## **George Washington The Man Behind The Myths:**

**George Washington--the Man Behind the Myths** William Meade Stith Rasmussen, Robert S. Tilton, 1999 The catalogue for a February 1999 exhibition in Richmond Virginia which displayed contemporary documents and other artifacts that illuminate Washington's life The idea is that the republic no longer needs a larger than life Founding Father and people can begin looking at who he really was Annotation copyrighted by Book News Inc Portland OR George Washington

Christina S. Draper, 1999 **George Washington: Gentleman Warrior** Stephen Brumwell, 2013-10-08 Winner of the prestigious George Washington Book Prize George Washington is a vivid recounting of the formative years and military career of The Father of his Country following his journey from brutal border skirmishes with the French and their Native American allies to his remarkable victory over the British Empire an achievement that underpinned his selection as the first president of the United States of America The book focuses on a side of Washington that is often overlooked the feisty young frontier officer and the early career of the tough forty something commander of the revolutionaries ragtag Continental Army Award winning historian Stephen Brumwell shows how ironically Washington's reliance upon English models of gentlemanly conduct and on British military organization was crucial in establishing his leadership of the fledgling Continental Army and in forging it into the weapon that secured American independence Drawing on a wide range of sources including original archival research Brumwell brings a fresh new perspective on this extraordinary individual whose fusion of gentleman and warrior left an indelible imprint on history George Washington

Robert Francis Jones, 2002 Jones history Fordham U extensively revises and enlarges his George Washington A Biography originally published in 1979 and in print since then His goal is to synthesize the best contemporary scholarship into a relatively brief and readable biography for the general reader and student Annotation copyrighted by Book News Inc Portland OR **George Washington , George Washington and Political Fatherhood** Heinz Tschachler, 2020-02-20 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther's Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election **George Washington**

John H. Rhodehamel, 2017-01-01 A much needed concise biography of America's first president American Legends: Unveiling the Truth Behind the Myths Pasquale De Marco, 2025-05-14 American Legends Unveiling the Truth Behind the Myths is a collection of essays that explore some of the most popular American myths and legends From the Revolutionary War to the Vietnam War these essays examine the evidence for and

against these stories and they show how they have been used to shape our understanding of the past In this book you will learn the real story behind Paul Revere s ride and you will see how the role of women in the Revolutionary War has been downplayed You will also take a closer look at the founding fathers and you will see how their ideals have been distorted over time You will also learn about the causes of the Civil War and you will see how it has been used to justify racism and discrimination You will also take a closer look at Abraham Lincoln and you will see how his legacy has been shaped by myth and legend You will then move on to the Wild West and you will explore the myths surrounding cowboys and Indians You will see how these myths have been used to justify the conquest of the West and you will examine the impact of this conquest on Native Americans Finally you will take a look at some of the more recent myths and legends that have shaped American history You will examine the myths surrounding the Great Depression World War II and the Vietnam War You will see how these myths have been used to shape our understanding of the past and you will explore their impact on American society This book is not intended to be a comprehensive history of the United States Rather it is a collection of essays that explore some of the most popular American myths and legends We hope that by examining these myths we can gain a better understanding of our past and the ways in which it has been shaped by myth and legend If you like this book write a review on google books

George Washington Candice F. Ransom,2002-01-01 Describes the life and accomplishments of the first president of the United States

**George Washington's First War** David A. Clary,2011-11 Examines the early military adventures of George Washington detailing his ordeals in the wilderness activities during the French and Indian Wars lack of support from the government and more

**George Washington** David O. Stewart,2022-02-08 A fascinating and illuminating account of how George Washington became the dominant force in the creation of the United States of America from award winning author David O Stewart An outstanding biography George Washington has a narrative drive such a life deserves The Wall Street Journal Washington s rise constitutes one of the greatest self reinventions in history In his mid twenties this third son of a modest Virginia planter had ruined his own military career thanks to an outrageous ego But by his mid forties that headstrong unwise young man had evolved into an unassailable leader chosen as the commander in chief of the fledgling Continental Army By his mid fifties he was unanimously elected the nation s first president How did Washington emerge from the wilderness to become the central founder of the United States of America In this remarkable new portrait award winning historian David O Stewart unveils the political education that made Washington a master politician and America s most essential leader From Virginia s House of Burgesses where Washington mastered the craft and timing of a practicing politician to his management of local government as a justice of the Fairfax County Court to his eventual role in the Second Continental Congress and his grueling generalship in the American Revolution Washington perfected the art of governing and service earned trust and built bridges The lessons in leadership he absorbed along the way would be invaluable during the early years of the republic as he fought to unify the new nation

George Washington's War Bruce

Chadwick,2005-02 How a young general shaped a nation a fascinating account of George Washington as he faced a war and came out as America s first president The American Revolution was won not on the battlefields but through the mind of George Washington One of America s founding fathers Washington s story is one that influenced how our entire nation was built A compulsively readable narrative and extensive history George Washington s War illuminates how during the war s winter months the young general created a new model of leadership that became the model for the American presidency Through hardships loss and the brutal conditions of war Washington led his men with cunning and grace demonstrating the strong and endearing qualities that led him to become America s most beloved patriot **George Washington's Religion**

Stephen J. Vicchio,2019-09-17 In this book Professor Stephen Vicchio gives a comprehensive analysis of the religious beliefs of the first president of the United States George Washington After discussing Washington s early religious life in the Anglican and Episcopal churches Professor Vicchio goes on to analyze Washington s views on God the Bible religious toleration ethics and virtue prayer and whether or not America was established as a Christian nation as well as his understanding of the problem of evil and the afterlife **First in the Homes of His Countrymen** Lydia Mattice

Brandt,2016-12-14 Over the past two hundred years Americans have reproduced George Washington s Mount Vernon plantation house more often and in a greater variety of media than any of their country s other historic buildings In this highly original new book Lydia Mattice Brandt chronicles America s obsession with the first president s iconic home through advertising prints paintings popular literature and the full scale replication of its architecture Even before Washington s death in 1799 his house was an important symbol for the new nation His countrymen used it to idealize the past as well as to evoke contemporary and even divisive political and social ideals In the wake of the mid nineteenth century s revival craze Mount Vernon became an obvious choice for architects and patrons looking to reference the past through buildings in residential neighborhoods at world s fairs and along the commercial strip The singularity of the building s trademark piazza and its connection to Washington made it immediately recognizable and easy to replicate As a myriad of Americans imitated the building s architecture the Mount Vernon Ladies Association carefully interpreted and preserved its fabric Purchasing the house in 1859 amid intense scrutiny the organization safeguarded Washington s home and ensured its accessibility as the nation s leading historic house museum Tension between popular images of Mount Vernon and the organization s official narrative for the house over the past 150 years demonstrates the close and ever shifting relationship between historic preservation and popular architecture In existence for roughly as long as the United States itself Mount Vernon s image has remained strikingly relevant to many competing conceptions of our country s historical and architectural identity The Columbia Companion to American History on Film Peter C. Rollins,2004-03-24 American history has always been an irresistible source of inspiration for filmmakers and today for good or ill most Americans sense of the past likely comes more from Hollywood than from the works of historians In important films such as The Birth of a Nation 1915 Roots 1977

Apocalypse Now 1979 and Saving Private Ryan 1998 how much is entertainment and how much is rooted in historical fact In The Columbia Companion to American History on Film more than seventy scholars consider the gap between history and Hollywood They examine how filmmakers have presented and interpreted the most important events topics eras and figures in the American past often comparing the film versions of events with the interpretations of the best historians who have explored the topic Divided into eight broad categories Eras Wars and Other Major Events Notable People Groups Institutions and Movements Places Themes and Topics and Myths and Heroes the volume features extensive cross references a filmography of discussed and relevant films notes and a bibliography of selected historical works on each subject The Columbia Companion to American History on Film is also an important resource for teachers with extensive information for research or for course development appropriate for both high school and college students Though each essay reflects the unique body of film and print works covering the subject at hand every essay addresses several fundamental questions What are the key films on this topic What sources did the filmmaker use and how did the film deviate or remain true to its sources How have film interpretations of a particular historical topic changed and what sorts of factors technological social political historiographical have affected their evolution Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message

**Liberty's Vanguard** Pasquale De Marco, 2025-03-07 In the annals of American history few figures loom larger than George Washington the first President of the United States and a man whose leadership and character shaped the destiny of a nation Yet beyond the iconic image of the stoic general and revered statesman lies a story of a man who was both complex and compelling This captivating book delves into the early life trials and triumphs of George Washington shedding new light on the man behind the myth Through meticulous research and vivid storytelling we explore the intricate tapestry of his character examining his strengths and weaknesses his triumphs and tribulations Washington's life was inextricably intertwined with the tumultuous events of his time As a young man he fought bravely in the French and Indian War honing his military skills and developing a deep understanding of the frontier This experience would prove invaluable in the years to come as he would lead the Continental Army to victory in the American Revolutionary War With unwavering determination and strategic brilliance Washington rallied his troops forged alliances and overcame seemingly insurmountable odds to secure American independence Through his leadership the fledgling nation emerged victorious and Washington became a symbol of courage resilience and unwavering commitment to liberty But Washington's legacy extends far beyond the battlefield As the first President of the United States he played a pivotal role in shaping the nation's identity and institutions With wisdom and foresight he guided the young republic through its formative years setting precedents that would shape the course of American history for generations to come This book is more than just a biography of George Washington it is a testament to the indomitable spirit of the American people It is a story of courage resilience and the unwavering pursuit of liberty As we delve into Washington's life and legacy we gain a deeper appreciation

for the foundations upon which our nation was built If you like this book write a review *Pittsburgh's East Liberty Valley* East End/East Liberty Historical Society,2008-01-16 Pittsburghs East Liberty Valley originally consisted of lush hunting grounds used by many Native American groups In the 1700s British general John Forbes instructed George Washington to build a military road from Fort Ligonier through the East Liberty Valley to the forks of the Ohio River In 1758 Forbes traveled this widened trail first named for him now known as Penn Avenue Many plantations were established after the Revolution and the village grew with its tollhouse and taverns serving stagecoaches and Conestoga wagons en route to Pittsburgh By the 20th century East Liberty was one of the wealthiest suburbs in America Many famous firsts occurred here including the building of the nations first gasoline service station and the founding of the National Negro Opera Company The area also boasts many famous residents including Billy Eckstine Erroll Garner Gene Kelly Dick Powell and Lillian Russell Through vintage photographs Pittsburghs East Liberty Valley salutes the areas rich history **Martha Washington** Helen Bryan,2007-08-03 A contempary anecdote not only confirms that Martha commanded respect in her own right during her lifetime but also suggests an awkward truth later historians have preferred to ignore that without Martha and her fortune George might never have risen to social military and political prominence Toward the end of his life George Washington war hero retired president and object of universal fame and veneration was negotiating to purchase a plot of land in the new capital city to be named in his honor The seller an aged veteran of the Revolution was reluctant to part with the plot even to so distinguished a purchaser Washington persisted until the veteran s patience snapped You think people take every grist that comes from you as the pure grain What would you have been if you hadn t married the Widow Custis from the Introduction to Martha Washington First Lady of Liberty From the glittering social life of Virginia s wealthiest plantations to the rigors of winter camps during the American Revolution Martha Washington was a central figure in some of the most important events in American history Her story is a saga of social conflict forbidden love affairs ambiguous wills mysterious death heartbreaking loss and personal and political triumph Every detail is brought to vivid life in this engaging and astonishing biography of one of the best known least understood figures in early American life *Union 1812* A. J. Langguth,2006 Sample Text *Sex and the Founding Fathers* Thomas A. Foster,2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America s Founding Fathers Tracing these commentaries on the Revolutionary Era s major political figures in *Sex and the Founding Fathers* Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves *Sex and the Founding Fathers* examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as a child molester and recently

celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity
