaches to the period s texts can come together
