Hyde ,1906 **Music at Midnight** John Drury,2014-04-01 This powerfully absorbing biography of 17th century Welsh poet George Herbert brings essential personal and social context to his immortal poetry Financial Times Though he never published any of his English poems during his lifetime George Herbert has been celebrated for centuries as one of the greatest religious poets in the language In this richly perceptive biography author and theologian John Drury integrates Herbert s poems fully into his life enriching our understanding of both the poet s mind and his work As Drury writes in his preface Herbert lived a quiet life with a crisis in the middle of it Beginning with his early academic success Drury chronicles the life of a man who abandons the path to a career at court and chooses to devote himself to the restoration of a church in Huntingdonshire and lives out his life as a country parson Because Herbert s work was only published posthumously it has always been difficult to know when or in what context he wrote his poems But Drury skillfully places readings of the poems into his narrative allowing us to appreciate not only Herbert s frame of mind while writing but also the society that produced it He reveals the occasions of sorrow happiness regret and hope that Herbert captured in his poetry and that led T S Eliot to write What we can confidently believe is that every poem is true to the poet s experience It is hard to imagine a better book for anyone general reader or seventeenth century aficionado or teacher or student newly embarking on Herbert The Guardian UK [George Herbert and His Times](#) A G Hyde,2018-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around

S. Lim,2018-09-12 Professor C S Lim had a fondness for the metaphysical poets of the seventeenth century A devout Christian he loved the poetry of Donne Marvell and especially George Herbert Lim found the poems beautiful and he had a fascination for the themes of God and death and love He began a dissertation in 1973 as a postgraduate student at the University of Malaya Kuala Lumpur Lim died from cancer in 2011 and his wife Rema Lim

published this little known thesis that offers a rhetorical reading of Herbert's *The Temple* and contributes to the understanding of the man himself. Praise for *The Temple* of George Herbert. C. S. Lims remarkable study of George Herbert's poetry goes a long way in reaffirming the importance of rhetoric in the literary world of seventeenth century poets. Written forty years ago it exhibits a kind of scholarship and insight that has become rare these days. Professor Lims analysis of the poems in *The Temple* shows the depth of Herbert's rhetorical studies and also provides important insights into the nature of poetic language in the English Renaissance. The work also touches upon John Wesley's adaptations of Herbert's poems.

*George Herbert's Pastoral* Christopher Hodgkins, 2010

As poet and as country parson George Herbert engaged the pastoral in all of its varied senses. In October of 2007 many of the world's leading Herbert scholars met at Sarum College in Salisbury, England to locate Herbert's pastoral life and writings more particularly in early Stuart Wiltshire. They explored the relations between the pastoral locale of Herbert's last years 1630-1633 in nearby Bemerton and the themes, images and tenor of his writing. How did the specific country place, time and people shape the life and work of this especially lyrical country priest? The fourteen essays in this collection address Herbert's pastoral poetry and practice, cast new light on his actual relations with specific local personalities and places, make fresh connections to the inward biblical and liturgical spaces of his work, consider his outward links to garden and pasture and discover fictional and theological reverberations beyond Herbert's local pastoral world.

**Littell's Living Age** Eliakim Littell, Robert S. Littell, 1862

**The Historical Renaissance** Heather Dubrow, Richard Strier, 1988-10-19

*The Historical Renaissance* both exemplifies and examines the most influential current in contemporary studies of the English Renaissance: the effort to analyze the interplay between literature, history and politics. The broad and varied manifestations of that effort are reflected in the scope of this collection. Rather than merely providing a sampler of any single critical movement, *The Historical Renaissance* represents the range of ways scholars and critics are fusing what many would once have distinguished as literary and historical concerns. The volume includes studies of mid-Tudor culture as well as of Elizabethan and Stuart periods. The scope of the collection is also manifest in its list of contributors. They include historians and literary critics and their work spans the spectrum from more traditional methods to those characteristic of what has been termed New Historicism. One aim of the book is to investigate the apparent division between these older and more current approaches. Heather Dubrow and Richard Strier evaluate the contemporary interest in historical studies of the Renaissance, relating it to previous developments in the field, surveying its achievements and limitations and suggesting new directions for future work.
