Fiesta la Masquerade Madeleine Brooks, 1978      **Lavender Los Angeles** Roots of Equality, Tom De Simone, Teresa Wang, Melissa Lopez, Diem Tran, Andy Sacher, 2011 Los Angeles has always been a city of possibilities and reinvention A youthful and independent spirit permeates the culture and gives a sense of freedom found in few other places This environment provided fertile ground for the growth of a lesbian gay bisexual and transgender LGBT community that had a major influence on LGBT life in the United States For most of American history queer identities were only visible in forms of entertainment with most of the culture existing underground and in fear By the 1950s however a few brave gay people living in Los Angeles dared to challenge society's negative views on homosexuality For the next two decades L A produced the nation's first LGBT leaders organizations and publications and gave birth to the national movement for LGBT equality

The Festive State David M. Guss, 2001-01-02 If as David Guss argues culture is a contested terrain with constantly changing contours then festivals are its battlegrounds where people come to fight and dispute in large acts of public display Festive behavior long seen by anthropologists and folklorists as the uniform expression of a collective consciousness is contentious and often subversive and The Festive State is an eye opening guide to its workings Guss investigates the ideology of tradition combining four case studies in a radical multisite ethnography to demonstrate how in each instance concepts of race ethnicity history gender and nationhood are challenged and redefined In a narrative as colorful as the events themselves Guss presents the Afro Venezuelan celebration of San Juan the neo Indian Day of the Monkey the mestizo ritual of Tamunangue and the cultural policies and products of a British multinational tobacco corporation All these illustrate the remarkable fluidity of festive behavior as well as its importance in articulating different cultural interests      Radical L.A. Errol Wayne Stevens, 2012-11-20 When the depression of the 1890s prompted unemployed workers from Los Angeles to join a nationwide march on Washington Coxey's Army marked the birth of radicalism in that city In this first book to trace the subsequent struggle between the radical left and L A's power structure Errol Wayne Stevens tells how both sides shaped the city's character from the turn of the twentieth century through the civil rights era On the radical right Los Angeles's business elite supported by the Los Angeles Times sought the destruction of the trade union movement defended on the left by socialists Wobblies communists and other groups In portraying the conflict between leftist and capitalist visions for the future Stevens brings to life colorful personalities such as Times publisher Harrison Gray Otis and Socialist mayoral candidate Job Harriman He also re-creates events such as the 1910 bombing of the Times building the savage suppression of the 1923 longshoremen's strike and the 1965 Watts riots which signaled that L A politics had become divided less along class lines than by complex racial and ethnic differences The book takes stock of the rivalry between right and left over the several decades in which it repeatedly flared Radical L A is a balanced work of meticulous scholarship that pieces together a rich chronicle usually seen only in smaller snippets or from a single vantage point It will change the way we see the history of the
