

This is a reproduction of the painting 'Rain, Steam, and Great Central Railway' by the English painter J.M.W. Turner. The painting depicts a steam locomotive crossing a bridge over a railway track. The scene is set in a hazy, rainy atmosphere, with a reflection of the bridge and train visible in the water below. The painting is characterized by its soft, atmospheric style and use of color, capturing a moment of everyday life in a dramatic and evocative way.

“I was looking at the [2008] census, and I saw that the number of people who had moved from the city to the suburbs had increased by 10 percent. I was like, ‘That’s interesting. I wonder why.’”

book explores the relationships between visual culture social theory and the individual Visual culture has emerged as a central area of debate and research in contemporary sociology yet the field is still underdefined In particular the relationship between visual culture and the individual remains obscure Sociologists have insisted that all aspects of the individual are open to sociological explanation The result is that the individual sometimes seems to have been theorized away from sociological understanding Using a wide range of resources from Bourdieu s action theory and the contribution of actor network theory through to the artistic explorations of Francis Bacon and Barnett Newman this book shows how the concept of the individual is being reconstructed

Baselitz, Painter Georg Baselitz, 2006 Ever since 1963 when East Berlin s renowned art academy Hochschule der Künste expelled Georg Baselitz for what s been translated as sociopolitical immaturity and the police confiscated work from his first solo show he s officially been an art world bad boy More than 40 years into his career he s still literally turning his subjects upside down and he is considered one of Europe s most influential painters This collection of more than 100 works spanning from Baselitz s earliest years to the present day offers an unparalleled overview of his oeuvre as well as insight into the subtle changes that have come to his work as he has matured In recent years the distinctive visual universe that grew out of the artist s study of art myth and literature has expanded to make room for the personal for memories of an upbringing in the German and Slavic cultural borderland for everyday life and his family and for revisiting works by himself and others
