

George Stubbs

Maria Tsaneva, Blago Kirov

George Stubbs:

George Stubbs, Painter Judy Egerton, George Stubbs, 2007-01-01 George Stubbs is one of the greatest of British eighteenth century painters with a deep and unaffected sympathy for country life and the English countryside This fully illustrated book outlines his career followed by a catalogue raisonne the first since Sir Walter Gilbey's short listing of 1898 of all his known works One of the stickiest labels in the history of British art attached itself to Stubbs as Mr Stubbs the horse painter Over half of his paintings were of horses each founded on the pioneering observations assembled in 1766 in his book *The Anatomy of the Horse* but Stubbs's wide ranging subjects included portraits conversation pieces and paintings of exotic animals from the Zebra to the Rhinoceros as well as an extraordinarily sympathetic series of portraits of dogs **George Stubbs** Maria Tsaneva, 2015-01-10 George Stubbs was marvelous English animal painter and anatomical draftsman famous for his paintings of horses Stubbs also painted a wide range of other animals including the lion tiger giraffe monkey and rhinoceros which he was able to observe in private menageries According to the Ozias Humphrey Stubbs was so convinced of the importance of observation that he visited Italy in 1754 only to reinforce his belief that nature is superior to art Among Stubbs's best known pictures are several depicting a horse being frightened or attacked by a lion *Horse Frightened by a Lion* 1770 His historical paintings are among the least successful of his works much more convincing are his scenes of familiar country activities done in the 1770s Unfortunately he tended to execute his paintings in thin oil paint and relatively few survive in undamaged condition Stubbs's last years were spent on a final work of anatomical analysis for which he completed 100 drawings and 18 engravings **George Stubbs** George Stubbs, [George Stubbs: 50 Chapters of an Imagined Biography](#) Merritt Abrash, 2004-02-03 This biography of George Stubbs leading eighteenth century English animal painter is imagined because virtually nothing is known of his character or private life Historian Merritt Abrash has combined his knowledge of eighteenth century Great Britain with the facts of Stubbs artistic career and the evidence of his paintings in order to create stories providing insights into the kind of man the artist might have been The fifty stories consist of episodes imaginary but not impossible which present Stubbs at different moments of life from the confidence strivings and adventures of youth to the doubts fears and deeper understandings of old age His interactions with fellow artists Gainsborough Reynolds Turner Blake and others less famous are often contentious and encounters with prominent contemporaries such as Dr Johnson Gibbon Wesley and Smith take surprising turns Stories dealing with his independent minded common law wife their son and personal friends reveal Stubbs experiencing both joy and grief His character emerges as centered on the conviction that truth is to be found in the rationally observed factuality of life yet occurrences in some episodes prove to be beyond factual explanation leading him instead to unexpected spiritual insights **The Art of George Stubbs** Venetia Morrison, 1997 Primarily known as a horse painter some rendered life size up to 7 x 12 George Stubbs work represents a social history of eighteenth century England Most of his paintings were done on commission including a number from the

Prince of Wales While paintings in the animal and hunting genre might be easily overlooked as merely decorative Stubbs distinguished himself in this area with the use of stunning realism Also included are his famous equine anatomical illustrations and engravings The faithfully represented images in the book with a text that illuminates Stubbs life and times 1724 1806 allow for a true appreciation of the work and will help to round out any art book collection *George Stubbs* Christopher Lennox-Boyd,1989-12 In a period when access to fine paintings was restricted Stubbs s reputation was spread chiefly through his engravings This catalogue raisonne is the only single volume to contain all Stubbs s known engravings and provides a complete record of prints made by others after his works Introductory essays consider Stubbs s relationships with other artists particularly his engravers and examine how the prints were originally marketed Part 1 covers the more important prints issued during Stubbs s lifetime some of which are published here for the first time Each of the 218 entries is fully illustrated and accompanied by comparative material Part 2 comprises 440 supplementary entries and indicates the nature and extent of Stubbs s posthumous reputation This book also is the first substantial review of the work of a major 18th century British painter by reference to the important but neglected medium of reproductive prints **George Stubbs and the Wide Creation** Robin Blake,2006 Far more than a fine horse portraitist George Stubbs was a painter and a printmaker of the highest importance on a par with his great contemporaries Hogarth Reynolds and Gainsborough An artist scientist who emulated Leonardo da Vinci Stubbs tirelessly explored the natural world and new ways of representing it Born the son of a Liverpool tradesman Stubbs was self taught and at first struggled in obscurity as a northern provincial painter Robin Blake s book uncovers Stubbs s origins and some of the secrets of his youth sympathy with the Jacobite rebels and Catholicism and a previously undocumented wife and family in York A niece Mary became his mistress and lifelong companion working alongside him as he dissected the carcasses of horses In 1776 he published these investigations as *The Anatomy of the Horse* which was his breakthrough leading to commissions from the most powerful men in Georgian Britain By tracing the network of patronage and friendship through which George Stubbs operated Robin Blake reveals the remarkable succession of animals people and ideas which inspired him Stubbs emerges as a man of huge energy and complex sensibility whose artistry was informed by science politics literature classical art and above all nature itself *The Prints of George Stubbs* Basil Taylor,George Stubbs,1969 **George Stubbs, 1724-1806** George Stubbs,1957 *Fearful Symmetry* George Stubbs,Malcolm Cormack,Judy Egerton,Richard T. Godfrey,Hall & Knight Ltd,2000 *George Stubbs* Maria Tsaneva,Blago Kirov,2015-01-09 George Stubbs was marvelous English animal painter and anatomical draftsman famous for his paintings of horses Stubbs also painted a wide range of other animals including the lion tiger giraffe monkey and rhinoceros which he was able to observe in private menageries According to the Ozias Humphrey Stubbs was so convinced of the importance of observation that he visited Italy in 1754 only to reinforce his belief that nature is superior to art Among Stubbs s best known pictures are several depicting a horse being frightened or attacked by a lion *Horse Frightened by a Lion* 1770 His historical

paintings are among the least successful of his works much more convincing are his scenes of familiar country activities done in the 1770s Unfortunately he tended to execute his paintings in thin oil paint and relatively few survive in undamaged condition Stubbs's last years were spent on a final work of anatomical analysis for which he completed 100 drawings and 18 engravings **George Stubbs 1724-1806** Edited, George Stubbs, 1986-03 *Stubbs, Portraits in Detail* George Stubbs, Tate Gallery, 1984 **A Memoir of George Stubbs** Ozias Humphry, Joseph Mayer, 2005 George Stubbs was one of the most original artists Britain ever produced His extraordinary dedication to accuracy impelled him to spend 18 solitary months dissecting and drawing horses to make his landmark study *The Anatomy of the Horse* His portraits of people and animals combine an unflinchingly accurate gaze with profound psychological truth yet he also created some of the most lyrical paintings of the age Ozias Humphry a colleague of Stubbs recorded his many conversations with the painter and the resulting manuscript became the basis for this present book *George Stubbs, 1724-1806* George Stubbs, 2012 Although George Stubbs is best known for his images of hounds and horses charging around the British countryside the painter was also an avid student of the broader animal world This volume features reproductions of paintings that highlight the painter's genius for combining realism and lyricism **The Art of George Stubbs** Venetia Morrison, George Stubbs, 2001 *Tate British Artists* Martin Myrone, George Stubbs, 2002 George Stubbs 1724-1806 is one of Britain's best loved painters His pictures of famous racehorses and their riders and the more dramatic works showing horses and lions in combat are among the most familiar images in British art prized for their subtlety naturalism and piercing observation Once marginalised as merely a humble sporting artist Stubbs is now recognised as a key figure in British cultural tradition In this highly original study Martin Myrone presents a less familiar account of the artist From his earliest anatomical studies through to his depictions of exotic animals and experiments with the industrialist Josiah Wedgwood Stubbs is shown to have been dynamically engaged with the science technology and popular culture of his day He emerges from this new account as an artist more experimental and challenging than is conventionally thought Back cover **George Stubbs** George Stubbs, 1985 **George Stubbs, 1724-1806** George Stubbs, Walker Art Gallery, 1951 **Artist File** George Stubbs, 1970

The book delves into George Stubbs. George Stubbs is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into George Stubbs, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to George Stubbs
- Chapter 2: Essential Elements of George Stubbs
- Chapter 3: George Stubbs in Everyday Life
- Chapter 4: George Stubbs in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of George Stubbs. The first chapter will explore what George Stubbs is, why George Stubbs is vital, and how to effectively learn about George Stubbs.
3. In chapter 2, the author will delve into the foundational concepts of George Stubbs. The second chapter will elucidate the essential principles that need to be understood to grasp George Stubbs in its entirety.
4. In chapter 3, this book will examine the practical applications of George Stubbs in daily life. This chapter will showcase real-world examples of how George Stubbs can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of George Stubbs in specific contexts. The fourth chapter will explore how George Stubbs is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about George Stubbs. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of George Stubbs.
