Howell,1973      *Lend Me Your Ears* William Safire,1997 William Safire's invaluable and immensely entertaining *Lend Me Your Ears* established itself instantly as a classic treasury of the greatest speeches in human history Selected with the instincts of a great speechwriter and language maven arranged by theme and occasion each deftly introduced and placed in context the more than two hundred speeches in this compilation demonstrate the enduring power of human eloquence to inspire to uplift and to motivate For this expanded edition Safire has selected more than twenty new speeches by such figures as President Bill Clinton Senator Robert Dole General Colin Powell Microsoft's Bill Gates the Dalai Lama Edward R. Loved It So Much the Revolution 1989 Addressing respectively the French Revolution of 1789 Belgium's proletarian messianism in the 1880s and the worldwide rebellions and revolutions of 1968 these canonical images not only depict an alternative view of history but offer a new understanding of the relationship between art and politics and the revolutionary nature of true democracy Drawing on examples from literature politics philosophy and other works of art Jonsson carefully constructs his portrait revealing surprising parallels between the political representation of the people in government and their aesthetic representation in painting Both essentially frame the people Jonsson argues defining them as elites or masses responsible citizens or angry mobs Yet in the aesthetic fantasies of David Ensor and Jaar Jonsson finds a different understanding of democracy one in which human collectives break the frame and enter the picture Connecting the achievements and failures of past revolutions to current political issues Jonsson then situates our present moment in a long historical drama of popular unrest making his book both a cultural history and a contemporary discussion about the fate of democracy in our globalized world

Vive la Revolution Mark Steel, 2003 For most of us the French Revolution has been reduced to jokes about Marie Antoinette guillotines and the Scarlet Pimpernel But for Mark Steel bestselling author of REASONS TO BE CHEERFUL the French Revolution was one of the most inspirational moments in human history a moment when ordinary people changed the world and became extraordinary It deserves better jokes than that In this revolutionary new book Steel banishes stuffiness from history telling us what happened in France between the storming of the Bastille and the rise of Napoleon bringing to life the people who made them happen His account is dominated by bizarre events and splendid characters from the famously odd Robespierre Danton and Thomas Paine to the less well known Drouet the local postman who arrested the fleeing King because he recognised him as the man off of the money VIVE LA REVOLUTION is an uproariously serious work of history brilliantly funny and insightful it puts the peculiarity of individual people back at the centre of the story
