Fifth And Final Sun An Ancient Aztec Myth Of The Suns Origin:

The Fifth and Final Sun Carol Shana Greger,1994 For hundreds and hundreds of years different gods take turns being the sun with unsatisfactory results until Nanautzin takes the position permanently **The Origins of the World's Mythologies** E.J. Michael Witzel,2012-12-13 This remarkable book is the most ambitious work on mythology since that of the renowned Mircea Eliade who all but single handedly invented the modern study of myth and religion Focusing on the oldest available texts buttressed by data from archeology comparative linguistics and human population genetics Michael Witzel reconstructs a single original African source for our collective myths dating back some 100 000 years Identifying features shared by this Out of Africa mythology and its northern Eurasian offshoots Witzel suggests that these common myths recounted by the communities of the African Eve are the earliest evidence of ancient spirituality Moreover these common features Witzel shows survive today in all major religions Witzel s book is an intellectual hand grenade that will doubtless generate considerable excitement and consternation in the scholarly community Indeed everyone interested in mythology will want to grapple with Witzel s extraordinary hypothesis about the spirituality of our common ancestors and to understand what it tells us about our modern cultures and the way they are linked at the deepest level **The Fifth Sun** Burr Cartwright Brundage,2014-02-19 The ancient Aztecs dwelt at the center of a dazzling and complex cosmos From this position they were acutely receptive to the demands of their gods The Fifth Sun represents a dramatic overview of the Aztec conception of the universe and the gods who populated it Quetzalcoatl the Plumed Serpent Tezcatlipoca the Smoking Mirror and Huitzilopochtli the Southern Hummingbird Burr Cartwright Brundage explores the myths behind these and others in the Aztec pantheon in a way that illuminates both the human and the divine in Aztec life The cult of human sacrifice is a pervasive theme in this study It is a concept that permeated Aztec mythology and was the central preoccupation of the aggressive Aztec state Another particularly interesting belief explored here is the mask pool whereby gods could exchange regalia and thus identities This vivid and eminently readable study also covers the use of hallucinogens cannibalism the calendars of ancient Mexico tlachtli the life and death ball game the flower wars divine transfiguration and the evolution of the war god of the Mexica A splendid introduction to Aztec religion The Fifth Sun also contains insights for specialists in ethnohistory mythology and religion **The Horn Book Guide to Children's and Young Adult Books** ,1995 *Military Ethos and Visual Culture in Post-Conquest Mexico* MªaDomªuez Torres,2017-07-05 Bringing to bear her extensive knowledge of the cultures of Renaissance Europe and sixteenth century Mexico Mªa Domªuez Torres here investigates the significance of military images and symbols in post Conquest Mexico She shows how the conquest in fact involved dynamic exchanges between cultures and that certain interconnections between martial social and religious elements resonated with similar intensity among Mesoamericans and Europeans creating indeed cultural bridges between these diverse communities Multidisciplinary in approach this study builds on scholarship in the fields of visual literary and cultural studies to analyse the

European and Mesoamerican content of the martial imagery fostered within the indigenous settlements of central Mexico as well as the ways in which local communities and leaders appropriated manipulated modified and reinterpreted foreign visual codes Military Ethos and Visual Culture in Post Conquest Mexico draws on post structuralist and post colonial approaches to analyse the complex dynamics of identity formation in colonial communities [MultiCultural Review](#) ,1995 **Children and Their World** David A.
