Last Half-Century Morris Janowitz,1978 The Last Half Century represents the culmination of a lifetime of scholarship by

Morris Janowitz In this comprehensive and systematic analysis of the major trends in American society during the past fifty years he probes the weakening of popular party affiliations and the increased inability of elected representatives to rule Centering his work on the crucial concept of social control Janowitz orders and assesses a vast amount of empirical research to clarify the failure of basic social institutions to resolve our chronic conflicts For Janowitz social control denotes a society's capacity to regulate itself within a moral framework that transcends simple self interest He poses urgent questions Why has social control been so drastically weakened in our advanced industrial society And what strategies can we use to strengthen it again The explanation rests in part on the changes in social structure which make it more and more complicated for citizens to calculate their political self interest At the same time complex economic and defense problems also strain an already overburdened legislative system making effective responsive political rule increasingly difficult Janowitz concludes by assessing the response of the social sciences to the pressing problem of social control and asserts that new forms of citizen participation in the government must be found

In the Shadow of Ram Namratha Mogaral , This book argues that the inscription found in the now extinct Babri masjid should be named as Visnu hare instead of Visnu hari since this title does not refer to any god but to the three Gahadavala rajas who had it made It also challenges that the Sanskrit phrase janma bhumi which sparked the Ram debate around the inscription means birth place suggesting that in this language jan means folk rather referring to Ayodhya as land of folk The Gahadavala temple there had been renovated from an earlier Chola temple at the spot It was dedicated to goddess Sri Sundara Amman the Telugu Jaina goddess of beauty art and devadasi cult Further it proposes that the Gahadavala kings during the time of the inscription circa 10th century CE had become intermarried for three generations into the Ghaznavid and Suri Shahi families who ruled Samarkhand and the Sindh provinces and formed an international elite The Babri masjid dedicated to sambo shankara and a whole series of masjid temple complexes at Kashi Mathura Prabhasa and elsewhere were the outcome of these interfaith marriages During the time of the Gahadavala heir Vallabha who took the title Prithviraj Chauhan Karpura and who had married none other than Padmavati the princess of Sri Lanka the temples must have become extinct due to Bhakti ages sectarian politics on the Hindu side as all these temples had been dedicated to devadasi practice
