The Big Smallness Michelle Ann Abate, 2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate explores how titles such as *My Parents Open Carry* about gun laws *It's Just a Plant* about marijuana policy and *My Beautiful Mommy* about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children's literature The book demonstrates how texts like *Little Zizi* and *Me Tarzan You Jane* mark the advent of not simply a new commercial strategy in texts for young readers they embody a paradigm shift in the way that narratives are being conceived constructed and consumed Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood as well as the function of narratives for young readers in the twenty first century At the same time these texts reveal compelling new insights about the complex interaction among American print culture children's reading practices and consumer capitalism Amateur authored self published and specialty subject titles reveal the way in which children's childhood and children's literature are both highly political and heavily politicized in the United States The book will be of interest to scholars and students in the fields of American Studies children's literature childhood studies popular culture political science microeconomics psychology advertising book history education and gender studies

Breaking the Silence Linda Goldman, 2014-06-11 The second edition of this bestselling book is designed for mental health professionals educators and the parent caregiver this book provides specific ideas and techniques to work with children in various areas of complicated grief It presents words and methods to help initiate discussions of these delicate topics as well as tools to help children understand and separate complicated grief into parts These parts in turn can be grieved for and released one at a time A new chapter is included called *Communities Grieve Involvement with Children and Trauma* It includes information on The Taiwan Earthquake and how the community worked with children a school bus accident in which 36 elementary school children witnessed the death of the bus driver that was driving and how the school system worked with these children and their families a boy who was running on a cross country team and got hit by a car which was witnessed by teammates and how a non profit community grief agency worked with family school and community The last study is from the Oklahoma bombing

and the outgrowth of a place for the traumatized children and how they still work with kids and family today This chapter then contains new activities to work with traumatized grieving children The new edition also includes updated resources books curriculums websites hotlines and another new chapter on bullying and victimization issues The chapter for educators has been expanded including the coverage of topics such as at risk students gay and lesbian issues and self injurious behaviors
