H. Cookridge,1967 *Love From* Edna Carr Green,2016-06-29 This book is about surviving all the changes that took place in my life and in the World during the 1960s to 1990s I had always written letters because when I was young that was the only way to communicate Telephones were rare and calls were expensive Invitations condolences thank you notes and love letters were all written After I learned to type I worked in an office and every letter of course had to have a carbon copy Somehow this stuck and when I married and started moving around I always made carbon copies of my letters In the beginning I wrote to my parents then my sister and friends and then to my children when they went to boarding school These communications were all copied and I still have files of letters from far away places all looking rather faded now They have been a useful tool when my memory failed as it often does but it does mean that if my descendants ever want to check up on me they can discover what life was like for an ordinary woman in 1968 and how hard it was send their children off to boarding school even though by then they saw them every holiday and not once every four years as had been the case a few years earlier **The Secret State** Richard C. Thurlow,1995-01-09 This is a history of the secret activities of the British government in response to threats to the nation s well being and stability during the twentieth century It is based on intensive and widespread research in private and public archives and on documents many of which have only recently come to light or been made available The dangers perceived by the state have been manifold and various

coming from within and from abroad Anarchists fascists socialists communists the IRA trades unionists and animal activists as well as spies terrorists and saboteurs have been the subject of undercover investigation along with almost every large scale movement from suffragettes to campaigners for peace and nuclear disarmament The author describes the methods and people employed and the mixed nature of their results The British state has always seen itself as civil and liberal but as Dr Thurlow shows it has sometimes been far from open The government has had many weapons at its disposal from public order acts censorship internment and proscription on the one hand to covert operations infiltration and manipulation on the other Yet when examined in the light of new evidence the activities of the state are fully comprehensible only in terms of those who comprised it The author shows the tensions among the departments between MI5 MI6 SIS and the Special Branch for example and the crucial part played by individuals whose motives were often far from what the government supposed them to be This is an at times disturbing at others almost comical but always fascinating account It throws light on the inmost workings of the state as well as on the movements and people subject to investigation and action **Classified!** Nigel West, 2024-02-29

Over the past fifty years Nigel West has been involved in almost every espionage related investigation breakthrough or revelation that you can think of His molehunts have led to the unmasking of spies within MI5 MI6 and the CIA and the identification of numerous others some of whom were crucial to the Allied victory in the Second World War and would have died without any public recognition if not for him His first encounter with the intelligence community was a lecture given at his school by John le Carr the guest of a Benedictine monk who had recently retired from MI6 Later West worked as a researcher for SOE agent Ronnie Seth who was sentenced to death by the Nazis after being captured during Operation blunderhead and exposed two of the Cambridge spies recruited by Anthony Blunt For the fortieth anniversary of the D Day landings West traced the double agent codenamed garbo and brought him to London so he could be decorated at Buckingham Palace As action packed as the lives of the spies he has written about this is the story of the most enthralling and significant post war intelligence revelations as told by Britain's most authoritative writer on espionage and the secret services **Ban the Bomb!** Michael Levy, 2021-04-13 During the 1950s Michael Randle helped pioneer a new form of direct action against nuclear war based on the teachings of Mahatma Gandhi At the forefront of the British campaign he worked closely with Peace News editor Hugh Brock 1914 1985 and other distinguished anti nuclear pacifists such as Pat Arrowsmith April Carter and Ian Dixon serving as chairman of the Direct Action Committee against Nuclear War 1958 1961 and secretary of the Committee of 100 1960 1961 In 1966 he helped spring the Russian spy George Blake from Wormwood Scrubs Prison Thereafter he campaigned vigorously on behalf of the Greek democratic opposition conscientious objectors and Soviet dissidents He has always been a man of rare candor and singular energy and principles even enduring imprisonment for his beliefs Nowadays Michael lives in Shipley near Bradford where he continues to write as a respected expert on people power Martin Levy's interviews with Michael Randle introduce the reader to a tumultuous life that is nothing short of extraordinary

Spymaster Tennent H. Bagley, 2015-08-25 Tennent Bagley's *Spymaster* is the single most revealing book about espionage to emerge from the Cold War. Edward Jay Epstein, author of *Deception: The Invisible War Between the KGB and the CIA*, from the dark days of World War II through the Cold War, Sergey A. Kondrashev was a major player in Russia's notorious KGB espionage apparatus. Rising through its ranks through hard work and keen understanding of how the spy and political games are played, he handled American and British defectors, recruited Western operatives as double agents, served as a ranking officer at the East Berlin and Vienna KGB bureaus, and tackled special assignments from the Kremlin. During a 1994 television program about former spymasters, Kondrashev met and began a close friendship with a former foe, ex-CIA officer Tennent H. Pete Bagley, whom the Russian asked to help write his memoirs. Because Bagley knew so much about Kondrashev's career, they had been on opposite sides in several operations; his penetrating questions and insights reveal slices of espionage history that rival anything found in the pages of Ian Fleming, Len Deighton, or John le Carr. Chilling tales of surviving Stalin's purges while superiors and colleagues did not, of plotting to reveal the Berlin tunnel, of quelling the Hungarian Revolution and Prague Spring independence movements, and of assisting in arranging the final disposition of the corpses of Adolf Hitler and Evan Braun. Kondrashev also details equally fascinating KGB propaganda and disinformation efforts that shaped Western attitudes throughout the Cold War. Because publication of these memoirs was banned by Putin's regime, Bagley promised Kondrashev to have them published in the West. They are now available to all who are fascinated by vivid tales of international intrigue. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Just Keep a Bag Packed Edna Carr Green, 2013-01-24 Most memoirs are written by famous men; important men who have led successful lives. One hears little of their wives except a "thank you for your patience" or a dedication in the introduction. This memoir is nothing like that. I have been married for fifty-two years, but you will scarcely find a mention of my husband in this book. This is my story. It is the story of a girl who left the still-war-torn United Kingdom and entered the confusing world of the Middle East. New languages, new customs, and a quick shift from the life of a single girl in Regents Park to a mother with a tiny baby in an Arab village with no doctors or other facilities, not even a telephone to call home. A sense of humor was required to survive, so I hope the reader will find the story amusing.
