## **Georgian Revolt Rise Fall Of A Poetic:**

*The Georgian Revolt: Rise and Fall of a Poetic Ideal, 1910-22* Robert H. Ross, 1967 The twelve years covered in this book saw the publication of the six volumes of Georgian Poetry the series of anthologies of contemporary verse edited by Edward Marsh The author describes the circumstances and personalities involved in their creation and critical reception In its prime before World War I the Georgian movement attracted poets such as D H Lawrence Siegfried Sassoon Walter de la Mare Isaac Rosenberg and Robert Graves and exemplified the idealist spirit of modernity of its time Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *The Georgian Revolt* Robert Henry Ross, 1965 ~**The Georgian Revolt** Robert H. Ross, 1967 **The Georgian revolt 1910-1922**, 1965 Walter de la Mare Yui Kajita, Angela Leighton, A. J. Nickerson, 2022-08-12 This book aims to put Walter de la Mare back on the literary map A writer beloved by many he has nevertheless remained on the sidelines of literary history *Walter de la Mare Critical Appraisals* promises to restore his reputation as one of the most memorably haunting of poets as well as a peculiarly unnerving writer of ghost stories A collection of varied wide ranging essays on de la Mare's poetry stories novels reviews and lectures it puts his work beside that of many of his famous contemporaries including Thomas Hardy Robert Frost W H Auden T S Eliot and Katherine Mansfield It also contains an invaluable survey of his archive much of it unpublished and a number of newly commissioned poems reflecting on his legacy This multifaceted volume will be of interest to students working on twentieth century poetry the short story the nature and limits of modernism and British intellectual history as well as on de la Mare himself List of contributors Catherine Charlwood Guy Cuthbertson Peter Davidson Giles de la Mare Andrew Doyle Suzannah V Evans Adam Guy Robin Holloway Yui Kajita Zaffar Kunial Gregory Leadbetter Angela Leighton Erica McAlpine Jenny McDonnell Will May Andrew Motion Paul Muldoon A J Nickerson Seamus Perry Adrian Poole Camille Ralphs Vidyan Ravinthiran Peter Scupham A E Stallings Mark Valentine Rory Waterman Anne Welsh David Wheatley Rowan Williams William Wootton *The Twentieth Century in Poetry* Peter Childs, 2008-01-28 Until now most teaching has focused on the novel as the most useful way of raising issues of gender ethnicity theory nationality politics and social class In *The Twentieth Century in Poetry* Peter Childs places literature in a wider social context and demonstrates that all poetry is historically produced and consumed and is part of our understanding of society and identity This student friendly critical survey includes chapters on the Georgians First World War poetry Eliot Yeats the thirties post war poetry contemporary anthologies women's poetry Northern Irish and black British poets It builds a narrative not of poetry in the twentieth century but of the twentieth century in poetry *Women, Modernism and British Poetry, 1910-1939* Jane Dowson, 2017-03-02 Primarily a literary history *Women Modernism and*

British Poetry 1910 1939 provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women s participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women s poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing of realist modes

*Modernism* Peter Childs, 2016-10-04 Modernist movements radically transformed the late nineteenth and early twentieth century literary establishment and their effects are still felt today Modernism introduces and analyzes what amounted to nothing less than a literary and cultural revolution In this fully updated expanded and revised third edition charting modernism in its global and local contexts Peter Childs details the origins of modernism and the influence of thinkers such as Darwin Marx Freud Nietzsche Saussure and Einstein explores the radical changes which occurred in the arts literature drama and film of the period traces modernism at work in literature especially in writings by a range of British Irish American and other Anglophone authors including James Joyce Virginia Woolf Samuel Beckett Nella Larsen Gertrude Stein Katherine Mansfield T S Eliot and many others explains recent critical interest in the culture and worldwide impact of modernism reflects upon the shift from modernism to postmodernism At once accessible and critically informed Modernism guides readers from first steps in the field to an advanced understanding of one of the most important cultural phenomena of the last centuries

*The Long Shadow* David Reynolds, 2013-11-07 In Britain we have lost touch with the Great War Our overriding sense now is of a meaningless futile bloodbath in the mud of Flanders of young men whose lives were cut off in their prime for no evident purpose But by reducing the conflict to personal tragedies however moving we have lost the big picture the history has been distilled into poetry In *The Long Shadow* critically acclaimed author David Reynolds seeks to redress the balance by exploring the true impact of 1914 18 on the 20th century Some of the Great War s legacies were negative and pernicious but others proved transformative in a positive sense Exploring big themes such as democracy and empire nationalism and capitalism and re examining the differing impacts of the War on Britain Ireland and the United States *The Long Shadow* throws light on the whole of the last century and demonstrates that 1914 18 is a conflict that Britain more than any other nation is still struggling to comprehend Stunningly

broad in its historical perspective *The Long Shadow* is a magisterial and seismic re presentation of the Great War **Dada and After** Alan Young, 1983 **Verse Drama in England, 1900-2015** Irene Morra, 2016-10-20 *Verse Drama in England 1900 2015* provides a critical and historical exploration of a tradition of modern dramatic creativity that has received very little scholarly attention Exploring the emergence of a distinctly modern verse drama at the turn of the century and its development into the twenty first it counters common assumptions that the form is a marginal fundamentally outdated curiosity Through an examination of the extensive and diverse engagement of literary and theatrical writers directors and musicians Irene Morra identifies in modern verse drama a consistent and often prominent attempt to expand upon revitalize and redefine the contemporary English stage Dramatists discussed include Stephen Phillips Gordon Bottomley John Masefield James Elroy Flecker T S Eliot W H Auden Ronald Duncan Christopher Fry John Arden Anne Ridler Tony Harrison Steven Berkoff Caryl Churchill and Mike Bartlett The book explores the negotiation of these dramatists with the changing position of verse drama in relation to constructions of national and communal audience aesthetic challenge and dramatic heritage Key to the study is the self conscious positioning of many of these dramatists in relation to an assumed mainstream tradition and the various critical responses that that positioning has provoked The study advocates for a scholarly revaluation of what must be identified as an influential and overlooked tradition of aesthetic challenge and creativity **'Essenced to Language'** Nayef Al-Joulani, 2007 Rosenberg was more than just a war poet A general failure to take this into consideration has contributed to the belated recognition of the distinctions of his work A working class London Jew he schooled himself long before the Great War to respond to issues of class culture art and poetry a combination of dependency and self sufficiency which sustains his mature work and which gave him a sense of himself as an Anglo Jewish poet To illuminate Rosenberg Nayef Al Joulani considers the conditions of the Jewish community in the East End of London at the turn of the century and examines the writer s attitudes to the Zionism in vogue He also investigates striking echoes of Freudian psychology in Rosenberg s work Tracing Rosenberg s working class literary heritage Al Joulani underlines a modern Jewish insight that has parallels with Marx and Freud and therefore uncovers the role class and race played in the critical marginalising of Rosenberg The book concludes by examining Rosenberg s cognitive ekphrasis his idea of language as a vehicle for mental essence a perception rooted into the painter s mind **Writing Life** Mhairi Pooler, 2015 A study of the artist autobiography in the period between Victorianism and Modernism **Reading, writing and the influence of Harold Bloom** Alan Rawes, Jonathon Shears, 2024-07-30 *Reading writing and the influence of Harold Bloom* takes the work of the world s best known living literary critic and discovers what it is like to read with against and beyond his ideas The editors Alan Rawes and Jonathon Shears introduce the collection by assessing the impact of Bloom s brand of agonistic criticism on literary critics and its ongoing relevance to a discipline attempting to redefine and settle on its collective goals Firmly grounded in though not confined to Bloom s first specialism of Romantic Studies the volume contains essays that

examine Bloom's debts to high Romanticism his quarrels with feminism his resistance to historicism the tensions with the Yale School and his recent work on Shakespeare and genius Crucially chapters are also devoted to putting Bloom's anxiety-themed ratios into practice on the poetry of Wordsworth Shelley Keats and D H Lawrence amongst others The Harold Bloom that emerges from this collection is by turns divisive and unifying marginalised and central radical and conservative **The Oxford Critical and Cultural History of Modernist Magazines** Peter Brooker, Andrew Thacker, 2009-03-26 The first full study of the role of little magazines and their contribution to the making of artistic modernism A major scholarly achievement of immense value to teachers researchers and students interested in the material culture of the first half of the 20th century and the relation of the arts to social modernity *Modernism and the Post-Colonial* Peter Childs, 2007-06-09 This book considers the shifts in aesthetic representation over the period 1885-1930 that coincide both with the rise of literary Modernism and imperialism's high point If it is no coincidence that the rise of the novel accompanied the expansion of empire in the eighteenth century then the historical conditions of fiction as the empire waned are equally pertinent Peter Childs argues that modernist literary writing should be read in terms of its response and relationship to events overseas and that it should be seen as moving towards an emergent post colonialism instead of struggling with a residual colonial past Beginning by offering an analysis of the generational and gender conflict that spans art and empire in the period Childs moves on to examine modernism's expression of a crisis of belief in relation to subjectivity space and time Finally he investigates the war as a turning point in both colonial relations and aesthetic experimentation Each of the core chapters focuses on one key writer and discusses a range of others including Conrad Lawrence Kipling Eliot Woolf Joyce Conan Doyle and Haggard **C.S. Lewis, Poetry, and the Great War 1914-1918** John Bremer, 2012 The life and work of C S Lewis after his conversion in 1931 is well known and his reputation shows no signs of diminishing His earlier years have not been so well studied particularly between the ages of 16 and 22 when he studied privately and at Oxford served in the British army was wounded in France entered into his affair with Janie Moore and wrote and published his first book of poems To correct and augment the limited accounts of this period Lewis's life is presented with the general and specific background which makes it more meaningful particularly as it throws light on his character The romantic myth of him as a soldier poet is dispelled largely through an extensive review of the poems in *Spirits in Bondage* and the self-centered life that produced them A valuable comparison not to the advantage of Lewis is drawn with two undoubted soldier poets Robert Graves and Siegfried Sassoon The purpose is not to disparage or belittle Lewis but to show what had to be overcome in his limited and unpleasant early moral character in order to produce the devoted Christian of later years *Her Sunburnt Country* Deborah FitzGerald, 2023-08-30 The official biography of Australian poet and writer Dorothea Mackellar author of the celebrated poem *My Country I love a sunburnt country a land of sweeping plains Though many Australians know lines from Dorothea Mackellar's classic poem My Country by heart very little has been written about the poet's extraordinary life From her*

childhood and youth in Sydney's Point Piper to discovering her love for the Australian landscape on the family farm in Gunnedah Dorothea engaged with the intellectual elite of Sydney and abroad as she embarked on a decades long literary career that saw her linked to some of the leading lights of her day A keen traveller Dorothea ventured as far as Japan Egypt and the Caribbean between longer stints in Europe In the heart of literary London she socialised with Joseph Conrad and Ezra Pound At home she counted among her friends Ether Turner the famed war correspondent Charles Bean and journalistic royalty in the form of the Fairfax family Never before published letters and diaries reveal her unorthodox relationship with her best friend and collaborator Ruth Bedford Battling against a masculine tradition of Australian bush poetry led by Banjo Paterson and Henry Lawson Dorothea Mackellar boldly carved out a place for herself leaving an indelible mark on the Australian imagination Now for the first time the poet's unconventional life story is told a hidden gem of Australian history and a tale of one woman's extraordinary passion for her poetry her family and her country **Yeats**
