Ice Lady:

Ice Queen Gun Brooke, 2021-02-09 High school counselor Aislin Kennedy's charisma and exuberance mask deep scars that prevent her from letting anyone too close. Instead, she throws herself into helping her students. CEO of a fashion conglomerate, Susanna Durr, has been through three painfully public divorces, and to say she's given up on love would be an understatement. When Aislin agrees to help Susanna connect with her daughter, Cynt, surprising feelings are awakened for both of them. But Aislin isn't ready to trust again, and Susanna's track record is intimidating. If the past were to repeat itself, it could break Aislin for good. *The Ice Queen* Nele Neuhaus, 2015-01-13 Nele Neuhaus's *The Ice Queen* is a character and plot-driven mystery about revenge, power, and long forgotten and covered up secrets from a time in German history that still affects the present. The body of 92-year-old Jossi Goldberg, Holocaust survivor and American citizen, is found, shot to death, in execution style in his house near Frankfurt. A five-digit number is scrawled in blood at the murder scene. The autopsy reveals an old and unsuccessfully covered tattoo on the corpse's arm, a blood type marker once used by Hitler's SS. Pia Kirchhoff and Oliver Bodenstein are faced with a riddle: Was the old man not Jewish after all? Who was he really? Two more similar murders happen: one of a wheelchair-bound old lady in a nursing home and one of a man with a cellar filled with Nazi paraphernalia. And slowly, the connections between the victims become evident. All of them were lifelong friends with Vera von Kaltensee, baroness, well-respected philanthropist, and head of an old, rich family that she rules with an iron fist. Pia and Oliver follow the trail, which leads them all the way back to the end of World War II and the area of Poland that then belonged to East Prussia. No one is who they claim to be, and things only begin to make sense when the two investigators realize what the bloody number stands for and uncover an old diary and an eyewitness who is finally willing to come forward. **The Ice Queen** Sasha Cottman, For Caroline Saunders, beauty is a curse. Everywhere she goes, she is surrounded by men who worship her. But Caroline knows none of them could ever love her just for herself. She treats her court of suitors with cool disdain, gaining herself the title of the Ice Queen. After an ugly altercation with an insistent suitor, Caroline decides it is time to escape the crowded ballrooms of London. With a heart scarred by his parents' disastrous marriage, Julian Palmer, Earl Newhall, has been in no particular hurry to take on a wife. But men with titles need heirs. He reluctantly agrees to allow his aunt to arrange a week-long party at his Derbyshire estate. A handpicked group of eligible young women and their chaperones will be in attendance. When a sudden heavy snowstorm stops all but one carriage from making the journey to Newhall Castle, Julian decides he should make the best of a bad situation. However, matters turn from bad to worse when he discovers that it is Caroline Saunders, who has arrived wet and freezing cold on his doorstep in the middle of the night. *The Ice Queen* is the one woman in all of London society he knows he could never be prevailed upon to marry, let alone love. But when Newhall Castle becomes Caroline's only place of sanctuary, Julian quickly discovers that beneath her icy demeanor, there beats a passionate heart. Two stubborn souls come together in this beautiful tale of enemies to lovers. *The Ice Queen* is a full standalone book in
