George Thomas White Patrick George Patrick, 2013-03-01 Bonded Leather binding **George Thomas White Patrick** George Thomas White Patrick, Herbert Martin, 1947 **George Thomas White Patrick** George Thomas White Patrick, Herbert Martin, 1947 Herringshaw's National Library of American Biography Thomas William Herringshaw, 1914 *The American Blue Book of Biography*, 1914 *Herringshaw's American Blue-book of Biography*, 1914 **American Blue-book of Biography** Thomas William Herringshaw, 1914 **American Autobiography, 1945-1980** Mary Louise Briscoe, 1982 This bibliography provides access to over 5 000 American autobiographies published in book form by private and commercial presses from 1945 through 1980 intro **Dictionary Of Modern American Philosophers** John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought The Rise of Gridiron University Brian M. Ingrassia, 2015-12-04 The quarterback sends his wide receiver deep The crowd gasps as he launches the ball And when he hits his man the team's fans roar with approval especially those with the deep pockets Make no mistake college football is big business played with one eye on the score the other on the bottom line But was this always the case Brian M Ingrassia here offers the most incisive account to date of the origins of college football tracing the sport's evolution from a gentlemen's pastime to a multi million dollar enterprise that made athletics a permanent fixture on our nation's campuses and cemented college football's place in American culture He takes readers back to the late 1800s to tell how schools embraced the sport as a way to get the public interested in higher learning and then how football's immediate popularity overwhelmed campuses and helped create the beast we know today Contrary to conventional wisdom Ingrassia proves that the academy did not initially resist the inclusion of athletics rather progressive reformers and professors embraced football as a way to make the ivory tower less elitist With its emphasis on disciplined teamwork and spectatorship football was seen as a middlebrow way to make the university more accessible to the general public What it really did was make athletics a permanent fixture on campus with its own set of professional experts bureaucracies and ostentatious cathedrals Ingrassia examines the early football programs at universities like Michigan

Stanford Ohio State and others then puts those histories in the context of Progressive Era culture including insights from coaches like Georgia Tech's John Heisman and Notre Dame's Knute Rockne. He describes how reforms emerged out of incidents such as Teddy Roosevelt's son being injured on the field and a section of grandstands collapsing at the University of Chicago. He also touches on some of the problems facing current day college football and shows us that we haven't come far from those initial arguments more than a century ago. *The Rise of Gridiron University* shows us where and how it all began highlighting college football's essential role in shaping the modern university and by extension American intellectual culture. It should have wide appeal among students of American studies and sports history as well as fans of college football curious to learn how their game became a cultural force in a matter of a few decades.

In this book the author combines a statistical approach with a biographical approach in order to reconstruct the history of these educational pilgrimages and to illustrate the interconnectedness of student migration with educational reforms on both sides of the Atlantic. This detailed account of academic networking in European educational centers highlights the importance of travel for academic and cultural transformations in nineteenth century America.

Mary Mills Patrick's Cosmopolitan Mission and the Constantinople Woman's College Carolyn McCue Goffman, 2021-01-28 Mary Mills Patrick's Constantinople Woman's College was one of the most influential institutions of higher learning for women in the Middle East in the last decades of the Ottoman Empire. Patrick arrived in the 1870s to evangelize but she gradually distanced herself from Christian proselytism in order to create a cosmopolitan college for all Ottoman women. Patrick was president of the Constantinople Woman's College for 34 years protecting the institution through the Balkan Wars World War One the British occupation of Constantinople the demise of the Ottoman Empire and the founding of the Turkish Republic. Just as the late Ottoman Empire underwent extraordinary changes so did Patrick transform herself and the Constantinople College to meet the demands of a twentieth century Muslim state ultimately sacrificing her cosmopolitan heterogeneous student body to an ethnically homogeneous one that reflected the newly racialized nationalism of the Turkish Republic. Mary Mills Patrick's *Cosmopolitan Mission and the Constantinople Woman's College* explores Patrick's career from the 1870s to the 1930s tracking her personal religious struggle and her professional transformation from Protestant evangelist to feminist educator to advocate for Muslim women to finally supporter of Turkish nationalism.
